# **CANDIDATES WAIT** SIMON'S DECISION

Werlein, Lombard and Lightner May Enter Race if Field Is Open.

THOMAS' DECLARATION IN

Dr. Harry Lane, Though Non-Com mittal, Is Regarded as Likely Nominee of Minority-Rushlight Working Hard.

Uncertainty surrounding the Mayoralty situation will be cleared up materally in the next week or 10 days when ially in the next week or 10 days when Mayor Simon expects to announce definitely whether or not he will be a candidate to succeed himself. In the meastime, prospective candidates for this office are playing a waiting game. In the Democratic camp, Max Fleischner has declined to become a candidate. While remaining noncommittal, Dr. Harry Lane is still regarded as the most probable candidate of the minority party, although George H. Thomas, chairman of the County Central Committee, yesterday filed his declaration as a candidate for the nomination.

Mayor Simon Strongly Urged.

For several days I have been urged by responsible business men of Port-land by letter and in personal inter-views to be a candidate to succeed my-self, said Mayor Simon yesterday, but I have not reached a decision. There is ample time for making an announcement as candidates in the municipal election have until April II in which to file their declarations. I expect within the next 10 days to make an announcement as to whether or not I shall be a candidate for a second term."

Mayor Simon's announcement will be

Mayor Simon's announcement will be of particular interest to City Treasurer of particular interest to City Treasurer Werisela, Councilman Lombard and County Commissioner Lightner. While each would like to receive the Republican nomination for Mayor, he would prefer not to oppose Mr. Simon for the nomination. Friends of Lightner, however, are urging him to become a candidate regardless of whether or not Mr. Simon remains in the cona candidate regardless of whether t Mr. Simon remains in the con-in view of the fact that Mr. Simon will make an announcement inside of 10 days, it may be expected that the other aspirants for the nomination will wait to see what it is.

Rushlight Making Campaign.

Councilman Rushlight, although he has not filed his declaration, is not de-laying his campaign activities pending the announcement of Mayor Simon or the anneulnement of Mayor Simon or say of the prospective candidates for the nomination. Mr. Rushlight may be seen almost delly from early morning until nightfall touring the suburban dis-tricts by automobile and meeting the voters personally. He is not spending all of his time soliciting plumbing jobs,

either.

There is a strong suspicion that a distinct understanding exists between Mr. Rushlight and Dr. Lane regarding their respective candidactes. If Dr. Lane will agree to be a candidate, it is suspected that Mr. Rushlight will not enter the contest. On the other hand, if Dr. Lane concludes not to go into the fight, Mr. Rushlight will go after the Republican nomination, believing that with Lane out of the race, he can defeat any Lane out of the race, he can defeat any other Democratic number

## Views Almost Identical.

Priends of Dr. Lane and Mr. Rush-light emphatically deny that such a compact exists but the delay of Mr. Russlight in filing a declaration of his cardidacy is believed to lend color to the report. Both men are contending for the same things in municipal affairs and should both become candidates their platforms would be almost identical. Councilman Baker, of the Fourth Ward, who was considered a likely candidate for Mayor this year, has decided not to seek re-election from his ward but will be a candidate for Councilman-atlarse.

Assistal SIXTH-STREET ENTRANCE OF UNION DEPOT.

Then the permanent display booths which we maintain in St. Paul, Chicago and other cities had a great deal to do with inducing the people to come. They are convinced that the literature which we distribute does not exagger ate conditions and that we give good values for the money."

I Northwest Show to Be Held

Candidates for nomination in the municipal primary election have until April II. or five weeks yet in which to qualify as candidates by filing their announcements. The primaries will be held Saturday, May & and the city election will follow on Monday, June 5.

### WOMAN WITNESS BURIED Marshal Colwell Defrays Cost When

Federal Prisoner Dies.

A pauper's grave is usually the last resting place of the fallen woman without funds or friends, but hurial was given Marie Reed at the expense of United States Marshall Colwell yesterday. The funeral service was held at 2 o'cleck at Dunning's chapel, and the hody was buried in a handsome casket at Rose City Cometery.

The woman was held as a witness against Belle Marshall, accused of violating the "white siave" law by carrying on traffic between Seattle and Lakeview, Or. While the Reed woman was being held in the county full Marron Cameron learned that she needed medical attention, and she was sent to the

cal attention, and she was sent to the Good Samaritan hospital, where an operation for appendicitie was performed. But pericentis set in, and she died.

The physicians' fees are being borne by the Government, as she was a Federal resource.

values for the money."

Arrivals from the Atlantic Coast states | Northwest Show to Be Held have been few so far, as travelers have not had time to arrive here. The states immediately east and west of the Mis-sissippi River and the Missouri Valley have furnished nearly all the arrivals to

Special Party Goes to Sutherlin.

Special Party Goes to Sutherlin.

Two special cars, bearing 55 passengers, arrived in Portland over the O.-W. R. & N. yesterday, being attached to the first section of No. 5. The travelers were residents of Minnesota, Iowa, Illinois and Indiana and the party was recruited by the agents of the Luce Land & Development Company, of Portland and St. Paul. The coaches continued to Sutherlin. Or., where the company has a tract of 16,000 acres in agricultural and orchard land; 2000 acres of which already is in bearing orchards.

Of the passengers in this excursion, 22 will remain in the state. Others may come back to take up their homes on the Sutherlin tract after returning to the East. The party was in charge of Barney Willett, Howard Everett and E. L. Myers, officials of the company.

KELSO PLAN BRINGS RESULTS

Many Thousand Folders Being Sent Out to Advertise Vicinity.

Out to Advertise Vicinity.

KELSO, Wash, March 15.—(Special.)
The community publicity plan taken up with the Oregon-Washington Railroad & Navigation Company by the Kelso Commercial Club is obtaining effective results, according to E. G. Bixler, secretary of the club, the colonist folders sent out by Kelso bringing many inquiries from Easterners who wish to locate in the Northwest.

To the Kelso Journal has just been awarded the contract for printing 10,000 Kelso postal folders. This is the second installment, of publicity matter to be turned out by the plant, the first being 15,000 colonist folders. The postal folders will have a six-page cover and eight-page insert. The cover will be printed in three colors and the inside in two colors. The literature will be handsomely illustrated with halftone views of this vicinity, one being a two-page panoramic view of the city and surrounding territory.

# Нарру, Нарру, Use TIZ

A Marvel for Sore Peet. Acts Right Off

Sore Feet! Never After Using TIZ-Good-bye sore feet, aching feet, llen feet, sweaty feet, smelling feet,

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots.
You've never tried anything like TIZ before for your feet. It is different from anything ever before sold. It acts at once and makes the feet feel remarkably fresh and sore-proof.
TIZ is not a powder. Powders and other foot remedies clog up the poreations which bring on soreness of the feet, and is the only remedy that does, TIZ cleans out every pore and glorifies the feet—your feet.
You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. If you don't find all this true after trying a box of TIZ, you can get your money right back.
TIZ is for sale at all druggists at 25 and 50 cents per box, or it will be sent you direct, if you wish, from Walter

and 50 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill. Rec-ommended and sold by The Owl Drug Company.

quate. Train 17 reaches Baker at 7:45 A. M. and train 5 reaches here at 8:45 P. M. CHANNEL NOT TO WAIT FOR GOVERNMENT ACTION.

Money Subscribed to Pay for Dredging of Waterway Across Obstructing Shoal.

ASTORIA. Or., March 14 .- (Special.)-The improvement of the mouth of Deep River is to be taken up at once, and funds to defray the cost are being raised by private subscription. Lists have been in circulation three days and the suc-

in circulation three days and the success attained is such as to make it certain that the entire sum will be available soon. Nearly every person residing in the Deep River district, and the companies operating steamers, including the ub-river towboats which go to that section, are contributing liberally.

William Anderson, H. Settem and Captain Harry Hasiam have been appointed trustees to take charge of the fund, and will direct the improvement, arrangements having already been made with a dredging company to do the work. The plan is to dig a channel 50 or 60 feet wide and three feet deep across the shoal, which is several hundred feet in length. This will give depth in the neighborhood of eight feet across the bar at low water, and as all the emaga are to be removed, vessels plying to and fro will then be able to keep the channel clear.

The cost of this improvement will be

fro will then be able to keep the channel clear.

The cost of this improvement will be about \$500 and those interested decided that it will be better to raise the money and do the work than endeavor to secure Government aid, which would mean a delay of several months. By deepening the channel three feet sufficient water will be provided to accommodate any of the steamers which run on that route, while to deepen it more than that would result in lowering the water in the upper reaches of Deep River, without accomplishing any better results for the sid of the shipping.

## APPLE SOILS ARE TOPIC

Lecturer to Discuss Varieties Suited to Various Conditions.

What particular varieties of apple frees What particular varieties of apple frees are best suited to different kinds of soil will be explained by Professor I. C. Lewis, of Oregon Agricultural College, in an address in the auditorium of the Portland Young Men's Christian Association next Saturday night at 8 o'clock. "Varieties of Apples and Environment" will be Professor Lewis subject. This is a topic to which he has given much study and it is a subject of first importance to applegrowers. It is expected that many people who are planning to set out apple orchards will attend the meeting because of the valuable information they will get to guide them in their work. Already shipments are arriving for the Pacific Northwest Livestock Show, which will take place at the Union Stock Yards next Monday, Tuesday and Wednesday. J. M. Evans of Eagle, Idaho, is the first exhibitor to arrive with stock. He brought two shorthorn steers. They each weigh nearly two tons. The actual weight would not be given out by Mr. Evans. He also has entered a Polled Angus helfer.

The admission to the show, which is the first of its kind to be held upon the Pacific Coast, is free and the public is especially invited to attend.

It is contended by stockmen that the country at large is more apt to grow rich from stockraising than from fruitgrowing. They say that the entire fruit industry of the three states is only \$10.000,000 yearly while the stock industry will easily reach \$30,000,000 and is increasing every year.

Logged off lands, the dairy industry and the vast domain for alfalfa upon the plains east all furnish opportunity for the development of the ilvestock industry, they declare.

The show, which opens Monday, will witness an interesting contest between atudents of the Washington State Agricultural College and those of the Oregon State Agricultural College. A purse of \$100 is offered to the class which can secure the highest marks in judging livestock from the standpoint of the International Association. Both classes have been trained as to their duties for some time. Washington students have had much field work and their training is said to be exceptionally fine for the coming contest. However, the Corvallis students look forward to taking home a banner which they will raise on the campus. They expect to celebrate their victory, if they win, by a big bonfire.

Professor Lewis will spend Saturday in

# Great Danger Hidden In Treacherous Disease

Field in the Membrane of the Gatarrh Victim.

Catarrh is a treacherous disease; it is great deal more dangarous than many

Germs of Consumption Find Rich class that the only way to drive out catarrh is to destroy the germs. There is one remedy that will destroy these germs if used daily, and that remedy is known all over the civilized world as HYOMEI (pronounce it High-

Catarrh is a treacherous disease; it is a great deal more dangerous than many suppose.

Catarrh is caused by germs and so is consumption. The air we breathe is filled with the microbes of both.

When the germs of catarrh have mutilated the membrane that lines the nose and throat, it becomes sore, inflamed and weak, and in this weakened condition is not able to fight off the germs of consumption when they appear.

If you have catarrh, do not procrastinate. It is a vile disease in itself, but if allowed to become complicated with other diseases serious results will surely follow.

It is now acknowledged by all physio-me).
