Taft Backs Hitchcock's Scheme in Hope of Saving \$6,000,000 a Year-Test of Parcels Post Is Recommended to Senate.

WASHINGTON, Feb. 8.—The ques-tion whether magazines with extens-ive advertising sections are paying the Government a reasonable price for carrying the periodiculs through the mails was discussed today by the Senate committee on postoffices and postroads. The discussion was in connection with an amendment proposed to the postal appropriation bill to increase the rate from one to four cents a pound. A tentative decision was reached, but the controversy will be continued tomor-

Until today there had been no indication that the fight between the Post-office Department and the publishers was to be renewed at this session of Congress. This morning, however, the question was taken up at the White House at a conference. The President, It is said, supported the contention of the Postmaster-General that some ac-tion should now be taken to assist the Department to reduce the postal de-

Reconsideration of the bill will be at-

tempted tomorrow. Enactment of this bill was urged by the Home Rule Association because both houses some time tomorrow such a law will simplify the regulation of saloons in municipalities. It was opposed by Thompson, Brooke and Speaker Rusk, who insisted that its enforcement would do much to retard the development of many sections of the committee's findings.

Eastern Oregon. Brooke argued that through the for-mation of cities the growth and set-tlement of Eastern Oregon can best be promoted. By increasing to 500 the population of any territory desiring to incorporate, he said, it would be years before some sections could organize a before some sections could organize a municipality. Not to exceed three localities in Malheur County, he said, had sufficient population to avail themselves of the provisions of the proposed law, which, he predicted, would prevent the inegroration of another city or town in that county for probably ten years.

He said the people of the sparsely settled sections of the state wanted home rule and the privilege of forming
