PLANS WAIT ON WATERWAY

Whitney Company Will Not Improve Until Bar Is Cleared.

No extensive improvements upon property of the Whitney Company, Limited, in and around Tillamook, will be made, according to statement of Russell Hawkins, manager of the company, until the United States Government provides some method for vessels to cross the Tillamook bar.

"We have extensive holdings in the Tillamook country," said Mr. Hawkins, "but we cannot exploit our own property until there is a deep waterway, and it is up to the Government to furnish this facility."

Mr. Hawkins has just returned from Washington, D. C., where he appeared before the board of review in charge of river and harbor work.

Secretary of Bar Association Begins Fourth Term.

Arthur Langguth, who has been a practicing attorney in Portland for the last seven years, has been elected by the Multnomah Bar Association to take a fourth term as secretary.

Mr. Langguth was born in Detroit, Mich., April 26, 1869. He graduated from Detroit College of Law in June, 1893, and came to Portland the following month.

Dependent upon this improvement are the plans of the Whitney Company, Limited.

Mr. Hawkins expressed the opinion that the board of review would agree eventually with the view of the special board of Army engineers.

HOFMANN RECITAL REAL JOY TO MUSIC LOVERS

Artist Displays Beautiful Sentiment and Dynamic, Dramatic Force in Rendition of Master Compositions.

BEAUTIFUL sentiment, first and dynamic, dramatic force, second. That is a visualization of the art of Josef Hofmann, the mature artist, who played with notable success at the piano recital he gave yesterday at the Heilig Theater, under the auspices of the Heilig Theater-Wynn Coman.

Six years ago, or so, Portland last heard Hofmann in piano recital in this city, when he was more or less known as an advanced boy prodigy, a lad blessed with wonderful talent as a pianist in interpreting the legacies left by the great ones of music.

That doubting inquiry was answered at yesterday's successful recital. Hofmann played a programme bristling with technical difficulties enough to try the skill and strength of the most mature, and he emerged to entire satisfaction as a full-fledged piano virtuoso, equal to the best of the great pianists of our day.

NEW BILLS AT THEATERS. "BAKER STOCK COMPANY" In "The Wolf," a Play in Three Acts by Eugene Walter.

"BROWN'S IN TOWN," A Farce Comedy in Three Acts, by Mark Swan, Presented at the Bungalow Theater.

SUFFICIENTLY dramatic in its story and action to claim close attention, spectacular in its scenic effects, and brimful of realism, the Baker Stock Company's production of "The Wolf" affords pleasure and entertainment for all classes of theater-goers.

SEVERAL seasons of shows have come and gone since Mark Swan's comedy, "Brown's in Town," a merry mess of fabrications, made its local appearance.

As almost everyone knows, "Brown's in Town" is a broad farce having to do with the troubles of an extremely youthful couple, who, despite parental objections on the subject, have married.

Other widely varying ribs follow fast to cover previous statements and finally everybody is "in wrong." Naturally, bending over the body of his rival, does the audience know who is victor.

Miss Bainter captures her audience with her capricious and dainty role of Suzanne Dacre, who knows a thing or two, and who obligingly marries all the Browns in order to straighten out entanglements.

A fine bit of comedy is afforded in the spontaneity and boyishness with which Walter Gilbert invests the role of Huntley, the young engineer who assists McDonald, but who, when he discovers his employer's perfidy, devotes himself to Jules' cause.

The only woman in the cast is Ida Adair as the patient Hilma. Her blonde beauty makes a charming picture, and from beginning to end the impression she gives is essentially as the author would have it.

GOLD DUST will take the grime and smut, grease and dirt from your pots and pans in a twinkling, leaving them as clean as when new

GOLD DUST is so far ahead of soap for cleaning pots and pans, that the woman who does not use it is really doing about twice as much work as necessary.

GOLD DUST does more than clean—it goes to the very heart of things, kills every germ and sterilizes your cooking utensils. It makes them sanitary, clean and safe.

GOLD DUST is a vegetable oil soap in powdered form, which starts to work the moment it strikes the water; it cleans quickly, easily and thoroughly.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form.
