Norwegians to Onserve May 17.—It has been decided by the Norwegian societies of Portland to observe May 17, the "Norwegian Fourth of July." It is proposed to have a huge meeting, the first in many years, and to have public speaking and a general observance of the customs of the "old country." The day is celebrated because on that day in 1814 Norway obtained its constitution separate from the one possessed by Sweden. A joint committee with representatives from the Norwegian Singing Society, the Sons of Norway, the Society Fram, the Daughters of Norway, the Young People's Society and the Young People's Society was organized at a meeting Monday to look after the details of the celebration. Bt G. Ericksen was chosen president, H. Backen secretary and A. L. Balstad treasurer.

Two Would Be Candidates—Walter Adams, of Sellwood, and F. G. Urfer, of an Milwaukie street, filed their declarations of intention to be candidates for Councilman from the Seventh Ward on the Republican ticket yesterday. Both desire to succeed A.-G. Rushlight, who is a candidate for Mayor, Mr. Adams swears that he will, if nominated and elected, devote the necessary time to the work, to reference the city's interests in general safeguard the city's interests in general and the Seventh ... ard in particular. Mr. Urfer says he stands for a progressive Portland, a clean, moral town and that he will conserve the best interests of the people. ... nominated and elected. If the hopes of the promoters of "Colonist day" are realized today, 100,000 letters will have been mailed to Eastern friends of Oregon citizens, inexistern friends of Oregon citizens, inviting them to come out and spend a
portion of the Summer in Oregon. Acting upon the proclamation of Governor
West, not only Portland but nearly
every Oregon town and hamlet will
make a special effort to observe the
day by writing letters and inclosing
literature descriptive of the resources PATROLMAN SHOOTS JOTRIDER.—Brought to a stop in full career by a pistol bullet which took off the top of his ear, Omar Schobel was taken to the literature descriptive of the resources of the country. Salem, Eugene, Ashland, Grants Pass, Medford, McMinnville, The Dalles and many other places have special methods for sending letters. In many instances the commercial clubs have agreed to pay the postage. Real estate men are es-

pinces have special methods for sending letters. In many instances the commercial clubs have agreed to pay the postage. Real estate men are especially interested in the movement for in it they see an oportunity to place their literature in the hands of what they term "prospects."

An extensive programme has been mapped out for Portland. Forty real estate men met in the office of Julius Meier, of the Meier & Frank Company, yesterday and planned for the establishment of booths in the Made-in-Oregon Show of the Manufacturers' Association. It was decided to open 10 booths, where the central point of the distribution of literature will be located. The Chamber of Commerce has furnished all the reading matter it can cated. The Chamber of Commerce has furnished all the reading matter it can spare, the Commercial Club has had printed 10,000 folders which can be inclosed in envelopes easily. Big promotion schemes will be represented by an abundance of printed matter. When a person desires to send literature to an Eastern friend, all he will need to do will be to write the address upon the envelope and the clerk at the booth will do the rest. Not even a stamp will be fiecessary.

It has been requested by the promotion committee of the Commercial Club that all teachers in the public schools instruct the children when they go home to be sure to remind their parents of their duty on Colonist day—to

a mining company at Grants Pass.

CYPIC COUNCIL COMMITTEES DELATED.—
John H. Haak, president of the Civic Council, said yesterday that he would not finish selecting members for the committee of 50 until tonight or tomorrow. The committee is to hear such compleints as citizens desire to make regarding the work of the Board of Education. It was said yesterday by E. L. Mills, author of the motion adopted at the meeting of the Civic Council Monday night, that the committee would make its own rules for holding its meetings and that it was the rents of their duty on Colonist day-to invite some one to come to Oregon. It is believed that the teachers will do this out of patriotic motives and with-out further reminder. The School Board has given consent to the move-

ment.

It is proposed that a committee shall visit the stores down-town today to see whether something can be accomplished in the work of making the day not only one of spirit but of action.

At the Union Stock Yards the employes will have an opportunity at the noon hour to write their letters to their friends in other lands. Many of the employes are from foreign shores. the employes are from foreign shores, and the invitation will be sent to every country in the world. Foreign societies have been requested to assist in the general movement.

Smooting Range Flooded the range of the Portland Revolver Association Monday and the shoot-off of the tie between Portland. Springfield and Culebra, Nicaraugua, was declared off for the time-being. With each team having won 17 and lost one match there is a considerable rivalry between the Springfield and Portland clubs. The winner of the match, it is said, will be halled as the winner of the United States championship.
