

DEADLOCK STAYS TILL NEXT WEEK

Many New York Legislators Paired While They Visit Homes for Sunday.

NEW CANDIDATES APPEAR

O'Brien and Kernan Added to List, Sheehan Losing Two Votes—Insurgents Willing to Let Murphy Name Proper Man.

ALBANY, N. Y., Jan. 19.—The fact that at least 20 Senators and Assemblymen will not attend the joint sessions of Friday and Saturday makes it certain that the deadlock over the election of a United States Senator will remain unbroken until next week.

The second joint ballot today brought no important change in the situation. The most significant development was the entrance of more Democratic candidates and now the field numbers eight. The candidates and their votes today were:

William F. Sheehan, 58; Edward M. Shepard, 13; Alton B. Parker, 7; Martin W. Littleton, 2; James W. Gerard, 2; D. Cady Herrie, 2; John W. Kernan, 2; Morgan J. O'Brien, 1. Kernan and O'Brien are the new ones.

Sheehan lost two votes from the first ballot and lacked 12 of election. The insurgents who oppose the caucus choice of Sheehan held their usual afternoon meeting and reported a full attendance of 21 and no change in attitude.

DEMOCRAT 'TRAITORS' SCORED

Montana Legislature Indignant Over Votes for Senator Lodge.

HELENA, Mont., Jan. 19.—The Montana legislature today, in a session of certain so-called Democrats in the Legislature of Massachusetts in voting for the re-election of United States Senator Henry C. Lodge.

The resolution was presented by State Senator Whiteside immediately after the joint ballot for Senator Lodge was taken today and was adopted by a viva voce vote. Following is the text of the resolution:

"Whereas, Henry C. Lodge, Republican, has been elected to the United States Senate from the State of Massachusetts, receiving the votes of certain so-called Democratic members of the legislative assembly of that state.

"Now, therefore, be it resolved, That this assembly views with abhorrence and disgust the action of the alleged Democrats in voting for a Republican. We regard such action as prima facie evidence of a corrupt bargain, and we call upon those who represent Montana in the United States Senate to demand a most rigid investigation of said selection, to the end that the guilty parties may be punished.

"We regard any member of any legislative assembly who votes for one of opposite political faith to United States Senator as a traitor to his constituents and unfit to remain as a member of any Legislature.

"We regard any man who accepts an election tainted with such unmistakable fraud and corruption as unfit and unworthy to hold the high office of Senator in the Congress of the United States.

"Resolved, That a copy of this resolution be transmitted to the Senate of the United States."

T. J. Walsh, Democrat, today led in the balloting for Senator, getting 24 votes, the highest he has yet received. Conrad received 16 votes, Carter (Rep.) 3; scattering 3 Democrats and 17 Republicans, absent, 1. Necessary to a choice 11.

FOSS APPROVES CREDENTIALS

Governor Doesn't Carry Out Threat to Reject Lodge Election.

BOSTON, Jan. 19.—Notwithstanding repeated assertions by Governor Foss, to his campaign against the return of Henry Cabot Lodge to the United States Senate, that he would not approve the credentials of Mr. Lodge, the Governor formally affixed his signature and the state seal tonight to Senator Lodge's certificate of election.

The Governor's private secretary said Governor Foss had no statement to make.

Vote in Montana Unchanged.

HELENA, Mont., Jan. 19.—There was no material change today in the vote for the United States Senatorship in the Montana Legislature. The vote resulted as follows: Walsh, Democrat, 24; Carter, Republican, 3; Conrad, Democrat, 16; scattering, 23. Necessary for choice, 31.

Tennessee Deadlock Continues.

NASHVILLE, Tenn., Jan. 19.—The ninth ballot for United States Senator today resulted as follows: Enties, Democrat, 63; McMillan, regular Democrat, 62; Wolridge, Republican, 2; McKelzie, Independent Democrat, 2. Necessary for choice, 64.

WOMEN'S VOTES FAVORED

California Suffragists Gladdened by Senate Committee's Report.

FORMER SECRETARY OF NAVY WHO DIED SUDDENLY YESTERDAY.

PAUL MORTON DIES

Death Comes Only One Hour After Attack of Illness.

VACATION LONG DELAYED

Rejected for Life Insurance by His Own Company, Equitable President Ridiculed Warnings and Continues Hard Work.

(Continued From First Page.)

They told us that he had fainted in the hallway, on his way to his friend's room, and that they had carried him to a vacant apartment.

"About the first of last December, the Equitable got out what is called a 'Christmas policy,' and when everything was in readiness, it was suggested that it would be fitting to make out the first policy in the name of the president of the company. Paul was examined and Dr. Wells, the chief examiner of the company, rejected him.

"Of course it was a shock, but Paul never dreamed how serious was his case. It alarmed the family, however, and we had him go to Chicago to be examined. That, I think, was about December 5.

"Paul laughed at us. They're only trying to scare me," he said. Of course, Dr. Billings did not tell Paul, but he did tell me: 'Your brother's blood pressure is too high. He has auto-intoxication.' And then he explained that auto-intoxication is a condition in which the body does not rid itself of the toxins it secretes and so poisons itself. In addition, he diagnosed cerebral thrombosis. My father died of precisely similar conditions on April 27, 1902.

About to Take Vacation. "Dr. Isaac Adler, the family physician, told me that Paul was suffering from a kidney and arterial condition, indicating Bright's disease.

"Dr. Wells told me that he had rejected Paul because his tests showed traces of albumen. 'Your brother,' he said, 'is feeling the effects of what we call an unbalanced ration.'

"This is tragic," he ended abruptly. "He was my younger brother, the last of us. Treat him kindly, gentlemen."

MORTON CAUSED CONTROVERSY

Rebating on Santa Fe Brought Him Much Before Public.

Paul Morton first came prominently before the public in connection with the prosecution of railroads for rebating. As vice-president of the Santa Fe Railroad, he was in charge of traffic and was ordered by the court to annul a certain special rate given the Colorado Fuel & Iron Company because it was equivalent to a rebate. The rate was not annulled.

He soon afterwards resigned his office with the railroad to become Secretary of the Navy under President Roosevelt. While he held that office, the failure of the Santa Fe to obey the order of the court caused a new inquiry to be made. Judson Harmon, now Democratic Governor of Ohio, and Mr. Judson, of Ohio, were appointed special assistants to Attorney-General Moody to inquire into the facts and they recommended that Morton be prosecuted. Moody refused to adopt their report and his action was approved by Roosevelt. Morton wrote a letter to Roosevelt, saying he had always been opposed to rebating and had only practiced it because it was the custom. As to the Colorado case, he had ordered the annulment of the rate condemned and the issue of a new tariff and supposed it had been done.

INQUIRY BOARD CHANGES

Officers Who Inspected Battleship Not to Probe Explosion.

WASHINGTON, Jan. 19.—Because they had been connected in a slight degree with the construction of the battleship Delaware in an inspection capacity, Secretary Meyer has retired Commander McAInnes and Lieutenant-Commander Moses from duty on the court which is to inquire into the recent fatal boiler explosion on that ship.

Commander E. Thelus and Lieutenant-Commander Kerns have been substituted. It is explained that no restriction is intended on the officers' first names.

Above, Portrait of Paul Morton. Below, Recent Snapshot of Mr. Morton in Street Attire.

River Railroad as a clerk in the land office. His rise was rapid and when he left the Burlington in 1889, he was general freight and passenger agent of the system.

After six years' connection with the Colorado Fuel & Iron Company and its subsidiary corporations, he became vice-president of the Atchison, Topeka & Santa Fe Railway. This position he held until 1904, when he was appointed Secretary of the Navy by President Roosevelt. He was made president of the Equitable Life Assurance Society in 1905.

Mr. Morton married Charlotte Goodridge, of Chicago, in 1880.

CHINESE MAKES FLIGHT

FUNG JOE GUEY SAILS GRACEFULLY IN THE AIR.

Machine Is Third or Fourth to Be Constructed by Orientals, But Rest Have Failed.

SAN FRANCISCO, Jan. 19.—(Special.)—Wheeling his machine out on a level field near the bay at Elmhurst, fung Joe Guey, a Chinese aviator and inventor, started the 75-horsepower engine on his latest aeroplane, jumped into the seat and after running along the ground for 100 feet rose gracefully into the air to a height of 40 feet, early this morning. At this elevation, the Chinese aviator circled the big field, nearly a mile in circumference, and then struck off towards the bay, swinging back in a long curve and landing with a slight jar four minutes later, about 100 feet or so from the starting point. It was Guey's first really successful flight and he was heartily cheered by his fellow-workers and mechanics, all Chinese.

In previous attempts, the aeroplane had always come to grief, necessitating weeks of repair before another trial could be made. The aeroplane used today by fung Joe Guey, a biplane combining some of the principles of the Farman type, with those of the Wright brothers craft, is the third or fourth machine constructed by the Chinese, all the others having been wrecked or discarded in favor of better ideas.

Immigration officials and customs inspectors are today said to be gathering their teeth. They find it hard enough to keep the Chinese out now, without having them dropping in on flying machines.

SHALL ISTHMIAN CANAL HAVE GUNS?

Keifer Says No, Neutralize It, Hobson Says Defend It Against Enemy.

DEBATE OPENS IN HOUSE

Ohioan Says Treaty Requires Neutralization, Alabamian Says Necessity Requires Fortification for Our Own Safety.

WASHINGTON, Jan. 19.—The opening gun in the fight for the fortification of the Panama Canal was fired in the House of Representatives today, although the position is ostensibly under consideration. Keifer, of Ohio, spoke for an hour in favor of the neutralization of the canal. He was answered by Hobson, of Alabama.

General Keifer declared that the latest estimate of \$12,000,000 for the fortification of the canal would not be sufficient. He asserted that it would cost at least \$100,000,000 to fortify the canal so that it could be held against the attack of a first-class power.

Hobson took issue with Keifer on many points. He said that no nation having a vital interest in the canal ever undertook to guard and protect it through neutralization. He added: "With the building of the Suez Canal Asia was settled. The communication between Europe and Asia is not affected by the Panama Canal, but the Panama Canal will put every foot of coast line on the western shores of all the Americas at the mercy of European powers. It will put every foot of coast line on the Atlantic and the Gulf coasts of the Americas at the mercy of any Asiatic power, which they were not before."

"What it connects is the Americas. It puts the East and West in communication. It is essentially an American proposition. It is a proposition of the western hemisphere.

Canal Exposes Coasts to Enemy.

"If we invite the great military power of Europe to join us in this purely American affair, we shall simply abdicate the Monroe doctrine.

"If you have a war in which the Panama Canal is not involved and in which no enemy could seize it, a war with an Asiatic power, with our feet in the Atlantic, then the war will be on the American shores, involving an occupation of the Pacific Coast. But if you have the Panama Canal, which American ships alone can pass and come out and form on the Pacific side, all the war games show that the war operations will take place on the coast of Asia.

"History is filled with precedents, showing that you cannot get security through an international treaty of international obligations upon which you can rest vital interests of America, particularly where they are not according to the policies of other nations."

WOOD INDORSES HULL BILL

Chief of Staff Would Increase Efficiency of Militia.

WASHINGTON, Jan. 19.—Major-General Leonard Wood, chief of staff of the Army, appeared before the House committee on military affairs today and argued for the passage of the Hull bill to increase the efficiency of the organized militia by permitting the President to detach Army officers on the active list for duty as inspectors and instructors of the State Militia.

PANAMA PORTS ADVOCATED

Money Introduces Resolution Favoring, in Senate.

WASHINGTON, Jan. 19.—That it is the sense of the Senate that the Panama Canal should be fortified.

Such is the declaration of a resolution introduced in the Senate today by Senator Money. The Mississippi Senator announced his intention to speak on the resolution and it is probable that it will be used as a basis for general discussion of the question of canal fortifications.

"Abolish Senate," Chicagoan Says.

WASHINGTON, Jan. 19.—"Abolish the Senate" is the burden of a telegram addressed to Speaker Cannon and a number of Representatives today by a Chicagoan, as an outgrowth of the investigation of the charges made against Senator Lorimer. The telegram charges that every Senator has paid for his votes in ways no better than the Illinois Senator, and that there never can be a pure Senate as long as there is patronage.

HUMPHREY SEES PERIL

PACIFIC COAST DEFENSELESS FOR LACK OF SHIPS.

Subsidy Champion Has Vision of Japan Seizing Ports, Railroads and Mountain Passes.

DETROIT, Jan. 19.—"Japan could seize Seattle, Tacoma, Portland, the Bremerton Government Navy Yard, five great transcontinental railroads, forty mountain passes and have an empire upon which to live before the United States could get 75,000 troops to the Pacific Ocean," declared Representative Humphrey, of Washington, in an address at the annual banquet of the Lake Carriers' Association tonight. He added:

"The nations of the earth know our condition and they know that we are utterly unprepared for war. They know that our Army is too small, that our Navy is practically helpless because we have no merchant vessels as an auxiliary. They know we have no transports for the one and no auxiliaries for the other.

"The War Department will tell you that in case of contest we would need for transports 250 vessels. We have not in both oceans combined, 20 ves-

CHINESE EDITOR FEARS RESOLUTIONS OF BENEVOLENT ASSOCIATION THREATENING.

His Paper Asserts Members Dig Potatoes With Noses and He Has to Appeal to Police for Help.

SAN FRANCISCO, Jan. 19.—According to the complaint made today to Chief of Police Seymour by Kwong On Tai, editor of the Chinese daily, Chung Sai Yatpo, said that his life and property have been threatened by the Ng Yung Benevolent Association, an organization composed of natives of the province of Nanhwei.

Several days ago an article in Kwong's paper accused the natives of Nanhwei of raising potatoes and rooting them out of the ground with their noses. This article led to an assault upon the newspaper building which was only quelled after a riot squad of police had been summoned.

Today Kwong turned over to Chief of Police Seymour a set of resolutions adopted last night by the benevolent association. These resolutions demanded that Kwong publish anything given him by the association for a period of ten days. At the end of that time he is ordered to suspend the publication of his paper for a period of 90 days.

On resuming publication the association demands that he dismiss forever Tien Tong York and Ng Rea Yen, two members of his editorial staff.

Kwong was given until noon today to indicate his compliance with his orders. Early today he called upon Chief of Police Seymour whom he told that he believed that if he failed to comply with the resolutions he would be killed and his newspaper destroyed. A special detail of patrolmen has been dispatched to the scene of trouble to avert possible hostilities.
