Uninewiththe Corpus Found. - Lying under a pile of lumber near the plant of the Northwest Door Company, at the east end of the Lower Albins ferry, the body of an unidentified elderly man was found yesterday afternoon. There were no marks of violence, but the case lears the appearance of one of suicide by potent. The deed man was about 50 years old. 5 feet 5 inches tall, had fron gray hair and wore a checked suit. light green overcost, white collar and gray, soft hat. The shoes had been removed and lay beside the body. There was nothing in the pockets that would essist identification.

R. L. Samue Named Receiver.—R. L. Sabin was appointed in the Federal Court yesterday receiver of Brown Bros. a mercantile firm of Myrtle Point. Receiver Sabin's bond was fixed at 10,000. The appointment was made upon the peliof Wadhams & Co. Brown Bros. being alleged to be bankrupt. The peti-tion alleges the accounts receivable to tion alleges the accounts received to be 250m. 14, the general merchandles to be worth 2000 and the store furniture and fixtures, 250m. O. E. Tackstrom, of Medford, engaged in the general merchandles business is also in the Faderal Court, a bankruptcy petition having been filed against him by Shaff & Barnett.

filed against him by Shaff & Barnett.

The Convertions Securate—Ten convictions and four acquittals is the record in the campaign of the State Medical Board against irregular practitioners, the first period of which closed yesterday with the acquittal of J. T. Pierce, before a jury in the Municipal Court. All except two of those convicted have made appeal and will bave retrial in Circuit Court. The campaign is not closed, say the investigators, who have in prospect a new lot of arreste. It is said that one or more regular physicians will be or more regular physicians will be caught in the drag-net.

caught in the drag-met.

AFRANSE Under Heavy Bonds.—Because nothing was known of evidence in the case against L. W. Ming. a Japanese manufacturer of noodles, wanted at San Francisco, his ball was fixed at \$5000 in the Municipal Court yesterday, to assure his appearance when California officers arrive to take when California officers arrive to take him back. Ming is charged with obtain-ing money by false pretenses, and it is reported unofficially that the trans-action was in the nature of an over-draft upon a security company.

Time Wanted FOR Panama.—Bide for 20,000 Douglas fir cross ties are being asked by the Isthmian Panama Canal Commission according to blank specifications which were received by the Fort-land Chamber of Commerce yesterday. Bidders must have their applications in Washington, D. C., before April 10. The ties must be 7 by 5 inches and 815 feet leng. The specifications may be examined at the office of the Portland Chamber of

CIRCUIT COURT ABOLISHED

New Federal Statute Increases Minimum Amount in Suit.

The law relating to the Federal ju-dictary, which has been codified, re-vised and amended, abolishes the United States Circuit Court and the power of judges to hold court in any district except their own. From the district except their own. From the time the new law goes into effect Circult Judges will have jurisdiction only in the United States Circuit Court of

Appeals.

The new law also increases from \$2000 to \$3000 the amount which must be involved in a suit before it can be taken into the Federal Court. As is well understood by attorneys, this jurisdictional amount is not taken into consideration in admiralty cases, or in cases in which the United States is a party. The new law goes into effect party. The new law goes into effect January 1, 1912. United States Com-missioners Marsh and Cannon have re-

ceived copies of the new law.

In abolishing the Circuit Court the law also abolishes the office of cierk of the court. This position is now held by George H. Marsh, who has held the position since the resignation of J. A. Sladen in 1908.

BIG BARGAINS. Women's Goods Half Price.

Muche, of Portland, and Joseph Muche, of McNell's Island, Wash.

Ellis' Amendment Would Compel Competition.

BLOW AIMED AT MONOPOLY

Charter Would Require Paving Advertising to Call for Bids on at Least Two Materials, One Not Patented.

A radical change in the system of improving streets will be made if a propos sendment to the charter is adopted by the people next June as drafted by Councilman Ellis, of the Tenth Ward. H would have not less than two brands o material specified in advertising for bids material specified in advertising for bins on hard-surface work. One must be non-patented. The effort Mr. Ellis is making is to make possible securing competitive bids for each atreet to be paved. Under the present system this is not worked out. One of the chief provisions in Mr. Ellis' proposed amendment is as follows:

One of the chief provisions in Mr. Edits' proposed amendment is as follows:

The Council, in improving any streets or any part or parts therof, within a district that includes paving, shall require from the City Engineer plans, specifications and estimates for two or more kinds of appropriate improvements, at least one of which must be of a non-patentable kind, and the probable cost of each class of improvement, and the City of Portland. If the Council shall find such plans, specifications and estimates in the office of the City of Portland. If the Council shall find such plans, specifications and estimates to be satisfactory, it shall approve the same and shall determine the boundaries of the district benefited and to be assessed for such improvement and the action of the Council shall be final and conclusive. The Council shall by resolution declare its purpose of making said improvement, describing the same and also defining the boundaries of the assessment district to be benefited and assessed therefor. The action of the Council in declaring its intention to improve any street or streets or any part or parts thereof, approving and adopting the plans, specifications and estimates of the City Engineer, and determining the district benefited and to be assessed therefor, may all be done and cone and the same meeting of the Council.

The Council at present specifice only one and only any and only any and the part of the Council. one and the same meeting of the Council.

The Council at present specifies only one kind of pavement to be used on a street, such as asphalt, bitulithic or Hassam, and bids for whichever one is specified are alone received. There is only one company bidding on Hassam; two on bitulithic and two or three on asphalt. They have the city districted and celdom, if ever, will one bid on a street in the territory of the giher. Asphalt is not patented, but so far these have not figured largely in the improvements of the city; stone blocks are in the same class, although more of these

the same class, although more of thes have been used.
Under the Ellis amendment, it would consiste for the Council to call for bids on a given etreet for all kinds of hard-surface pavements, and for the Executive Board to let a contract to the lowest bidder. The theory is that it would break the alleged monopoly, said by some to exist at present. exist at present. endment is to be submitted by

Y. M. C. A. WORK PROSPERS

the initiative, and those wishing to sign it may do so by calling at Mr. Ellis' office, 409 Couch building.

Increased Activity May Lead to Founding of More Branches.

Reports submitted at the monthly meeting of the directors of the Port-land Young Men's Christian Association resterday afternoon showed that insti-tution is doing a far greater work than ever before in its history. Not only is at any time in the past, but every department is operating more extensively.

The directors received a detailed report of the condition of the Sellwood Y. M. C. A. recently organized. The Sellwood association now has 154 mem-bers, which is considered very satisfac-tory, considering the brief time it has been open. There is an average daily attendance of 115 persons in the gymnasium while the religious work is also prospering. The Sellwood association is now holding regular Sunday afternoon meetings for men, following the plan

that the central association has carried on for many years.

The Sellwood Y. M. C. A. has been so successful that it is probable other branches will be established throughout the city at no distant date. It is known that citizens of North Albina and other communities have asked that associa-tions be established, but the directors are not yet ready to take definite
