Saturday is Children's Day. Send your little girl to these classes. We give them the same attention as their mothers

CUMMINS HOLDS ELECTION TAINTED

Iowan Contends With Bailey as to Whether Lorimer Legally Chosen.

BOTH GET TO CALCULATING

Texas Insists Bought Votes Should Be Thrown Out and Then Lorimer Would Be Chosen—Invitation to Crime, Says Cummins.

WASHINGTON, Jan. 27.—

Contending for a rule of procedure that would deny a seat in the United States Senate to any man whose election has been accomplished by fraud, Cummins of Iowa today concluded his speech in opposition to the report of the committee on privileges and elections, holding Lorimer's right to his seat unimpaired. He said at least seven members of the Illinois Legislature had been involved in bribery proceedings in connection with the Lorimer election and, holding that these should be subtracted from Lorimer's vote and not from the total pool, contended that the untainted vote had not been sufficient to elect Lorimer.

Bailey Defends Lorimer's Seat.

Bailey said the corrupt vote should be subtracted from Lorimer's vote and the total vote. Saying there had been 202 votes in the Senatorial election, he said the seven corrupt votes should be deducted from the 202 votes and also from the 188 cast for Lorimer, which would give Lorimer 191 votes out of 188—a clear majority.

"Suppose," asked Cummins, "of the 202 votes, 101 had been for Lorimer and a friend of Lorimer's had bought one other vote for him, giving him 102, would Mr. Lorimer have been elected?" "No," responded Bailey, "the vote would have been, because in that case the corrupt vote decides the result."

"Then it makes a difference whether one vote was corrupted or seven?" responded the Iowan, but the Texas would not concede the point.

Briber Would Get Benefit.

Borah contended that under Bailey's reasoning, a candidate would get the benefit of half a vote every time he bought a vote, even though the purchased vote was rejected. Bailey would not have it so, and conceded that, if a corrupt vote was to be rejected for one purpose, it must be rejected for all. He would have such a vote treated as if it had not been cast.

Owen contributed to a mathematical calculation, saying it showed that, according to Bailey's calculation, it would have been necessary to buy 15 votes to corrupt Lorimer's election, while, according to Cummins, seven would have sufficed to that end.

Impossible to Fake Story.

Cummins declared that there were many circumstances to sustain the charges. The Iowa Senator asserted it would have been impossible for the human mind to have fabricated such a story as that supplied to the Chicago Tribune by Representative White, of the Illinois Legislature, without having it refuted by the facts.

Answering the contention of Lorimer's friends that the corrupt vote should be deducted from the total number of votes cast rather than from the vote cast for Lorimer, he said:

"This is the most alarming and dan-

gerous proposition ever made in the United States. If adopted it would constitute the most cordial invitation ever made to crime and wrong-doing, if we concede the principle that the Senate welcomes to it a man whose friends have bought the title to his seat here."

BURNED TIMBER MUST GO

Senate Passes Bill for Sale of All on Public Land.

OREGONIAN NEWS BUREAU, Washington, Jan. 27.—The Senate today passed the Nelson bill authorizing sale to the highest bidder of burned timber on unreserved public land that was damaged or killed by the forest fires of last summer. The bill provides that burned timber on land filed upon or entered may be sold in like manner and the proceeds paid to settlers upon perfection of title. Where settlers fail to perfect title, the money is to go into the reclamation fund, as well as receipts from sales on unreserved public lands.

Clerks May Work Only 8 Hours.

OREGONIAN NEWS BUREAU, Washington, Jan. 27.—Senator Jones today introduced a bill extending the provisions of the eight-hour law to clerks in first and second-class postoffices.

KAISER GIVES RED RIBBON

Decoration of Officers and Unemployed Riot Mark Birthday.

BERLIN, Jan. 27.—Today is Emperor William's 52d birthday. Among the honors announced in connection with the birthday celebration, Admiral Von Tirpitz was promoted to be an Admiral of the fleet, Vice-Admiral Baron Von Rechenowicz was decorated with the Red Eagle of the first class, Ludwig Goldberger received the Red Eagle of the second class and Dr. Gustave von Krupp von Bohlen and Halbach the Crown Order of the second class. A large crowd of the unemployed attempted a hostile demonstration in the vicinity of the palace today at a time when Emperor William was transmitting the passport to the castle watch. The manifest, driven away by the police, marched through the central district of the city hurling insulting epithets at the officers and shouting: "We want work."

RUSSIA THREATENS CHINA

Car's Government Uses Pressure to Improve Commerce.

ST. PETERSBURG, Jan. 27.—Russia is about to employ pressure to improve its conditions in Mongolia. It is intended to force China's consent to the opening of a consulate at Kobdo in Western Mongolia, thus lifting obstacles now in the way of Russian commerce. The Novoe Vremya calls on the government to send to China an ultimatum embodying in it a threat to occupy Kulja, Chinese Turkestan, which from 1871 to 1881 was a Russian possession.

County Division Agitated.

NORTH YAKIMA, Wash., Jan. 27.—(Special).—Toppensh and other towns in the Lower Yakima Valley are making an effort to secure a division of Yakima County, Toppensh to be the seat of the new county. A delegation from Toppensh is now at Olympia for that purpose.

First Returns Received.

NORTH YAKIMA, Wash., Jan. 27.—(Special).—John J. Erb, owner of a ten-acre tract, today paid the United States Land Office \$15, the first money the Government has received back for the \$3,769,990 cost of the Tieton unit Yakima reclamation project.

DEADLOCK IS FIRM

Sheehan Remains Strongest Candidate at Albany.

"NO CHOICE" ANNOUNCED

Joint Legislative Assembly Shows Smallest Attendance Since Ballotting Began—Governor Says No Overtures Have Been Made.

DEMOCRATS NURSE DEADLOCK

Colorado's Refuse to Swing Until Certain Bills Are Passed.

ALBANY, N. Y., Jan. 27.—The joint legislative assembly showed the smallest attendance today since the Legislature began balloting for a United States Senator. Only six members were present, at least than a quorum and the formal ballot taken at noon was announced as "no choice."

Not counting the 141 members excused and "paired," William F. Sheehan's strength remained the same, although the official tally gave him but 19 votes. This was due to the fact that the Democratic absentees were almost entirely from among his following.

The actual shifts were three, one each from Herrick and Shepard to Kernan and another from Curtis N. Douglas to Seymour Van Santvoord. This brought Mr. Kernan's vote up to seven and made him a rival of Mr. Shepard for second place.

The vote was: Sheehan, 19; Shepard, 9; Kernan, 7; Littleton, 3; O'Brien, 2; Gerard, 2; Van Santvoord, 2; Parker, 1; Taylor, 1; Dix, 1; Glynn, 1; Dapew, 12.

Norman E. Mack called on Governor Dix today and remained with him for some time and it is supposed they discussed the Senatorship situation. The Governor said no overtures had been made regarding a "peace conference."

The next regular ballot will be taken at noon tomorrow.

Interest in the Senatorship contest perceptibly waned here today on account of the general understanding that nothing would be done before next week. Many of the legislators went home last night after arranging the usual pairs.

By Monday the Attorney-General is expected to render his opinion on the question of whether the law requires balloting on Saturday, or on Monday, when the Legislature usually does not meet until evening. If he concludes that the statute means by "legislative days" only those days on which the Legislature holds its regular session, joint ballot need be taken only on Tuesday, Wednesday, Thursday and Friday.

O'GORMAN TO BE COMPROMISE?

Supreme Judge Reported Tammany's Choice to Reunite Party.

NEW YORK, Jan. 27.—The report was current here today that Justice James A. O'Gorman, of the State Supreme Court, may become a compromise candidate for the United States Senate, if that date for the Albany perils.

He will be urged, it is said, by Tammany leaders, who are anxious to see the breach in the Democratic party healed.

WALSH'S HOPES ARE WANING

Caucus Nominee in Montana Loses Strength—Forces Dissolve.

HELENA, Mont., Jan. 27.—The fact that at no time since the balloting for Senator Walsh and Conrad (Dems.) been sufficient to elect and that since the balloting every Democrat but one has at one

time or another voted for either Conrad or Walsh, has led many to believe the election of either an impossibility. With the caucus call signed by only 42 of the 53 Democrats, there is little prospect of the call obtaining the necessary 51 signatures.

This situation has caused general uneasiness among the Walsh supporters and there were indications today that there would be a dissolution of the Walsh strength. Walsh today received the lowest vote he has received since the second day of the balloting. In his losses are numbered two men who have voted for him on every previous ballot. Today's vote was:

T. H. Carter (Rep.), 34; T. J. Walsh (Dem.), 29; W. G. Conrad (Dem.), 17; H. H. Parsons (Rep.), 15; R. Allen (Rep.), 2; T. M. Swindlehurst, R. R. Purcell, C. B. Nolan, George Donohue, all Democrats, and H. J. Haskell, W. W. Harper, H. Kenyon and W. E. Rodgers, all Republicans, one each; paired, six; absent, one; necessary to a choice, 48.

The Democrats are switching from one to another of the tail-enders in order to keep all in the race and prevent a centering of votes on Speer or Adams.

Joel Valle, a prominent Denver attorney and former law partner of United States Senator E. O. Wolcott, received 30 of the 34 Republican minority votes.

The vote: Democrats—Adams 19, Martin 2, Maupin 1, O'Donnell 3, Shafrath 1, Speer 27, Taylor 2, Thomas 5, Ward 1, Republican—Dawson 1, Gowdy 1, Northcutt 1, McCreary 1, Valle 3.

Iowa Falls to Elect.

DES MOINES, Jan. 27.—Today's ballot for United States Senator in the Iowa Legislature stood as follows:

Kenyon, 27; Young, 21; Funk, 21; Garst, 17; Porter, Dem., 48. Absent, 7. Necessary to elect, 76.

DIAMOND THEFT IS EASY

JEWELERS LET MAN HAVE \$3500 WORTH TO SHOW HIS WIFE.

They Only Learn They Have Been Robbed When San Francisco Police Return Stones.

SAN FRANCISCO, Jan. 27.—Not until the jewels were returned to them today did two of the leading jewelers of this city know that they had been robbed of \$3000 worth of diamonds.

W. J. Barrett, Jr., who gives his address as Portland, Or., went to a large jewelry store yesterday, looked over some diamonds and, saying that he wished to show them to his wife, was permitted to depart with \$3000 worth of the gems.

Going to a pawnshop, Barrett pawned the diamonds for \$1500. Returning to the jewelry store, he paid \$500 on his purchase, promising to pay the remainder today. He then reported the transaction with another jeweler, from whom he secured \$1500 worth of diamonds.

In looking over the pawnbroker's report this morning, Detective-Sergeant Matheson noted the large transaction in diamonds and investigated. He was given a description of Barrett and placed him under arrest. He then took possession of the diamonds and returned them to the jeweler.

Barrett is in jail with two charges of grand larceny against his name.

No man of Barrett's name is known to the Portland police.

CRITICISM IS MADE

Miners Do Not Like Methods of Civic Federation.

RAILROAD ALLIES SOUGHT

Mutual Aid of Brotherhoods and Coal Miners in Troubles Proposed—Industrial Workers Are Given Black Eye.

COLUMBUS, Ohio, Jan. 27.—The United Mineworkers of America today, after adopting resolutions criticizing the American Civic Federation and providing for the investigation of a charge made by a delegate from Pennsylvania that Delegate Thomas Hughes of Bridgeport, Ohio, was a former strikebreaker, turned its attention to the adoption of resolutions.

One resolution condemns the imprisonment of Fred Warren, editor of a Socialist paper, who was sentenced for having offered a reward of \$1000 for the abduction of Ex-Governor Taylor and his return to Kentucky for trial for the killing of William Goebel.

Another resolution demands the abolition of the state constabulary in Pennsylvania.

A resolution favoring an eight-hour day "from bank to bank" and weekly pay days for miners, was referred to the next scale conference to be held in February, 1912.

A resolution favoring separation from the American Federation of Labor and alliance with the Industrial Workers of the World was defeated.

A resolution declaring for a possible understanding between the seven labor organizations identified with the railroad industry and the miners, in the hope of being of mutual service in times of trouble, was adopted. An actual combination with railroad unions is not sought.

By a vote of 497 to 359 the substitute offered to the motion condemning the National Civic Federation as opposed to the interests of organized labor, was adopted. This disposes of the original motion, which called for the condemnation of the Federation and the withdrawal of all the members of the United Mine Workers from that organization, and also of the minority report, which provided that no action regarding the Civic Federation be taken.

During the discussion, on the Civic Federation someone in the back of the hall called out:

"There is a scab in this hall now." For an instant there was silence and then from all sides were yelled "point him out."

Hughes was named as the man, but he was not in the hall.

EX-MAYOR GUILTY OF FRAUD

Prominent Californian Takes Money on Deal Which Is Cancelled.

SANTA CRUZ, Cal., Jan. 27.—(Special).—Richard P. Quinn, ex-Mayor of Watsonville, a prominent real estate man of that city and well known all over the state, late this afternoon was convicted by a jury of obtaining money under false pretenses from Jeremiah Jackson, of San Francisco, and is now locked up in the County Jail.

In June, 1908, Quinn executed a contract with Jackson to buy ten acres of land of George Payne, in Fajaro Valley, Jackson paid \$20 down and monthly installments of \$10 each. Payne, in January, 1909, rescinded the contract for the sale with Quinn, his agent, but Quinn took the payments from Jackson for 19 months

DALLES STATION IS TOPIC

General Manager O'Brien Displays Plans for \$30,000 Building.

THE DALLES, Or., Jan. 27.—(Special).—J. R. O'Brien, general manager, G. W. Boeckhe, chief engineer, J. D. Stack, assistant engineer, W. Boltons, superintendent, and W. M. Jackle, assistant superintendent of the O-W. R. & N., arrived here today from Portland and viewed construction work on the Deschutes.

On their return Mr. O'Brien submitted plans and specifications for the \$30,000 building here. No agreement was reached relatively to a location. The railroad company proposes to locate at the corner of Union and First streets. Mr. O'Brien said that if the station were located there work would begin within 60 days. Some of the business men want it located on the corner of Liberty and First.

MEASLES HALTS CONTEST

Orators, Stricken Ill, Unable to Display Abilities for Honors.

ALBANY, Or., Jan. 27.—(Special).—Measles and pneumonia tonight caused the postponement of the local oratorical contest to choose Albany College's representative in the State Oratorical contest to be held at Eugene in March.

Grover Birtchet and Misses Lucile Hart and Ruth Smith entered the contest, but Birtchet was attacked with measles and Miss Hart is now ill with pneumonia so the contest will not take place until they recover.

Oregon Idea Infects Wisconsin.

MADISON, Wis., Jan. 27.—Senator Linley, of Superior, introduced a joint resolution inviting United States Senator Jonathan Bourne, of Oregon, to address the Legislature on the subject of Oregon reforms in popular government, and introduced a joint resolution expressing the hope that the binding tie of progressive popular government now existing between Wisconsin and Oregon may soon extend to all states of the Union. A bill embodying the Oregon idea of electing United States Senators by a direct vote of the people and of pledging the Legislature at the time of the general election to support the people's choice for Senators was presented by Democrats in the Assembly and Senate.

An apparatus has been patented to convey concrete through pipes by air pressure from a tank to its place of use.

Fake "Bargain Sales"

EYES TESTED FREE \$5 Glasses Now 98c

This is the bait held out by some of the big stores for business. You'll usually find behind the counter a spruce young man with oily tongue, who will dole out to you a considerable line of small talk about the \$5.00 glasses that are "reduced" to 98 cents. This \$5-a-week "graduate" from the ribbon counter will tell you that your case is a "little peculiar" or different from the ordinary, and your glasses will cost a "few dollars extra." "They have to be special ground, you know!"

The optical department consists of a show case filled with brass and near gold mountings, cheap lenses inaccurately ground and imperfectly centered.

We think intelligent people will prefer to deal with firms that are characterized by truthful and honest dealings, instead of those that use cheap and false pretenses.

THOMPSON EYE SIGHT SPECIALIST
2d Floor Corbett Bldg., 5th and Morrison.

Scrofula

Is commonly inherited. It may, however, develop so slowly as to cause little if any disturbance during childhood. It may then produce dyspepsia, catarrh, and marked tendency to consumption, before causing eruptions, sores or swellings.

To get entirely rid of it take the great blood-purifier, Hood's Sarsaparilla, which has effected more cures of all blood diseases than any other medicine.

"My boy suffered from scrofula, which covered his face entirely. I gave him Hood's Sarsaparilla, and when he had taken three bottles he was completely cured." Mrs. Elsie Hotelling, Voorheesville, N. Y.

There is no real substitute for Hood's Sarsaparilla

Get it today. In usual liquid form or chocolate tablets called Sarsatabs.

PREMATURE GRAYNESS. Is the fate of many a young face. Imperial Hair Regenerator is the only harmless preparation known which when applied cannot be detected. It is unaffected by bathing, shampooing, perspiration, coloring, restores hair to its natural color. Sample of hair colored free. Freely assured correspondence.

IMPERIAL CHEM. MFG. CO., 135 W. 23d St., New York.
