SHEPARD GIVES UP SENATORSHIP RACE

With Announcement He Makes Prediction That Sheehan Will Also Retire.

DEADLOCK HELD MENACE

In Letter to Friend, Shepard Warns Democrats That Unless Solons Unite, New York Will Be Shy Man at Extra Session.

NEW YORK, Feb. N-Edward M. Shapard, in a letter to Montgomery Hare, tonight announced his retirement from the fight for the United States Senatership to succeed C. M. Depew.

He adds that in his opinion William F. Sheehan's retirement is imminent, and warns the Democratic members of the Legislature that unless the members "promptly unite, the extra aguston of Congress will find the State of New York but half represented."

Earlier in the day Martin W. Littleton irseed a statement pointing, as does Mr. Shepard, to the "grave responsibility" resting upon the Democratic Legis-lature and calling upon Charles F. Murphy, leader of Tammany Hall, to cause the retirement of Mr. Sheehan and break the five weeks' deadlock of Albany. Shepard Sends Letter.

Mr. Shepard's letter is in part: The futile balloting has continued at Albany for more than five weeks after the date prescribed by law for the choice. One week from today the seat of the new Democratic Senator will be ready for him at Washington.

Democratic members "Unless the Democratic members promptly units the extra session, which now seems probable, will find the State of Now York but half represented.

Sheehan's Election Impossible.

"It was plain a month or more ago that Mr. Sheehan's caucus nomination had aroused a Democratic opposition so important and persistent as to render impossible his election by Democrats. I assume therefore not only that Mr. Sheehan will not be chosen, but that at this late day that fact is clear to himself and his supporters.

"Assuming that Mr. Sheehan's withdrawat is imminent, there rests upon the members of the Democratic minority a grave further responsibility.

a grave further responsibility.

Change Is Needed.

The impending end of the candidacy of Mr. Sheshin seems to me to require some change of programms to which, some change of programms to which, in a slight degree. I can perhaps contribute. Now that the one long-continued obstruction to a genuinely Democratic choice is probably ended, the voters for myself ought to give way to other and more effective votes.

I should be glad if you, as my friend, would make it clear to the mimority who already have voted or who might hereafter vote for me, that I am definitely and absolutely outside of the

definitely and absolutely outside of the list from which candidates can be chb-sen. I do not, however, withdraw from political activity, or from warm support of the Democratic party." Tammany Is Denounced.

With himself finally eliminated as a candidate, Mr. Shepard addressed some friendly words to the minority. He denounced the Tammany dominance of the caucus which chose Mr. B and declares that the Democratic party can never succeed in this state when it generally believed that Tammany

mirois the nominations.

Martin W. Littleton today made puba letter to C. F. Murphy, asking the Tammany leader to leave the Legthe rammany leader to leave the Leg-islators of New York State "free to register their own will and exercise their own choice," in the election of the successor to Senator Depew.

Democrats Held Menaced.

He tells Mr. Murphy that by holding the Democrats in the Senate and Assembly to their caucus piedge for W. F. Shechan, he is jeopardizing the prospects of National Democratic unity and Democratic success in the next sidential campaign.
r. Littleton predicts that if the

deadlock continues, the Canadian re-ciprocity treaty, tariff reform and the proposition to elect Senators by direct vote may fall for want of a Demo-cratic Senator from New York. The present deadlock, he declares, will be easily broken if Mr. Murphy

withdraws his influence, which he characterizes as an "endurance test" to de termine whether Tammany Hall can extend its control to other sections of the state.

REVOLUTION HELD REAL ONE

Charles J. Schnabel, Just Back From Mexico, Tells of Incident.

There is really a revolution in Mexco," said Charles J. Schnabel, who returned from a trip to Southern Caliornia and the scene of hostilities in Mexico last night. "From what I could learn, the poor people charge that the Diax government has granted valuable Diaz government has granted valuable concessions to the Rothschilds in France and to American trusts, and that the poor are becoming poorer. It is very difficult to obtain an expression from residents of Mexico on the revolution. You do not know when you are talking to a supporter of the government or an insurrecto. They listen to what you have to say, shrug their shoulders and make no reply. In Tia Juans, just across the line, where Mr. and Mrs. Alexander Kerr, of Portland, were arrested by the Mexican officials while they were taking pictures, there are unmistakable signs of a serious condition of affairs, although the town is such a small place that it is difficult for me to understand

The Kerr incident was not as serious as made out in dispatches, and I had nothing to do with their release when they were taken in custody. Mr. and Mrs. Kerr were going around in Tiafuana in an automobile, taking pictures. They had taken a picture of the jail and a picture of the officers. About 4 o'clock last Wednesday afternoon, while Mr. Kerr was taking a picture of the buil ring, a shot was heard from the direction of the revolutionists' camp, about 15 miles distant, and immediately a shot was fired by some government soldiers.
