

REVOLVER SHOTS ALARM DEPUTIES

Madman Twice Fires at Briand, French Premier, While Chamber Sits.

ANOTHER MINISTER IS HIT

Socialist Speech Interrupted by Two Shots From Gallery—Crazy Assassin Is Captured and Deputies Give Him Pommeling.

PARIS, Jan. 17.—The Chamber of Deputies was thrown into a panic today by an attempt on the life of Premier Briand. Two revolver shots were fired at the ministerial bench from the public gallery, but the Premier was unharmed. One of the bullets entered the leg of Leon Mirman, director of the department of public assistance in the ministry of the interior. The wound is not serious.

The assailant is a man named Gisolme, who was formerly a clerk of the courts of Bayonne. He was pounced upon by the police before he could use his weapon again and was hurried from the place. M. Briand was quickly surrounded by members of the ministry and by the Deputies and heartily congratulated on his escape from death.

Deliberate Aim Taken.

Gisolme first attracted the attention of those seated near him when he rose from a seat near the center of the balcony and pushed forward quickly to the railing. Suddenly he whipped a revolver from his pocket and aimed the weapon first in the general direction of the ministerial bench and then deliberately upon M. Briand and fired.

The first bullet, it is thought, embedded itself in the woodwork near the Premier's seat.

The report and scarcely died away when the second shot was fired. It is believed this is the one that struck M. Mirman.

M. Jules Rambeau, the radical Socialist Deputy, was making a speech from the tribune on the subject of the budget of the ministry of the interior, when the first shot was heard.

Many of the Deputies laughed, thinking the explosion was a joke, but the second report changed their mirth to anger as a wreath of smoke was wafted up to the dome.

Deputies Attack Prisoner.

Mirman, sitting beside the Premier, was seen to topple over, exclaiming as he fell: "I am shot."

Cries of "coward, coward," filled the chamber, as the spectators seized the assailant, who was attempting to make his escape. Amid the uproar Premier Briand declared the session adjourned and ordered that the hall be vacated.

As Gisolme was led through the corridor by guards, several deputies rushed on the prisoner and struck him. Other members surrounded the prisoner and protected him.

After his arrest Gisolme declared he wished to kill Briand. He said he had been kept after an unsuccessful attempt on the life of the British Consul at St. Sebastian. An examination of Gisolme later convinced the authorities that he was a madman.

RUDKIN'S NAME IN

Senate Has Nomination for Eastern Washington Judge.

HE IS CHOICE OF TAFT

President Turns Down Representative Poindexter's Candidate. Opposition to State Supreme Court Justice Not Feared.

OREGONIAN NEWS BUREAU, Washington, Jan. 17.—President Taft today sent to the Senate the nomination of Frank H. Rudkin, Chief Justice of Washington Supreme Court, as United States District Judge for Eastern Washington, to succeed the late Judge Whitson. This action was taken after the President had received from Mr.

Frank H. Rudkin, of Washington Supreme Court, Who Has Accepted Federal Bench Promotion by President Taft.

Rudkin a telegram saying he would accept.

Mr. Rudkin was chosen by the President from among various candidates because it appeared from the records that he was eminently equipped to fill a place on the Federal bench. He was strongly endorsed by Senators Jones and Filer, and by many influential lawyers in Washington.

There is possibility there may be opposition to Mr. Rudkin's confirmation, especially as persons in the State of Washington who preferred charges against Rudkin during his campaign for re-election to the State Supreme Court have forwarded their charges to the Senate judiciary committee. Senator Jones, however, is of the opinion that there will be no serious difficulty and expects to see Rudkin confirmed. The nomination has been referred to the judiciary committee, which will not meet again until Monday.

In appointing Mr. Rudkin, the President turned down Representative Poindexter's candidate, O. C. Moore, of Spokane.

Each bank may subscribe to one-fourth of its capital, but shares are not to be transferable, nor to be held by other than National banks. Of net profits stockholders are to receive 4 per cent dividends and of the balance one-half will go into the surplus till it reaches 20 per cent of the capital, one-fourth to the Government and one-fourth to the stockholders until they have received 5 per cent dividends. All excess is to go to the Government.

ALDRICH OFFERS CURRENCY PLAN

National Reserve Association to Be Means of Keeping Money Supply Stable.

CENTRAL BANK DROPPED

National Banks to Be Enrolled in New Association, Which Will Assume Their Currency Debts and Discount Paper.

WASHINGTON, Jan. 17.—Senator Nelson W. Aldrich's long awaited "plan for the revision of the National banking legislation," as he calls it, was made public today. He does not contemplate the establishment of a central bank. The plan was submitted today to the National Monetary Commission at a meeting called for that purpose, but Senator Aldrich was not present.

What Mr. Aldrich proposes is the establishment of the Reserve Association of America, representing what might be called a Federal association of local associations formed by National banks. He says in his letter to the Commission that he believes this association would not be subject to the domination or influence of any political or financial group.

So elaborate is the scheme that it is difficult to state briefly the provisions, but these seem to be the essentials:

Plan Proposes 15 Branches.

At bottom, local associations of representatives of banks, formed by not less than ten banks, each bank holding stock in the association in proportion to its capital.

Delegates are elected to this association by each of the branches, for each of fifteen financial districts into which the United States would be divided. Each "branch" board would include a certain proportion of men not bankers, but its members would represent agricultural, commercial and other interests.

The "branches" in turn would elect to the reserve association proper directors, in all, among whom also must be a proportion of men representing interests other than banks. There would be six ex-officio members of this board, namely, the Secretary of the Treasury, the Secretary of Commerce and Labor, the Controller of the Currency and the governor and two deputy governors of the association. The Governor and deputy would be appointed by the President of the United States and be removable by him for cause.

Government to Deposit Funds.

The association would be the principal financial agent and depository of the Government, would fix from time to time the rate of exchange or discount, and the Secretary of the Treasury, the Secretary of Commerce and Labor, the Controller of the Currency and the governor and two deputy governors of the association. The Governor and deputy would be appointed by the President of the United States and be removable by him for cause.
