LOUISVILLE, Ky., Dec. 2.-Followed by several hundred curious persons, Joseph Wendling, charged with the of Alma Heliner, today was marched through the streets with the jury and trial judge from the Courthouse to St. John's Church, the scene of the alleged crime. So many persons trying to gain a view of him made the prisoner nervous, and he seemed relieved when back in the courtroom.

Although the crowd manifested no inclination to be unruly, police reserves were called to the church, where the crowd rapidly increased in numbers.

It is almost a mile from the Court-house to the church. When the trip started Judge Gregory asked the peo-ple not to follow. News spread that the procession was coming, and several blocks near the church were lined with nersons eager to catch a view of the

GRAND OPERA STAR GIVES ADVICE TO AMERICAN GIRLS

Cocktail Is Curse of Country. Says Olive Fremstad.

SENSIBLE LIVING

Afternoon Drink Held to Degrade Mind as Well as Digestion and With Ice Cream and Eclairs Wrecks Artistic Ambitions.

NEW YORK, Dec. 2 -- (Special)live Fremstad, the Armide of Gluck and the Salome of Strauss, not to mention the Venus of "Tannbauser" and the Isolde of Tristan, recently arrived from Europe, sat in her rose red drawing room at the Ansonia, taught and discussed life and art in general and the way of the girl who would

and the way of the girl who would be a great artist in particular.

"The reason the girl who starts out early in life to be an artist falls—for in most cases she does fail—is that she doesn't study intelligently and does not live sensibly," she continued. The rules of the game are simple. Common sense is the keynote. But the penalty paid by those who ignore the rules are terrible.

"Mere artistic failure is only a part of it. Lost health and hope and reputations and in the end, the fate of those poor girls whom we read of

those poor girls whom we read of once fulfilled, and that a partial rephaving thrown themselves into the Seine or taken poison in some garret in the Quartier or shot themselves in some sordid cafe of the Boule Miche

Wasted Time Causes Suicide.

"There have been several of these shocking cases within a few weeks. If one knew the facts that lay back of each case, one would find that wasted time or ill-chosen companions or lack

time or fil-chosen companions or tack of proper food were the real causes of the poor child's killing herself and not artistic discouragement.

Th's the wretched way the American girl is brought up, with her lunch of ice cream, soda and ice water and eclairs and her afternoon cockunit, that curse of the country. She hasn't been taught that her health and success depend largely on what she eats and she doesn't seem to realize that cocktails will degrade her mind and soul as well as her digestion.

Germany Good for Young Girls.

"Germany is better the germans the young girl alone. The Germans may not be as charming as the Parisians, but they are steadler. It is easy for a girl in Berlin to find a cheap but comfortable place to live with proper protection. I studied in "Germany is better than Paris for cheap but comfortable place to live with proper protection. I studied in Germany for two years when I was hardly out of my 'teens and my only companion was a younger sister. We lived in the home of a Baroness and our lives were as quiet and simple and studious as they would have been in our own home. I had to look after my money carefully, and that was a cood influence, too. I worked and worked and rested much in the way do today after all my years of experience. It was the way I was trained in my own home. I had standards to go by. I looked around and saw that the ones who succeeded were not the ones who burned the candle

at both ends. "Early training is the savior of the girl who struggles to be an artist. She may have talent but it will avail her nothing without ideals and character to steady her."

PRUNE GROP IS SMALL

CLARK COUNTY GROWERS WILL RECEIVE ONLY \$275,000.

Arthur W. Hidden, Pioneer in This Industry, Who Planted First Orchard in State, Is Dead.

VANCOUVER, Wash, Dec. 2.—(Special.)—The approximate worth of the 1810 prune crop of Clark County is estimated at \$278,980 to the growers for 115 cars of 20 tons each. This is slightly less than half a crop, the weather conditions last Spring being anything but normal. The rains were late and a cold and retarded the early development of the fruit. Consignments of from one to several cars have been shipped to all corners of the globe this

eenson, one or two cars being sent to Riga, Russia. London, England, and Paris, France, also consumed several cars of the famous Clark County primes.

FATHER MISTAKES BODY

Arrest for Policeman's Murder Proves Identification Wrong.

PHILADELPHIA, Dec. 2-The body of

of Policeman Barnett, is not en route to Roxbury, Mass. This fact developed tonight when Wiener was arrested here
and taken to the City Hall.

The identity of the man who shot and
fatality wounded Policeman Barnett and
who was in turn shot and killed by the
officer is still a mystery.

The arrest of Alexander McDonald,
who came to this city with Hyman Wiener, brought about the climax in the
mystery surrounding the identification of
the body taken for his son. McDonald
maintained from the first time he viewed
body in the morgue that it was not Wiener's, but the fact that Wiener's father,
who came here yesterday from Roxbury,
positively identified the body as that of
his son, started the police on a hunt for
McDonald. He was arrested later in the
day and held without ball "as an accessory," McDonald had been Wiener's companion.

THE MEN AND WOMEN Who Enjoy the Choicest Products of

the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the nost perfect order and the combination the most excellent of its kind. After thirty years of gen-

eral usage, Syrup of Figs and Elixir of Senna is everywhere accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects.
