Hugh Brady to Be Official Searcher for Drowned.

ORDINANCE GIVES SALARY

Veteran River Grappler, Who Has Remarkable Success in Recovering Bodies From River to Get \$80 Monthly.

Hugh Brady, veteran grappler, attached to the force of the harbor patrol. is to be paid \$80 a month by the city. An ordinance was possed by the Coun-An ordinance was passed by the Council and the request of Councilman Driscoil and Harbormanter Speler. While Brady is not named in the measure, he will be assigned officially when Mayor Simon signs it, probably today as it was passed in the form of an emergency.

It, probably today as it was passed in the form of an emergency.

In the past is has been the custom for relatives of persons drowned in the harber to employ Mr. Brady to search for the hodies and often river victims have neither with nor kin to previde for the recovery of their hodies. Consequently many hodies have not been found. For nearly 10 years the work has been carried on by Mr. Brady and in that time he has gone from Roseburg to Beilingham, Wash, on drowning cases. Because no arrangements were made In Bellingham, Wash, an drowning cases, Hecause no arrangements were made when a sailor was drowned from a Franch ship several months ago, and the vessel selled a few days later, it was advocated that the river grappler be em-

ployed steadily.

Mr. Brady will be on duty during the Mr. Brady will be on duty during the day at the harbor launchhouse and at night will be subject to call, reporting to Harbormanter Speier and working under his direction. Mr. Brady has gear fashinesed by himself with which he can take the hed of the river at great depth. He has also made a sindy of currents and has been unusually successful in his work, although frequently several days clarac although frequently several days elapse

Being on duty during the day, the city's grappier will remain at the launchhouse while the officers are making their rounds and is to receive reports and rounds and is to receive reports and rounds are the emergency calls, that launchmen may will not get to a the next arrival.

The launch Elidor is undergoing a co plete overhauling, being scraped and varnished above the deck and her hull will be cleaned and repainted, while there are charges in contemplation that will better her appearance and increase her efficiency in work about the docks. The frumch Loilipop, owned by Ray King, will be used during the lay-up of the

CAISSON'S DESCENT HALTED

### Last of Harriman Bridge Foundations Strikes Obstruction.

At a depth of bit feet below the surface of the Willamette the heavy seed cutting edge of the last caisson of the Harriman bridge has struck what is believed to be a layer of cament gravet, that is unresisting and officers of the Union Bridge & Construction Company yesterday ordered the crew to resume blasting. Progress previous to encoun-tering the obstruction was at the rate of from two to three feet daily, but since the caleson has not gone down more than as many inches in the same period. The shots are being fired on the north

aids of the cairson, about two feet from the wall, so that the heavy material is dislodged on the outside and the clamaheli dradges working through the open-ings or "wells" on top of the caiseon have been able to get out small amounts of material. All other piers are ready for the steel work to commence and the only delay to all operations was the recent reserved to the builders bound to get the

When Supple's yards opened for business yesterday there were three vessels waiting to be fauled out for repairs. Weir and the ing Resolute. The Harkins, which will have a new boiler installed, its to be recaulted, ber keel and guard overhauled and buil repainted. The Weir will have a new boiler and minor work that the Resolute is to indicate the resolution of the second s

trains of the Pacific Railway & Naviga-

tion Company.

The craft is expected to carry 100 passengers, and as she speeds about 12 miles an hour she will be among the fleetest in Tillamook waters. She is said to have cost \$600 originally, and is modern in comstruction and southness beern in construction and equipment, being electric lighted and having other conveniences. It is planned to run her to Tillamook before the opening of the coming beach season, so that she can carry the first vacationists. For some time the Hichard has been

been idle, so far as log-raft towing figured, for several weeks and smaller vessel owners have suffered. The advent of stormy weather in December caused a general suspension, while with the mills there was a shutdown ordered to everhaul machinery and prepare for the new season, the work being undertaken at a time when the Coastwise and offshore lumber markets were not active.

The first chartering of lumber carriers for foreign trade announced for weeks was reported resterday in the fixture of the Norwegian steamer Tordenskield to load on Puget Sound for Australia. She will first carry a cargo of coal from Nanaimo to San Francisco and will leave Vancouver. B. C., shortly to commence loading. The American Trading Company is reported to have taken the British steamer Danmark to load at Eureka and one northern port for Australia, delivery and redelivery at Ban Francisco on a rate of the first tramp Strathlay has delivery at San Francisco on a rate of 2s 6d. The British tramp Strathlay has been chartered for lumber from Puget Sound to China by Andrew Wier & Co.

Hercules Comes Next Week.

It has not been reported from San Francisco when the Oriental liner Her-cules will sail for Portland, but she is not looked for until early in the week. The British steamer Strathlyon, now of

# S.S.S. CURES BLOOD POISO

A great many so-called remedies for Contagious Blood Poison are composed almost entirely of strong mineral ingredients. They seem to be compounded with the idea that one poison will counteract another-provided the stomach and delicate portions of the system can withstand the effects of the strong treatment. These concoctions are intended to kill the poison in the system. In this article we want to tell you of S.S.S., a purely vegetable remedy for Contagious Blood Poison, a medicine that not only cures the disease, but one which from the first dose has a fine tonic effect upon the stomach and the entire system. Nor does S. S. S. attempt to kill the germs within the system, but cures by REMOVING them from the blood—which is absolutely the only way to cure

It does not require any argument to establish the fact that a blood disease can be cured only by a blood purifier; every one will admit the truthfulness of this statement. The question of most importance therefore is, what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S. S. S., and offer as proof the fact that for more than forty years it has been sold under this claim and the demand for it has steadily increased, and we have thousands of testimonials from cured patients from all parts of the country.

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood, until it becomes a thorough systemic poison. Its first symptom is usually a tiny sore or pimple, but it rapidly spreads, and in a short while the entire body gives evidence of the poison in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored splotches appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the ravages

before health can be restored.
S. S. S. CURES CONTAGIOUS BLOOD POISON BY PURIFYING THE BLOOD. It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect as well as lasting cure. S. S. S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral of any kind enters into the composition of

of the poison, must be built up

the disease.

this great medicine. S. S. S. is perfectly safe for any one to take, and instead of upsetting the stomach as mineral medicines do, it tones up this important member and makes digestion easy. Thousands have cured themselves of Contagious Blood Poison by the use of S. S. S., and if you will write and request it we will send you, without charge, a Home Treatment Book, which will give you all necessary information for curing yourself at your own home. We will also give you free any special medical advice you ask for. S. S. S. cures by making pure, healthy blood—Nature's real remedy.

S.S.S. CURED HIM.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S.S.S.I was greamy improved, and was delighted with the result. The large red splotches on my chest began to growpaler and smaller, and beforelong disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

# I CURE Pay

The Man With an Ailment

should learn—and the sooner the better—that what may seem a trivial althent very often has most serious and far-reaching effects. The man who tries to be his own doctor is always the patient that later comes to the specialist with the chronic, stubborn, deep-eeated case, which is the hardest kind to cure. I cannot hope that all men will accept my statement that the quickest, the safest and the cheapest cure is had by consulting an expert specialist at oner, but the intelligent man will readily be convinced of the value or this advice upon investigation.

Specific Blood Poison Positively Eradicated

Others dose the system with mineral peisons scarcely less dangerous than the allment itself. The best they hope to do by this treatment is to keep the aliment from manifesting its presence upon the surface of the body. Under my treatment the entire system is cleansed. The last taint of viros is destroyed. Every symptom vanishes to appear no more. I employ harmless, blood-deansing remedies. They are remedies heretofors unknown in the treatment of this allment. They cure by neutralizing and absolutely destroying the poison in the system. Such cures cannot be other than complete and permanent.

# Stomach Trouble

Mrs. E. W. Foster Found Great Relief by Taking Duffy's Pure Malt Whiskey for an Aggravating Stomach Trouble Now She Recommends It to Her Neighbors and Is Making Many New Friends for This Wonderful Tonic-Stimulant

"I started using Duffy's Pure Malt Whiskey four years ago for stomach trouble (the gastric nerve of the stomach), and I have been very much benefited by its use. Ever since I have taken it as a general tonic, although my stomach is very, very much better, thanks to Duffy's Pure Malt Whiskey. I have recommended it to a great many of my friends. One of them, Mrs. Stillmand Lincoln, of Easton, an elderly lady, found great help by its use." Yours sincerely, Mrs. Edwin W. Foster.

For more than half a century Duffy's Pure Malt Whiskey has been before the public, and today it is better known and more widely used than ever before. This is due to its great curative qualities and to the friends it is continually making of those who after years of suffering and misery have been made strong and vigorous and who tell their friends and neighbors of their good fortune. Professional men, business men and men and women everywhere use and endorse it because it has given them health, strength and vigor when they were sick and run down. We have thousands of letters like the above which are but the outpouring of grateful souls who have been relieved of suffering and who openly acknowledge the great medicinal value of Duffy's Pure Malt Whiskey.

Few diseases inflict upon their victims greater suffering than do dyspepsia, indigestion and stomach troubles. If you have dyspepsia or indigestion in any form do not ruin your stomach with drugs, but use

# **Duffy's Pure Malt Whiskey**

is a medicine for all mankind. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system, strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION—When you ask your drug-gist, grocer or dealer for Duffy's Pure Mait Whiskey be sure you get the gen-uine. It is an absolutely pure medicinal malt whiskey and is sold IN SEALED BOTTLES ONLY—never in SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark the "Old Chemist," on the label and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonals and rules for health, both sent free.
