

DEMOCRATS FAIL TO GET TOGETHER

Regulars in New York Conference Refuse to Give Up Sheehan.

INSURGENTS STAND PAT

They Insist Withdrawal of Tammany Candidate Is Only Possible Basis of Agreement—Impossible, Say Regulars.

ALBANY, Feb. 8.—The Democratic members of the Legislature, regulars and insurgents went into secret session this morning in an effort to break the deadlock over the election of a United States Senator. Speaker Frisbie presided.

There were speeches by several insurgents declaring that the only possible basis of agreement was the withdrawal of William F. Sheehan from the contest. The organization speakers, including Senator Thomas F. Grady and Dr. Bush, took the position that the majority must rule and declared the withdrawal of Sheehan could not be considered.

HIGHWAYMEN AVERAGE BLOW

Heal Estate Man Punished While Revolver is Held at Head.

Falling to notice that one of the highwaymen had a revolver trained on

him, L. H. Briggs, sales agent for the Lewiston Land & Water Co., landed a vicious blow on the jaw of a robber at the corner of East Fifteenth and Tillamook streets at 3:30 last night. The next moment he felt the cold muzzle of a gun against the back of his neck and it was held there while the man he had hit revenged himself by striking Briggs on the face four times. The robbers secured \$2.50 in money, a gold watch and a bunch of keys from the real estate man. They overlooked a diamond ring worth \$100 which Briggs was carrying in the same vest-pocket which contained his watch. The victim was returning to his quarters at the Arlington Club after taking dinner with his parents, who live at Nineteenth and Brazee streets.

When Briggs quietly remonstrated at the careless way in which the highwaymen were handling his private papers he was met with an oath and told to shut up or his face would be "caved in."

SEYMOUR AFTER POLICE

SAN FRANCISCO CHIEF NOT DETERRED BY FIASCO AT TRIAL.

Charges to be Pushed Against Men Who Countenance Gambling and Recall is Suggested.

SAN FRANCISCO, Feb. 8.—(Special.)—The fiasco of the trial and white-washing of Captain of Police Harry O'Day, Sergeant Griffin and Fraher and the five accused patrolmen by two members of the Police Commission yesterday afternoon will not deter Chief of Police Seymour from pushing the charges against other officers who from the face of the reports in the police files of the central district were doing police duty in the gambling section and should have known, if they did not, that illegal gambling was being carried on in the Saratoga Club, where Gustave Postler was shot to death, and in the other resorts in the district.

"I am in this fight to a finish," said the Chief this morning, "and I have just started. I know that the good people of San Francisco are with me in this crusade for decency, and I am willing to bear the brunt of the battle with the police department and the city are cleaned up."

"I have instructed Captain Duke to go right on with the preparation of the charges against other officers who from the face of the reports in the police files of the central district were doing police duty in the gambling section and should have known, if they did not, that illegal gambling was being carried on in the Saratoga Club, where Gustave Postler was shot to death, and in the other resorts in the district."

\$503,258 VARSITY SUM

ONLY \$12,000 CUT FROM UNIVERSITY OF OREGON FUND.

Joint Committee Sanctions Big Appropriation, Although \$175,000 May Yet Be Dropped.

ST. CAPITOL, Salem, Or., Feb. 8.—(Special.)—Practically \$12,000 from the receipts made by the University of Oregon, the joint ways and means committee has decided to grant \$503,258.25 to that institution when it makes its report.

There are items represented are all House bills there is some possibility of this being further pruned, but from what could be gathered from a canvass of members of the House ways and means committee, which will consider the bills further, it seems certain now that the amount as sanctioned by the joint committee will stand in the report as it goes to the House.

Requests of \$3000 for a printing plant and \$4000 for additional summer school maintenance were eliminated. If by any chance the House committee clips the appropriation further it will be to do away with the \$175,000 appropriation for an administration and commonwealth building.

SENATE WILL SEE 22 NEW FACES

March 4, 1911, Marks Passing of Men Who Have Been Prominent.

ALDRICH IS FOREMOST

Rhode Island Man Is Rated as Most Powerful Individual That Has Held Legislative Office in Twenty Years.

OREGONIAN NEWS BUREAU

WASHINGTON, Feb. 8.—Twenty new faces will be seen in the United States Senate when the 63d Congress organizes, a greater number than have ever before appeared on a given date. Most of the new Senators have been elected, and the next few weeks probably will see the end of legislative deadlocks in the few states where elections have not yet been held.

March 4, 1911, will mark the passing of a number of men who for years have been prominent in the affairs of Congress, and most of those who return will have no expectation of ever returning. Foremost among them is Nelson W. Aldrich of Rhode Island, the most powerful individual who has held a seat in Congress in 20 years, and by some regarded as the most powerful individual legislator of the Nation has ever known.

With him passes into private life Eugene Hale, his trusted lieutenant, and beyond a doubt the second most influential member of the Senate since the day that Aldrich became "boss."

Beveridge's Fate Uncertain.

Carter's career has been one of ins and outs; his state is continually changing its politics, and he may come back if the Republicans regain the Legislature. The same may be true of Beveridge. But Carter cannot return if insurgency prevails in Montana, and Beveridge cannot return unless insurgency comes to the front in Indiana.

The Senators whose terms expire on March 4, and their successors as far as chosen, are as follows: the "R" designating Republican, and "D" Democrat:

- Senator Aldrich, Mich. D. Successor: R. Beveridge, Ind. R. Successor: R. Clark, Wyo. R. Successor: D. Depew, N. Y. R. Successor: D. Dick, Ohio. R. Successor: D. Flint, Cal. R. Successor: D. Hale, Maine. R. Successor: D. Keane, N. Y. R. Successor: D. Lodge, Mass. R. Successor: D. McCumber, N. D. R. Successor: D. Money, Miss. D. Successor: D. Nixon, Neb. R. Successor: D. Oliver, Kan. R. Successor: D. Page, Va. R. Successor: D. Rayner, Mont. D. Successor: D. Scott, W. Va. R. Successor: D. Sutherland, Utah. R. Successor: D. Swanson, Va. D. Successor: D. Tamm, Mo. R. Successor: D. Warner, Mo. R. Successor: D. Wood, N. D. R. Successor: D. Doolittle, Ia. R. Successor: D.

Four Are Representatives.

Four of the new Senators are now members of the House, Poindexter of Washington, Hitchcock of Nebraska, Townsend of Michigan, and Gronna of North Dakota, and all are insurgents, save Hitchcock, who is a Democrat. Of the new Senators several have heretofore attained prominence. For instance, Townsend, of Michigan, is author of the railroad rate bill of the last Congress, and is recognized as one of the few real authorities in Congress on interstate commerce problems. Kern of Indiana, ran with Bryan the last time the Nebraskan

How to Stop Pimples

In Five Days You Can Get Rid of All Skin Eruptions by the New Calcium Sulphide Wafers.

Try a Package to Prove It Sent Free.

Any man or woman gets awfully tired going around with a pimply face day after day. And other people get awfully tired, too, seeing them go around with faces full of disgusting pimples.

If you are one of the unfortunates who can't get away from your pimples, and you have tried almost everything under heaven to get rid of them, take a few of Stuart's Calcium Wafers every day. Do that steadily for a few days, and in less than a week look at yourself in the mirror.

You will then say that Stuart's Calcium Wafers are a wonder in getting rid of the eruptions.

These wonderful little wafers contain the most effective blood purifier ever discovered, calcium sulphide. No matter what your trouble is, whether pimples, blotches, blackheads, rash, tetter, eczema or scabby crusts, you can solemnly depend upon Stuart's Calcium Wafers as never-failing.

Stuart's Calcium Wafers are cured both in three days and the worst cases of skin diseases in a week. Every particle of impurity is driven out of your system completely, never to return, and it is done without deranging your system in the slightest.

Most treatments for the blood and for skin eruptions are miserably slow in their results, and besides, many of them are poisonous. Stuart's Calcium Wafers contain no poison or drug of any kind; they are absolutely harmless, and yet do work which cannot fall to surprise you.

Don't go around with a humiliating, disgusting mass of pimples and blackheads on your face. A face covered over with these disgusting things makes people turn away from you, and breeds failure in your life work. Stop it. Read what an Iowa man said when he woke up one morning and found he had a new face:

"By George, I never saw anything like it. There I've been for three years trying to get rid of pimples and blackheads, and guess I used everything under the sun. I used your Calcium Wafers for just seven days. This morning every blessed pimple is gone, and I can't find a blackhead. I could write you a volume of thanks. I am so grateful to you."

Just send your name and address in full today, and we will send you a trial package of Stuart's Calcium Wafers, free to test. After you have tried the sample and been convinced that all we say is true, you will go to the nearest druggist and get a 50c box and be cured of your facial trouble. They are in tablet form and no trouble whatever to take. You go about your work as usual, and there you are—cured and happy.

sought the Presidency and was defeated, as he was defeated when running for Governor of Indiana, and when he ran for the Senate against his future colleague, Mr. Shively.

Gilbert Hitchcock is publisher of a newspaper in Omaha, and goes in the class with Senator Smith, of Michigan, and Senator Oliver, of Pennsylvania, both of whom publish dailies in their home towns. Poindexter, of Washington, attained distinction in the past sessions of the present Congress for his extreme insurgent views, and in the Senate he is expected to go beyond even the radicalism of La Follette.

Senator Has Good Habits.

Senator Pomerene, of Ohio, who succeeds Senator Dick, is a Puritan by habit, abhorring tobacco, liquor and profanity. For all that he is a skilled lawyer and parliamentarian, and promises to make a mark for himself.

The first Democratic Senator from New England in 30 years will be Senator Johnson, successor to Senator Hale, of Maine.

Civil War veterans are growing scarce in the Senate, but a new one will be added when Senator Works, of California, takes the seat now held by Senator Flint.

Like his illustrious predecessor, Senator Wippitt of Rhode Island, is prominent in the mercantile world. He is head of a big cotton manufacturing corporation.

DISCRIMINATION WINS!!!

In every walk in life discrimination between the true and the false wins and enjoys success. In questions of form, of style and of values, whether financial, commercial or medicinal, the judgement of the men and women who select and appreciate and utilize the true and genuine product, proves most profitable and most satisfactory to themselves and to all who follow them. Therefore, in connection with so important a subject as the physical well-being of the people, the most eminent physicians insist on full information as to the wholesome nature and truly beneficial character of the component parts of the remedies used and prescribed by them, and the wise manufacturer not only supplies them with the knowledge desired, but also combines for them in proper proportions the very substances most approved by them and omits every objectionable substance. The world-wide acceptance of Syrup of Figs and Elixr of Senna by physicians and the well-informed of the world, as the best of family laxatives, is due to the universal satisfaction which it has given for more than a quarter of a century and also to the fact that it is a remedy of known quality and known component parts and to the further fact that the California Fig Syrup Co. presents it to the world simply as the ideal strengthening personal laxative to cleanse and sweeten the system gently, yet effectually, and to dispel colds and headaches and to assist in overcoming constipation. To get its beneficial effects—always by the original and genuine, for sale by all leading druggists. The full name of the company—California Fig Syrup Co.—is always plainly printed on the front of every package.

A VALUABLE SUGGESTION Information of Importance to Everyone A great deal of pain and suffering might be avoided if we had some knowledge of physiology and the care of the body, particularly those parts that do the most work and should always be kept strong and healthy. In an interview with a prominent physician he states that people should pay more attention to their kidneys, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood. During the Winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble. An herbal medicine containing minerals or opium has the most healing influence. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root. You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention The Portland Daily Oregonian.
