

SCHURMAN WOULD CURB MONOPOLIES

Constitution to Be Amended if Necessary, Cornell President Declares.

TARIFF BOARD GIVES HOPE

President's Plan for Federal Incorporation Regarded as Promising Solution of Important Economic Problem.

AUBURN, N. Y., Dec. 2.—Addresses were delivered here tonight at the annual banquet of the Auburn Business Men's Association by Jacob Gould Schurman, president of Cornell, and William Miller Collier, ex-United States Minister in Spain. Both speakers discussed National problems.

President Schurman, speaking on "Progressive Policies," said: "President Taft's tariff board will turn on the light. We have never before in the history of the country had such a provision for shedding the pure light of truth on the tariff question. This subject has been obscured by prejudice, by passion, by ignorance and by conflicting interests.

"The tariff board will be a source, in Bacon's phrase, of 'dry light.' And there is no field in which 'dry light' is more urgently needed.

Monopoly Is Admitted Evil.

"The general public certainly believes, and this belief is one of the most vital factors in modern politics, that the tariff confers a monopoly on certain trusts and enables them to oppress the consuming public. The tariff board should be able to tell us how far this accusation is justifiable and to recommend tariff amendments for the correction of such an intolerable evil."

Way Must Be Found.

"If, on the other hand, the Federal Government should be left powerless to regulate the big industrial corporations, then an amendment of the Constitution undoubtedly would be effected or attempted in the way prescribed by the Constitution itself. An amendment of the Constitution would, of course, be a long and difficult undertaking.

SMALL LINES COMPLAIN

Voice Demanded in Rate Hearing Before Commission.

OLYMPIA, Wash., Dec. 2.—(Special.)—Letters have been received by the Washington Railroad Commission from the Spokane & Inland Electric Railway and the Idaho & Washington Northern Line, asking permission to intervene in the distribution rate hearing, which is the result of the complaints filed by Seattle and Tacoma jobbers to the effect that the rates exacted out of those places are too high.

The smaller towns are now beginning to intervene as the change in rates, if any is made, will affect every part of the state. The letters from the small railroads show that they are vitally interested, for if the present rates are disturbed, the transcontinental lines can absorb the difference from competitive points with the small lines on the long haul, while the little roads will have to obtain a rate that will permit them to do business in their own territory.

JAPAN'S PLAN IS OPOSED

Newspapers of Empire Object to Widening of Railroads.

VICTORIA, Dec. 2.—Strong objection is being made by Japanese newspapers to the government's plan to widen the gauge of Japanese railroads. The work will cost \$45,000,000, spread over 12 years, including Corea and Manchurian tracks, the total cost will be \$125,000,000.

For railroad work, flood prevention and other public works, a domestic loan of \$50,000,000 at 4 per cent is proposed. The newspapers almost entirely oppose the railway programme, the Jiji Shimpo stating that it illustrates how the military authorities dominate the government.

KALISPELL, Mont., Dec. 2.—(Special.)—So confident was John W. Schauer that he would be acquitted of a charge in connection with Edith Rein, 14 years old, that when his case went to the jury last night he scampered down to the clerk of the court, routed that worthy out of bed, and secured a marriage license for himself and the girl.

In making a turn, he swooped too near the ground, the tail of his machine catching in a tree and sending the aeroplane headlong to the earth. Post was taken to a hotel. The machine was badly wrecked.

BALLINGER'S FOES CONCOCT NEW PLAN

Minority Report to Be Made Basis of Impeachment Is Washington Rumor.

DECISION EXPECTED SOON

Madison of Kansas Will Not Join Republicans in Majority Report. It Is Said, but Will Agree With Democrats.

WASHINGTON, Dec. 2.—(Special.)—A resolution to impeach Secretary of the Interior Ballinger may be introduced in the House early next week by the Democrats. A well-defined rumor is current that Representative Hefflin, of Alabama, may introduce it. Hefflin is a close personal friend of Representative James, of Kentucky, who is a member of the Ballinger-Pinchot investigating committee.

While the demands for impeachment, if made, will be based largely on the evidence introduced and the findings made by the minority of this investigating committee, it will not accord with custom for a member of the committee itself to introduce such a resolution in advance of the receipt of the full report of the committee by Congress.

Final Decision Not Made.

It is not understood here that the Democrats have determined finally upon the move. The minority members of the committee are expected to meet tomorrow, and if any action is taken along this or any other line in the near future it will probably be decided at this meeting.

Some of the Democratic leaders now here regard the impeachment resolution idea as one calculated to throw a bomb into the Republican camp at the outset of the session. They count upon the support of friends of Gifford Pinchot on the Republican side of both the House and Senate to help them stir up trouble on this issue.

Insurgent Help Expected.

Representative Madison, of Kansas, a Republican insurgent, who is also a member of the Ballinger-Pinchot investigating committee, is understood to have found against Secretary Ballinger, as have all the Democrats on the committee, but Mr. Madison's objections are on slightly different grounds. Nevertheless the Democrats count on him to bring to the support of their resolution much of the insurgent strength in the House, as well as some of the regulars who are opposed to Mr. Ballinger.

The Democrats, however, are not working in conjunction with Mr. Madison and his friends, but merely count them as added strength in the event the controversy is renewed by the introduction of an impeachment resolution.

NOISE IS HEARD IN HOME

Friends of Mrs. Glover Tell of Mysterious Sounds.

CAMBRIDGE, Mass., Dec. 2.—A noise was heard in the home of Mrs. Lillian M. Glover, of Waltham, the night after the one on which her husband, Clarence F. Glover, came to his death by shooting, according to testimony given today in the trial of Hattie LeBlanc, charged with the murder of Glover.

George J. Freeman, of Newton, a friend of Mrs. Glover, who, with his wife, was at the Glover home for two or three days after the murder, testified to hearing this noise, but said he did not investigate it.

This testimony came in a cross-examination, but neither Freeman, his wife nor Mrs. Glover herself could be made to admit that they saw any evidence in the house of the presence of Hattie LeBlanc, who was found hiding under a bed three days after the shooting.

Charles McCarthy, who assisted in carrying Glover from the piazza into Dr. Cousen's hospital, said that he visited Glover's laundry the next day and found there a comb, a cap and a pin which were later identified as belonging to Hattie LeBlanc.

LANDIS INSISTS ON TRIAL

Judge Denounces Compromise of Case Against Distillers.

CHICAGO, Dec. 2.—Judge K. M. Landis today threatened to discharge a

United States prisoner found guilty by a jury in his court of defrauding the Government of internal revenue in a distillery.

Simon Frindel had been found guilty of aiding in the evasion of \$100,000 of revenue in the operation of Illinois Fruit Distilling Company. Two others under indictment, Max Bronstein and Samuel Weiss, were to appear for trial when Judge Landis was informed that the Treasury Department might withdraw the charges if the man paid the amount claimed.

"For eighteen months," declared the Judge, "a fraud was perpetrated against the United States Government. Now what has the Government decided to do toward compromising these cases?"

The Federal attorneys replied that they would have to learn from Washington, whereupon Judge Landis said: "Well, I'll not sentence this man until I hear from the last person regarding this compromise. If the Secretary of the Treasury turns Weiss and Bronstein loose in consideration of getting some dirty money, I'll release Frindel and they'll not get a dollar from him."

EXCHANGE NOT FAVORED

PUSH CLUB VOTES AGAINST STREET VACATIONS.

Committee to Assist in Securing Rights-of-Way for Broadway Bridge From O. R. & N.

By motion adopted last night, the North East Side Improvement Association went on record against the East Portland street vacations, and requested the right of way committee to assist the Mayor in securing rights-of-way for the Broadway bridge without reference to street vacations.

It was held that the O. R. & N. Co. still needs concessions for the Railroad bridge and must have them, and the future negotiations will be an exchange of concessions, actually required for the Railroad and Broadway bridges. C. H. Thompson, chairman of the right of way committee, was instructed to take the matter up with the Mayor at once.

W. C. North opposed this action. He contended that as the contract for the erection of the substructure of the Broadway bridge would soon be let it was the duty of the city officials to take steps for securing the rights-of-way for the approaches to the bridge, and that these could be obtained before the bridge would be completed in the river.

"Let us not mix with the vacation of streets in East Portland," declared Mr. North, "but matter to the people of East Portland. Let us drop all questions south of Sullivan's Gulch of whatever nature, and let this city stick to the duty that is the duty of our officials to get the rights-of-way for the Broadway bridge without outside considerations."

It was decided that negotiations for rights-of-way should go on in order to expedite proceedings to secure them, and if these fall then condemnation proceedings will be favored.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder. A sound stomach makes for good citizenship as well as for health and happiness. Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY. ENDS MISERY FROM INDIGESTION OR A SICK, SOUR, GASSY STOMACH

A little Diapiespin makes your out-of-order stomach feel fine in five minutes.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapiespin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapiespin occasionally, and there will be no more indigestion, and no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach or belching of undigested food, headaches, dizziness or sick stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapiespin.

Go to your druggist and get a 50-cent case of Pape's Diapiespin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.
