COMPROMISE IS ASKED

HALL-STREET RESIDENTS MAY ACCEPT IMPROVEMENT.

Excess of Street Assessment Over Estimate Brings Threats of Suit Against City.
 Threats to sue the city by interested property owners, to keep from paying the assessment of \$30,844 for the Hall-street improvement, the estimated cost of which was \$12,652, caused Mayor Simon and the members of the judiciary committee of the Council to endeavor yesterday afternoon to effect a compromise. The Mayor and the committee agreed that if the property owners would pay the original estimate for the work and half the assessment in excess

of the estimate, the city would pay one-fourth of the excess and the contractor, Giesch & Joplin, agreed to pay the other one-fourth of the excess.
 A. E. Clark, attorney for the property owners, who was present with a committee from the latter, agreed to present the offer to the interested property owners for their approval or refusal.
 Judge Seneca Smith, one of the interested property owners, told the Councilmen and the Mayor, before the compromise was suggested, that it was not the money involved so much as it was the determination to put an end to the practice of allowing contractors to get much more than the original estimate, that caused him and others to fight the matter.
 The estimate for the work was prepared while ex-City Engineer Taylor was in office. The work had not been completed when City Engineer Morris took office, and his men found that the retaining wall in the contract would have to be placed on a rock foundation instead of on soil, as originally planned. This was what caused the property owners to be assessed about 2 1/2 times

LINE IS TO BE OPENED

NORTH PLAINS EXTENSION NOW READY FOR TRAFFIC.

United Railways to Have Private Excursion Saturday in Honor of Road's Completion.
 The extension of the line of the United Railways to North Plains will be formally opened on Saturday, when a private excursion will be run, leaving the city at 10 o'clock and returning at 3 o'clock.
 O. W. Taylor, manager of the Ruth Trust Company and the United Railways, said yesterday that possibly two cars would be used in carrying the excursionists. The party will be made up of railroad and business men.
 "The object of the excursion is to show the business interests of Portland the work we are doing on the 'United Railways,'" said Mr. Taylor. "We will be met by a delegation of Washington County citizens at North Plains and we hope that the excursion will result in promoting a closer relationship between the business men and citizens of Washington County and the business interests of Portland."
 Before returning to the city the party will be given an opportunity to inspect the Cornelius tunnel, which the company is having constructed at a cost of over \$400,000.
Klamath County Officials in Office.
KLAMATH FALLS, Or., Jan. 4.—(Special.)—On the first working day of the new year, Tuesday, the new County Court took over the reins of the government of Klamath County. The new members of the County Court consist of two, Will S. Worden, Republican, County Judge, and Guy Merrill, Democrat, County Commissioner. One member of the County Court is a holdover, S. T. Summers, also a Democrat. The last official act of J. B. Griffith, the retiring judge, was the swearing in of his successor.

STREET FUND SHRINKING

CLEANING AND SPRINKLING ON SUNDAY TO BE STOPPED.

Superintendent Donaldson Plans Further Retrenchment in Order to Meet Increased Demands.
 Streets will not hereafter be cleaned and sprinkled on Sunday, according to a plan of Alexander Donaldson, superintendent of streets. It is a further measure to make ends meet with the reduced appropriation Donaldson's department will get this year, because of the increased demands upon the general fund of the city.
 "I do not want to force any of my men to quit," said Mr. Donaldson yesterday, "but there will be occasional vacancies in the department, and it is my plan not to refill these. Thus there will be a constant decrease in the salary totals."
 The general fund, from which the expenses of the street cleaning and sprinkling department is paid, is made up of money from licenses and municipal court fines. These have not increased as rapidly as have the demands upon the fund.
 The Council will submit to the voters at the next election an amendment to the charter providing for a small tax to support the cleaning and sprinkling department.

Solve a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c. at all druggists.
