American Progress Material.

"Our progress has been chiefly material, but I believe that a few things we have done will live, as the Grock and Roman civilizations lived. In Washington and Lincoln, I believe that we have two of the leftiest types of statesmenship in the world's history. Our achievements of the present generation have been purely material, the opening of the Fanama Canal and the charged with paying State Senator Daniel W. Holstlaw, of Iuin, g250 for voting for William Lorimer for United States Senator. Ex-State Senator C R. Jandus, who testified today, also came in for a denunciation in the address of the States Attorney.

Jandus, now chief deputy clerk in the probate court of Chicago, testified that probate court of Chicago, testified that course is a court of Chicago, testified that court of Chicago, testified that course is a court of the long terms of service, and course is a court of the long terms of service, and course is a court of the long terms of cases and the debate goes on the canal does also."

American Progress has been chiefly material, the force is that few things in the force is that few that a few things is the force in the case of the present generations lived. In Washington and Lincoln, I believe that a few things is the force in the court of the legislations in the case of the present generation in the case of State sensity like the world's history.

States Attorney.

Jandus, now chief deputy clerk in the Jandus, now chief deputy clerk in the probate court of Chicago, testified that he had met Holetlaw in Broderick's saloon in Chicago early in the Summer of 1996, but could not remember the date. He denied that any money had been handed either to Holstlaw or himself by Broderick, and stuck to his story throughout his examination.

In questioning Jandus, Mr. Burke brought out that he had held political positions in Chicago and the State of Illinois continually since 1894, and that many of these positions had been obtained through the aid of Lorimer.

He gave as his reason for not testify-

tained through the sid of Lorimer.

He gave as his reason for not testifying before the Senate investigation committee in Chicago that he was afraid itoistlaw would be caused to shape his estimony so it would injure Broderick. The closing arguments will be con-tinued tomorrow morning. The case will go to the jury tomorrow evening.

SKILLED FISHERMEN COME

Gloucester Experts at Anacortes to Work in Bering Sea.

SEATTLE. March 21.—Twenty-four Gleucester fishermen, the first of 200 coming to man Puget Sound codfishing boats, arrived at Anacortes, Wash, yesterday and went on the schooners Joseph Rues and Alice, now outfitting for Bering Res.

Sea.

Missachusetts fishermen are reputed to be the most skilful and daring in the world, and their migration is a matter of deep interest in marine circles. The cod fleet will suil from Pugnt Sound about April 1 and the vessels will fish outside Unimak Pass until the recession of the fee will permit them to enter Baring Sta. The Bering Sea fisheries are conducted with small loss of life, whereas the men of the grand banks of the North Atlantic, are in constant perfit. On the closing of Bering Sea by ice in the Autumn, the boats will fish for hallbut along the Alaska, British Columbia and Washington Coast.

The cod and most of the halibut are shipped to the Atlantic Coast.

EXILES HELD TO BLAME

Erroneous Reports and Statements Hurt President.

BOISE, Idaho, March 22 .- (Special.) -Joseph Kaufman, for five years a re-sident of Mexico and who has just returned from there, blames rengade Americans, exiled from their own land, and some news dispatches which have put the Dinz administration in an er-raneous light for the present insur-

rection.

The trouble is not a new one in Mexico," said Mr. Kaufman today. The conditions which exist there are not new. I was in the country for five years and during that time not a month passed that a party of so-called aristocrats was waylaid in the mountains and either robbed or mur-

The present trouble was caused primarily through two agencies, the renegade Americans who are in Mexico as exiles and through the yellow reports sent to some American papers, which had the effect of causing all of the adventurers and soldiers of fortune in the country to make a rush for
Mexico. They went down there looking for trouble and made it. If about
half of the American population in
some of the Mexican towns was wiped
out, it would have the best possible
effect in quelling the revolution, for
these Americans in a vast majority of
cases, are crooks from this country
who are living in Mexico under assumed names.

While Diam has been a good president for the country, he has not been successful in raising the ignorant Mexicans to a plane of development where they see that the best interests of the country are their best interests. But he has done them a great deal of good, and they have learned just enough and have grown sufficiently prosperous to take up arms for the purpose of ousting the man to whom they owe more than to any other who ever sat at the head of the Mexican Government. The trouble with many press dispatches and editorial opinions is that they are formed with the United States Government conditions taken as a standard, which is unjust. SULZER MAY SHOW FIGHT

Ranking Democrat on Military Committee Likely to Push War on

Pitzgerald, of New York, won only by a narrow majority.
Of course the Southern members, on account of the long terms of service, were entitled to the better committee assignments, but in a number of cases Northern Democrats have been thrust aside and Southern Democrats with lower places or the committee are slated for chairmanships.
One of the most notable instance, of this character is the military committee. Representative Sulzer, of New York, is the ranking Democrat on this committee, but, according to the tentative list, he is to be displaced by Representative Hay, of Virginia. There are a number of other instances on are a number of other instances on smaller committees where Southern Democrats are being pushed ahead of those who hall from the North, and, so far, no Northern member has been wn any favors.

North Gets One Chairmanship.

About the only committee chairman-About the only committee chairman-ship which has not been claimed by a Southern Democrat is that on invalid pensions. This chairmanship would be of absolutely no use to a Southern member, and it has therefore been magnanimously conceded to the North. For this place there are now three candidates from Ohio, including Rep-resentatives Anderson, Ansberry and Sherwood.

As this is about the only crumb that as this is about the only craim is to drop into the laps of the Northern members, there is a very spirited contest for the place. It will not be surprising if, before the contest is over, some bad blood would be stirred up some bad blood would be stirred up which will bring about serious factional differences among Ohio Democrats. At this writing all three candidates are confident of being ap-

The discrimination against the North and discrimination against the North in committee appointments no doubt will create a healthy body of insurgents among the Northern Democrats. Just now quite a number of them are living on promises. They are told not to get excited, and that they will all be taken care of in a satisfactory manner. But they are not on the seatnor. But they are not on the siate, and if the slate goes through thera will be an explosion north of the Mason and Dixon line.

A quarrel over committee appointments was the undoing of the Repub-licans in the last House. Of course, the insurgents would not admit that they fought Uncle Joe on account of committee places, but it was noticeable that those who were disappointed in this respect were most prominent in the insurgent movements.

justified in rebelling against the Demo-cratic organization on account of the committee appointments. The South, which is not in population much larger than New York and Pennsylvania, is to be given more committee appointments than the entire North. Of course, all the members of the North will be allowed to retain their seats, but they will not be permitted to do much more, as all of the business of the House is generally transacted by the chairmen of the committees and a few ranking members.

Although not talking for publication, Representative Sulzer, of New
York, has already given the organization notice that there will be trouble tion notice that there will be trouble if the slate goes through. He has called attention of Speaker Clark and the other Southern leaders to the fact that the Democratic party cannot retain control of the House without support from the North. On the other hand, the Republicans can regain control of the House without a single Southern member. WHY WOMEN SUFFER FROM **NERVOUSNESS**

One Result of a Form of Debility That May Be Remedied by a Course of the Tonic Treatment.

Many women suffer from nervous-ness, accompanied by loss of weight and pallor, showing that there is a loss of nutrition and that the blood is becoming deficient in quantity or quality. This is a condition that may be followed by serious consequences unless cor-rected. To cure it the failing nutrition

must be arrested, the patient's weight and strength built up and the blood re-stored to its normal condition.

The one remedy that has cured this condition, strengthened the digestion, toned up the nerves and made the blood pure and rich is that described by Mrs. R. P. Taylor, of Oakland, Kans. She

"I am glad to recommend Dr. Williams' Pink Pills to weak and nervous women, because they build and tone up the whole system and give lasting benefit. Some years ago I had nervous debility and seemed to be on the verge of a collapse. I was all broken down. My heart beat so fast at times that it would frighten me. I had smothering sensations and felt as though I was going to faint. These spells came on me frequently. My stomach was affected. I did not enjoy my meals but had to force the food down. BIG PIANO BUYING GOES ON UNABATED

BUYERS WANTED QUICK FOR FINEST OF BABY GRAND AND PLAYER PIANOS.

Prices So Low That to See Means to Buy-Why We Do It. A Few Words to Contest Certificate Winners and Holders of Manufacturers' Advertising Awards-All Such Paper Good as Gold Now.

SPECIAL TO PRIZE CHECK WINNERS

Do we take prize checks or contest awards as part payment on pianos and player pianos during our closing-out sale? Many people have imagined that because of the aiready deep cuit in our prices, that such checks would not be honored by us now.

Several people, we find, who have planos of their own to sell have stated to holders of prize checks that these awards would not be honored by Ellers Music House. This is not the case. If you have a valid credit check or certificate, bring it to this sale. We shall accept it as part payment on nearly every plano or player plano, regardless of the low prices now prevailing. Our special arrangement with the numerous plano manufacturers who believe in this up-to-date method of bringing their instruments prominently to the attention of the actual buyer makes it possible for us to redeem every certificate whether it be for \$35 or even \$125. Rest assured that every condition upon which such checks have been issued will be compiled with by Ellers Music House. A prize check is as good as so much cash at Ellers Music House. A prize check is as good as caseping bona fide checks, no matter to whom they may be payable or by whom they may be jayable or by whom they may be jayable or by whom they may be issued, allowing full face value for same.

GRAND PIANOS AND PLAYER PIANOS

Never have the prices upon the highest grade grand pianos and player pianos been so low as during this big closing-out sale. It is the one opportunity of many, many years, perhaps of a lifetime, to get a beautiful Chickerling or a now-famous Kimball, or one washington St. Soon at Seventh and of the superb Sohmer or Weber grands, Adder Sts.

A prize check is as good as so much cash at Ellers Music House, when applied according to its terms. As previously announced, we are also accepting bona fide checks, no matter to whom they may be assued, allowing full face value for same.

GRAND PIANOS AND PLAYER PIANOS

Cheap pianos are always cheap, but were you ever offered heretofore the world's finest grands, player pianos and uprights at such a sacrifice, at such really ridiculously low prices as we are now making upon our entire stock in order to close out each and every instrument right where it stands? We are commencing in our new building at Seventh and Alder streets with an entirely new stock—every instrument for this opening has now been purchased and will be in place when the doors of the big and splendid new establishment are thrown open early next mouth. It is essential, therefore, that we sell out everything in the old premises and we're going to do it, no matter what the sacrifice. Hence this opportunity.

Not a REMOVAL SALE

We don't term this sale a removal sale. It's not to save the few dollars of cartage money necessary to move our stock from one block to the other. We are moving into the finest premises ever provided for the musical instrument trade. We want to commence there with an entirely new stock. No wonder this sale is attracting attention from far and wide. Our community is one that is fully prosperous. Our people have money to invest. There's hard musical instrument. Many people are coming to this sale from places hundred of miles away because neighbors and relatives have saved big round sums of money on the purchased and will be in place when the doors of the doubt and the way of a musical instrument.
