That Representative Longworth's plan for the establishment of a permanent tariff commission will be induced by the National Woolgrowers' Associa-

nent tariff commission will be indeced by the National Woolgrowers Associa-tion was the opinion yesterday of George S. Walker, of Cheyenne, Wyo-secretary of the association, which will hold its annual convention in Portland, heginning next Wednesday.
"We shall approve the bill," said Mr. Walker. "It provides that the commis-sion shall have authority to investigate the cost of production of all articles covered by the tariff, with special ref-erence to wages paid to foreign and domestic labor, the price paid for raw material, and so forth. That's just what we want. The woolmen are will-ing to submit their claims to the closest possible inspection. The fact that Mr. Payse recommends the chactment of the bill indicates that there is some chance for its passage and that Con-gress will leave tariff meddling alone."

Attendance of 8000 Expected.

Longshoremen Near Clash.

SOUTH BEND, Wash., Dec. 38 .- (Special.)—When the big Norwegian steamer Herm arrived here Wednesday there came near being a clash between rival longshoremen. Captain Peasely and A. M. Delanty, of Aberdeen, officers of the International Longshoremen's Union, were on hand with a crew of men from Grays Harbor, and said they had a contract for loading the vessel. This irritated the local longshoremen. but the matter was soon settled by Cap-tain Zachariahsen, who declared that his orders, received at Port Townsend, compelled him to employ the local men. The Grays Harber bunch returned home considerably disconcerted.

In the new schedule of the Olson & Mahony line, provision is made for the departure from San Francisco late yesterday of the steamer Jim Butler, the steamer Conster today, Nome City Sun-day and J. B. Stetson Monday. The fleet has general cargo and will load back with lumber.

Poultry Show Is Success. MONMOUTH, Or., Dec. 39 .- Encour aged by the success of the fourth annual Polk County poultry exhibit, which has just closed in Dallas, and which was larger and more representative than any former exhibition, the association is already making plans for a still greater display next year. Over 300 birds were shown this year and breeders were present with exhibits from Linn, Yambill ent with exhibits from Line, Yamhili and other leading poultry counties of the Williamette Valley. The birds were scored by William Coates, of Vancouver. B. C. Many fine prizes were awarded and the quality of the birds is the best yet exhibited in the county.

"Ninety-Three" The Story of a Famous Name and How It Originated.

The foremost dermatologist in France, Dr. Sabourand, of Paris, and Professor Unna, Hamburg, Germany, discovered Bringing a portion of her Oriental cargo, the Norwegian steamer Henrik Ibsen is due to sail from San Francisco today.

Unna, Hamburg, Germany, discovered that a microbe caused baldness. To prove their theory, Dr. Sabourand infected a guinea pig with some of these microbes and in a comparatively short microbes and in a comparatively short time the animal was denuded of every

hair that was on its body.
Some eminent histologists and chemists were employed by the United Drug
Co., Boston, Mass., to find the means of destroying these microbes and a remedy that would create a new growth of hair where the hair roots had not been entirely destroyed.

After months of study, experimenting and research work, they discovered what they claimed would do what was demanded. To unquestionably prove their theory, 100 leading druggists, lotheir theory, 100 leading druggists, lo-cated in as many different cities, were requested to each furnish the name of a responsible person suffering from fall-ing hair and baidness.
