Police Sergeant filley took charge of Falkman and senthing the street is now occupied by the right of way of the Portland Railway, Light & Power Company. A committee from the Sellwood Commany call Club, with Dr. H. C. Fixott, as chairman, will confer with the railway company about throwing the street open. The situation on East Thirteenth street is similar to that of Belmont at Mount Tabor, the company helding rights of way on both. It is understood that the company will not object to opening the street provided that the company will not be taxed for improving the street.

Unknown Mas Found Dhan.—An unknown, elderly man, was found dead under the Grand avenue bridge over Sullivan's Guleb, yesterday with a bottle of wood alchohol and an empty phial which had contained carbolic acid, beside him. Burns upon his mouth indicated that he had awallowed the acid. Detectives Day and Hyde searched the man's ciothing, but were unable to find anything which would reveal his name. He was a German and wore a Masonic emblem. He is thought to have been a machinist. Two mechanic's time-books were found in his pockets. The body was turned over to the Coroner. Just Look a Lattle Out.—From every quarter the public has received warning that the town is full of cold-storage turkeys. This is true. Another truth is the city has been filled to overflowing these past few days with partly thawed out—partly frezen lec-car beef brought here from the East. This is so true that people who are in a position to know will assure you that our assertions are correct. We ask the public to remember that we have always clung to the fresh Oregon product (both meat and poultry) and it is this only that we will serve during the Christmas holidays in all of our 22 markets. NELSON FENDER WILL GO TO THE ARMORY

The Nelson automatic air controlled atrectoar fender, which has been officially adopted by the City of Portland, will be on exhibition at the Armory at the time of the Woolgrowers' convention on January 4, 5, 6 and 7. In the meantime it will remain at No. 263 Washington street, where daily demanstrations are being given.

This fender is attracting much attention, and during the past week representatives from Tacoma. Spokane and San Diego have inspected it and requested demonstrations in those cities. Among railroad men and mechanics the Nelson air fender is attracting especial attention, and all pronounce it the most perfect life-saving device of the kind they have ever seen. It will remain at No. 203 Washington street all next week.

Tardy Xmas Shoppers Score This Time

We believed we had enough pretty things to supply the city. But early last week our stock showed the onslaught of the judicious buying of standard goods at popular prices. We wired a duplicate message to our Eastern buyers to rush us a big shipment. Well, it's here—and it's up to the top-notch of style and quality—and yet we challenge other jewelry stores, regardless of our higher quality standard, and smart designs, to undersell us.
