"The banking institutions of Port-The banking institutions of Port-land are strong, and the banking busi-ness is conducted along most safe and conservative lines. The strength of the financial situation of Portland is due to the methods followed by your bankars. "Relative to the Panama-Pacific Ex-

Among the tirst and second cabin pas-sengers is not so great as that of the people who travel in the stearage. Andrew A. Allan, representing the Allan line of steamers, operating be-tween Montreal, Quebec, Hailfax and the British Isles, also was in the city yesterday on a similar mission.

### Edenbower Case Heard.

Arguments were heard in the State Cir-cuit Court by Judge Galloway today in the case of the Southern Pacific against the Railroad Commission, in which the railroad company is en-deavoring to enjoin the Commission from enforcing its order in the Eden-bower case. The Cramission wants

"Reliative to the Panama-Pacific Ex-"Reliative to the Panama-Pacific Ex-position, the people of San Francisco have shown characteristic Western en-terprise in providing funds. With state and Federal appropriations, we will have the sum of \$17,500,000 available for the fair. We believe that we have everything in our favor over New Or-leans as the place for celebrating the opening of the canal. We have a su-perior climate, better water and many more points of interest for the edifica-tion of the visitors. "San Francisco has constructed over 106 hotels since the big fire, and with the many hotels in Oakland and other near-by cities we will have splendid accommodations. The site for the pro-pused exposition has not been deter-mined upon as yet, but it is likely to be the Golden Gate Fark, which is one of the finest and most attractive parks in the gasts." or the intest and most attactive parts in the gate." Mr. Fleishhacker and his brother, Her-bert Fleishhacker, of the London-Paris National Bank of San Francisco, hrs recognized as among the leading finan-cial giants of the Pacific Coast. Beside their immense bank, the largest commer-tical institution of the Coast. they have Inter immense can the the coast, they have large interests in the oll fields, are heav-ily interested in electrical development and own the electric railroad recently completed between Stockton and Sacracompleted between shoradon and cattar-imento, are pioneers in paper manufactur-ing both in California and in the Grown Columbia Mills at Oregon City and Camas, and are also interested in the Booth-Kelly Company at Eugene, and have other land and timber interests in Oregon.
