The barley market has gained in strength from the improvement in the Eastern situation. There is again a good demand from the East for brewing harley, but there is little to be had in the Northwest. California is shipping barley to the East via the Horn.

Apples Firm and Higher Quotations Looked For-Potatoes Active but Weak.

SEATTLE, Wash, March 6.—(Special.)—
Oregon, Washington and Wisconsin cheeses sold today as low as 14 h cents, a new low level for the segaon. Few sales were made above 15 cents. The cheese market here is hadly overstocked and the demand is none too brisk. Little packers are said to be long several thousand packages. Eggs and butter were unchanged.

A carload of Florida tomatoes is due to arrive tomorrow. The market is bare of first-class tomatoes.

The undertone of the apple market is stronger and an advance in prices, particularly on fancy and extra choice stock, would excusion no surprise among well-posted commission men.
Vegetables were scarce. Sprouts advanced to 11 cents. Cucumbers were just about off the market at \$2.3045.

There were no new developments in the polato market. Warmer weather, however, had a depressing influence. Trade was active.

Wheat receipts today aggregated 32 car-

Wheat receipts today aggregated 32 car-loads, or more than have arrived here on one day for several weeks. The sale of wheat for export and the desire to escape taxes is held to be responsible for the heavy receipts. Prices were unchanged. The market was firm.

The market yesternay was the most active that the yards have known for many a day. The receipts were the largest this year, aggregating 5382 head. Although the demand was brisk, the heavy efferings, especially of cattle and hogs, had the effect of hearing down values. Cattle held their own fairly well in spite of weakness, but the hog market is off about a half dollar. No steers went over \$6.50 and more sold around \$6.35, while average stock sold down to \$5.50. The best cows on offer brought \$5.50 and medium stuff a dollar less. A few fancy calves held at the former top quotation. The market yesterday was the most active

A large load of wethers, averaging 105 pounds, found buyers at \$4.25, and a small bunch of feeders brought \$2.25. Lambs sold at \$6.00, showing the sheep market in general to be easier.

STOCKS ARE FIRM, BUT TRAD-ING IS LIGHT.

Time Money Market Duller Than for Several Months-Bonds Are Steady.

NEW YORK, March 6.—The stock market was strong today in spite of the fact that virtually the same conditions prevailed as those which brought about recessions of previous days. When it became apparent that the selling movement of last week was not to be continued, there was some covering of short contracts, which, with a renewal of bullish tactics, put up prices of most of the standard stocks a point or more in the morning. Thereafter the market was dull and the close was generally below the top level.
