fectual Cure For It. FOR THE NEWEST VISIT THE EASTERN Catarrh of the stomach has long sen considered the next thing to incurable. The usual symptoms are a full or bloating sensation after cat-ing, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, head-aches, fickle appeate, nervousness and a general played out, languid feeling. There is often a foul taste in the mouth, coated tongue and if the in-torior of the stomach could be seen it would show a slimy, inflamed condi-

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disap peared.

According to Dr. Harlanson, the safest and best treatment is to each meal a tablet, composed of Dias tase, Aseptic Pepsin, a little Nux, Gold-en Seal and fruit acids. These tablets can now be found at all drug stores and now be found at an drug stores under the name of Stuart's Dyspesia Tablets and not being a patent medi-cine can be used with perfect safety and assurance that healthy appetite

and thorough digestion will follow their regular use after meals. The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows

As Dr. Bennett says, the only reason can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion is because many people seem to think that because a nedicine is advertised by a trade mark it must be a humbug whereas as a matter of truth any druggist who is observant knows that Stuart's Dys-pepsia Tablets have cured more people of catarrh of the stomach, indigestion heartburn, heart trouble, nervous pros tration and run down condition generally than all the patent medic'nes and doctors' prescriptions for stomach trouble combined.

Stuart's Dyspepsia Tablets is the safest proparation as well as the sim-plest and most convenient remedy for any form of digestion, catarrh of the stomach, billousness, sour stomach, heartburn and bloating after meals,
