

ROOSEVELT RESTS ON CANYON'S RIM

He Prepares Speech Pointing Out Defects of Arizona Constitution.

SIGHTS TO BE SEEN TODAY

Ex-President to Open Great Roosevelt Dam Saturday—Archie Joins Him and is Greeted as Young Rough Rider by "Dad."

ITINERARY OF ROOSEVELT'S 30-DAY TRIP. Table with columns for date, location, and distance.

GRAND CANYON, Ariz., March 16.—With eight days of constant traveling and speaking behind him, Colonel Theodore Roosevelt broke his journey here tonight and for the next 24 hours will rest.

The special car in which Colonel and Mrs. Roosevelt are traveling over this stage of the journey arrived at Grand Canyon late this afternoon. Immediately on leaving the car, Colonel Roosevelt spent several minutes gazing at the wonderful scenery. His stay here will be free from ceremony.

He and the members of his party were the dinner guests tonight of Governor Richard E. Sloan, but it was a private affair and there was no speech-making. Tomorrow will be devoted to rest and sightseeing and the train will leave tomorrow night for Phoenix. One of the most important functions of the present trip will take place the following day, when the new Roosevelt dam is to be opened.

Constellation to be Criticized.

It is possible Colonel Roosevelt will do a little work tomorrow on the subject with which he will open day after tomorrow the great irrigation project which bears his name. His remarks have been outlined in a general way in his mind, but not a word has been committed to paper as yet. The Colonel is so familiar with his subject that he needs few books or papers for reference.

Archie Young Rough Rider.

Archie Roosevelt, who came on from his school at Mesa, to join his father, climbed aboard the special at Williams and will go as far as Phoenix. The depot crowd witnessed the greeting between father and son, the Colonel hailing the lad as "young rough rider of the future."

Colonel Roosevelt has changed his program in order to visit Carson, Nev., on April 2 and Phoenix, Ariz., on April 3.

Tonight Colonel and Mrs. Roosevelt were driven to Sunset Point on the canyon's rim, to watch the ebb and flow of colors on the canyon and painted walls of the mighty gorge.

thority because he represents the will of the people.
The only President of Mexico that we now recognize is Francisco I. Madero, who is fighting in the belief that proposals for peace would be considered by us only on condition that Madero be allowed to participate. He must be given a guarantee of safety to all his men. A place would have to be assigned to him, perhaps Chihuahua, in which he freely might conduct peace negotiations.

tion of individual rights under the constitution. Extension of the school system. Senator Garza suggested that Chihuahua City probably would be the spot at which negotiations would be conducted.

DIAZ WILL CHANGE CABINET

Limantour May Be Foreign Minister to Negotiate Peace.

WASHINGTON, March 16.—Mexicans in Washington in sympathy with the revolutionary movement in their country, as well as the supporters of the Federal government, today displayed intense interest in the movements of Senator Limantour, whose return to Mexico City, it is expected, means not only important changes in the cabinet of President Diaz but a possible solution of political disorders.

The importance of Senator Limantour's return to Mexico City, it was said, lies in the fact that coincident with certain changes in the cabinet of President Diaz reforms would be instituted in the administration of various states calculated to appease the revolutionists.

The fact that changes are to be made in the Mexican cabinet is no longer a secret. The embassy here declined to discuss the subject. In the pivotal post of Minister of Foreign Affairs, it was pointed out by Dr. Gomez, President Diaz probably realizes that he would not meet with as much opposition by placing Senator Limantour there as by retaining Senator Creel. The latter, Dr. Gomez believes, may be made Minister of Finance, but the name of Senator Nunez, now Assistant Minister of Finance, has been suggested for the position.

LIMANTOUR IS NOT ON CAR

Mystery Shrouds Whereabouts of Mexican Minister of Finance.

ST. LOUIS, March 16.—Jose Yves Limantour, Mexican Minister of Finance, was not in the private car attached to the Pennsylvania train when it arrived tonight, according to some of the occupants. A man who said he was Arturo La Madrid, a merchant of Mexico, declared the car was his, and that he went to New York in it three days ago.

GOTCH THROWS BAHN

VIOLENCE OF GERMAN'S FALL FRACTURES HIS SKULL.

CHICAGO, March 16.—Frank Gotch, champion wrestler, in his bout tonight with Henry Bahn, known as Samson, the 160-pound German champion, threw his opponent so hard as to cause a fracture of the German's skull. Physicians at the match declared Bahn was seriously hurt.

Champion Hurler So-Called Samson Over His Head—Defeated Man Is Seriously Hurt.

The men were to have wrestled for two out of three falls. After they had struggled seven minutes and 20 seconds Gotch obtained a leg hold and tossed the German over his head. Bahn landed on the back of his head, falling unconscious.

The Biggest \$3000 Worth of Automobile Value Possible

You get it in a Pope Hartford Model W, 4-cylinder 1911 car. Every department of the Pope Manufacturing Co. is so thoroughly systematized that it produces maximum results. There is no lost energy no wasted material—no red tape. The watchword of every department is "Perfect Production."

Look where you will—examine and ride in as many different cars as you choose—you will be forced to acknowledge that the 1911 Model W, Pope Hartford is a superior car in every way. The motor is the heart of any automobile. If the heart is wrong the whole machine is wrong, so far as service is concerned.
