

COMMONS UPHOLD RECIPROCIITY DEAL

British Premier Says Interests Not Affected Adversely by Agreement.

PREFERENCE STILL STANDS

Asquith Admits Canada Will Be Able to Sell Cheaper in America Than in Mother Country—Balfour Speaks for Colonies.

LONDON, Feb. 9.—The amendment to the address in reply to the speech from the throne, introduced in the House of Commons yesterday by Austen Chamberlain, urging fiscal reform, with special reference to the proposed reciprocity agreement, was rejected tonight by a vote of 223 to 222.

Treaty Various Interpretations.

Of course, under the agreement, Canada will be able to place certain commodities in America at a lower rate than she will be able to place them in the United Kingdom, and, of course, there is the most favored-nation treaty between the United Kingdom and America, but the latter does not place the "same interpretation" upon that treaty as does Great Britain.

How Canadians Gain.

Mr. Asquith concluded by pointing out that the effect of the agreement would be to allow the Canadian farmer to export his produce to the United States at a lower rate than he would be able to do elsewhere.

LECTURE No. 2

Effect of Veils on Vision

Admission of Arizona and New Mexico Will Increase Total to 435. Oregon Will Gain One—Crumpacker Fights for 391.

In experimenting upon the effect of the wearing of veils upon the eyesight, I selected over a dozen specimens of veils and applied the ordinary tests of ability to read while wearing them. These tests clearly showed that every sort of veil affects, more or less, the ability to see plainly, both at a distance and near at hand.

WALNUT GROVES DAY

March 5th

The sale opens on 800 acres of the finest walnut land in California.

CONCORD is the place and it is only 21 miles back of Oakland in the beautiful Mount Diablo country.

3-YEAR-OLD GROVES: 200 acres are in English walnuts, grafted in black walnut roots, which will be producing \$75 per acre in four years and will increase every year for the next 25 years, producing over \$1500 per acre.

NATURE'S WALNUT NURSERY: Eighteen years' experience has proven that walnuts grown in the Mount Diablo country outlive the famous Grenoble walnut of France, bringing a better price than the imported nuts.

AN IDEAL HOME, within 45 minutes' ride of Oakland, on the new Oakland & Antioch Railway, and lying in one of the most beautiful valleys of California, with a climate unsurpassed in the state and all the advantages of schools, churches, banks, mercantile houses and the social advantages derived from contact with the best business men from the adjacent cities who are fast securing homes among the WALNUT GROVES.

TOWNSHIP HOMES. For those desiring a small plot for a home we have arranged a township, adjacent to Concord, consisting of 50-foot lots, with beautiful parkways. These lots lay BETWEEN THE TOWN OF CONCORD and the WALNUT GROVES.

Excursion March 5, 1911

To those interested in walnut lands and country homesites, we have arranged for a special train on Sunday morning, March 5th. Save a year by buying now, as no more groves can be planted this year.
