President of Contracting Company Has No Fear of Delays as

L. S. Stewart, of Kansas City, president of the Union Bridge & Construction Company, arrived in Portland last night and this morning will go to the City Hall to sign the contract for the substructure of the Broadway bridge. be started within a week or ten days. 'The opposition to the Broadway bridge will not hamper the work," said Stewart at the Imperial Hotel last ht. "It seems that about every legal ebstacle is now out of the way, we have no fear and the work will be pushed. That is the only way for a contractor to make money. We have the City of Portand behind us and there is no need for worry. Our part of the bridge will be finished January 1, 1913, and the steel should be in place and the bridge opened

in the following March or April.

"Just as soon as the contract is signed work will begin. Within 10 days, I think, we shall be at work on the piers and there will be no delay in finishing the job. Steel construction probably can begin next Fall. If the question of approaches to the bridge is settled with the proaches to the bridge is settled with the railroads.
