Justice Issues Warrant for Mc-Clallen, After Coroner's Jury's Verdict.

FOURTH SHOT MADE ISSUE

Prosecutor Contends Prisoner Was Justified Up to Last Point of Affray, but Not After That. Masons Burr Dead.

ROSEBURG. Or. March 16.—(Special).—Holding that the verdict returned by the Coroner's jury empanelled to inquire into the death of Benjamin Mahan was sufficient to justify McClallen's detainment, Justice of the Peace Marsters has caused a warrant to be keued for McClallen's arrest on a charge of murder in the second degree. The Justice based his conclusion upon the jury's statement to the effect that McClallen was not justified in firing the fourth shot, which took effect in Mahan's back and was responsible for his death.

fied in firing the fourth shot, which took effect in Mahan's back and was responsible for his death.

Upon motion of McClallen's attorneys, who asked an immediate preliminary hearing, McClallen was taken into court a few minutes after his arrest, and upon being arraigned waived examination. He was released later on \$7500 hall.

When served with a warrant of arrest McClallen appeared little surprised and his usual cheerful demeanor was still with him when he faced the mugistrate a half hour later.

"If McClallen was justified in firing the first shot, he was justified all the way through," said Attorney Cardwell, who represents McClallen.

District Attorney Brown holds that McClallen would have been justified in shooting Mahan if he had not fired the last and faial shot. From members of the jury it was karned today that four of the jurymen favored a verdict of justifiable homicide early in the evening, but in face of the opposition finally concented to sign the apparent compromise verdict. McClallen is now at the home of his brother, H. T. McClallen, while Miss Speiker, who was with him on the night of the tragedy, has moved from the McClallen Hotel to the home of her parents at Edenbower. parents at Edenhower.

Mahan was buried here today under the auspices of the Masonic lodge.

NATION TO TAKE STREAMS

Conservation of Blue Mountain Waters Uncle Sam's Aim.

DAYTON, Wash., March 18 .- (Spe-DAYTON, Wash, March 18.—(Special.)—Uncle Sam is to take a hand in the compervation of streams in the Blue Mountains, flowing north into Washington and south into Oregon. For the last decade or more the volume of water in these streams has been diminishing. It is said the value of valley tands in Columbia, Garfield, Walla Walla, Asetin, Umatilia, Union and Wallowa counties will be increased materially by the new policy of the Government.

Government.

It is proposed by the Forestry Department to develop dormant springs in the Blue Mountains, plant large areas of shrubbery and trees and to order the vacation of hundreds of acres of grazing land. The plan is to establish camps this Summer along the divide and to work parties of foresters from these stations. The Government has already ordered a portion of the Wanaha Reserve vacated by cattlemen and sheep owners. While this will work hardship on stockmen it is inand sheep owners. While this will work bardship on stockmen it is intended to be beneficial to orcharding. truck-growing and manufacturing in-dustries throughout this section.

STOMACH AT FAULT

Indications of Disturbed Digestion Are Often Mistaken for Other Disorders and Cause Unnecessary Alarm.

Palpitation of the heart does not imply that the vital organ is diseased.

Pain in the back does not necessarily mean kidney disease.

Headache does not often indicate that there is anything wrong with your head.

there is anything wrong with your head.

All of these symptoms are caused by stomach trouble and when this is righted the alarming symptoms disappear. If you have them look to the condition of your stomach for the cause before you start to treat the symptoms rather than the disease.

If the sufferer from any form of stomach trouble is pale and the blood thin, the first step toward restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, if errors in diet are avoided, nature will work a cure. This is known as the tonic treatment for indigestion and is illustrated by the experience of Mrs. Kate Lasher, of No. 1615 Stimson avenue, Rosedale, Kans. She says:

"Through overwork I became afflicted with indigestion a few years ago. I had gas on the stomach and palpitation of the heart. I became a wully thin and had but little blood. Every morning I would have severe headsches and feel despondent. I wanted to eat but could not for food gave me distressing pains. My stomach felt as though there

and had but little blood. Every morning I would have severe headsches and feel despondent. I wanted to eat but could not for food gave me distressing pains. My stomach felt as though there was a heavy lump in it.

"I was treated by several physicians but I could not see that they were helping me any. I then gave Dr. Williams' Pink Pills a trial upon the advice of a friend. When I had taken them a few days I could see that they were helping me and so took them until cured."

The tonic treatment with Dr. Williams' Pink Pills, by building up the blood so that it can noursh and strengthen the weakened digestive system, has made hundreds of cures in the most severe stomach disorders. A new edition of the booklet, "What to Eat and How to Eat," is free on request. Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. The genuine are sold only in packages bearing the trade-mark.

The disease became so serious that Judge Stewart was forced to leave the bench and consult the Mayos at Rochester, Minn., who referred him to Dr. J. M. T. Finney, a specialist. The Illhenith of Judge Stewart means his early retirement from the Supreme Bench in Idaho, say his friends. His recovery, however, is said to be assured by the operation.

The 11th Legislature paved the way for Judge Stewart's resignation and also paid him a marked tribute through passage of a bill to reimbures him for loss of salary while ill and full pay for the remainder of his term of office in the event he resigns. This is the first time a legislative act of this kind has been done, and is considered a precedent.
