Mr. Carnegle is fond of his little joke and even in the bestowal of so magnificent a gift, indulged this fondness. He had written a note to Robert S. Woodhad

Mr. Carnegie also announced that a far more powerful telescope than man

NEW MEXICO VOTES TODAY

"Drys" Fight Ratification of Constitution Framed by Republicans.

ALBUQUERQUE, N. M., Jan. 20. Elections for the ratification of the constitution of the proposed State of New Mexico are to be held throughout the territory tomorrow.

Indications are that a heavy vote will be polled. The constitution was framed by a convention overwhelm-ingly Republican and that party is united in its support. The Democracy is divided, one wing of the party ar-dently supporting the constitution, while the other is just as ardently op-

posed to it.

The most bitter opposition comes from the temperance people, who made an unsuccessful attempt to have a pro-hibition clause incorporated in the con-attitution. Leaders of the Anti-Saloon League assert they will never permit New Mexico to enter the Union other-wise than as a prohibition state. Charges of attempted fraud in the election being made by those opposed to the constitution are vigorously de-nied. Governor Mills has instructed

the district attorney to take every pre-caution to see that the elections are conducted fairly.
