

REBELS SAY WAR IS TO CONTINUE

So-Called Peace Overtures to Be Ignored, Is Junta's Announcement.

RECOGNITION IS SOUGHT

Statement, Said to Come From Madero, Declares Insurrectos Especially Want Friendliness of United States.

EL PASO, Tex., March 27.—The insurgents are reorganizing their forces, drilling their men, providing them with ample ammunition and distributing stores with a view of carrying on the war to a decisive issue. No attention whatever is being paid to the so-called overtures for peace. Madero is anxious to show the widespread extent of the revolution and thus to obtain recognition of belligerency from all the nations.

This information was given out by the revolutionary junta here today as coming from Francisco I. Madero, the so-called president of the insurgents. It was asserted that Madero in recent messages to the junta was eager to obtain from foreign governments a recognition that a state of war existed.

Complications Not Sought.

One object, it was pointed out, was that in the event of the insurgents capturing a border town, it would obviate complications for the provisional government by enabling them to appoint provisional consular agents.

"Especially," said the statement by the junta, "do the insurgents want to merit the friendliness of the United States. No depredations are being committed by the insurgents on property in Mexico owned by Americans."

Receipts Are Given.

"No food is taken from resident Americans unless a receipt is given and it is the intention of the provisional government to reimburse any losses sustained by Americans as soon as the anti-constitutional authorities in our country are overthrown. Excessive lawless persons commit acts of violence, but those, when caught, are severely punished. It is hoped soon to establish peace and with it the overthrow of the tyranny which now oppresses us."

The telegraph wire between Juarez and Casas Grandes was working for a few hours today. With the permission of the Federal officials, a message was sent through asking Colonel Cuellar for the names of American prisoners in jail there. A short time later the wire was cut by insurgents before a reply had been received.

BERTHOLD'S FATE IN DOUBT

Rebel General Wounded and Force May Be Wiped Out.

MEXICALI, Mex., March 27.—The news that Simon Berthold was wounded in a fight with the federal forces, together with the information that the government force at Tecate has been doubled by the arrival of 100 men, again created alarm today in the rebel garrison at Mexicali.

General Leyva dispatched 25 mounted men under Captain Francisco Quilada to hold Picochote Pass against the possible advance of the federal forces. On the approach of the main army by way of the west side of Lakuna Salada. The fate of Berthold is uncertain. The insurgents here were not expected to hear of his little force of 45 men being obliterated by the federals. The information that Berthold had been wounded in the leg came as a personal message to Leyva. It is said that one rebel and four federals were killed in a fight on March 22 with scouts from the main army of the federals.

Captain John McDonald, of the insurgents, who was wounded in the leg today by another rebel, was suffering intensely tonight as the result of scant medical attention. The man who did the shooting is a man named Orozco, and it is said he is a relative of the insurgent leader in Chihuahua.

FILIBUSTERS ARE AT WORK

Americans Said to Be Outlaws Who Slew Young Mexican.

HERMOSILLO, Mex., March 27.—News has reached here that a band of American filibusters not affiliated with Federal or revolutionists, entered Northern Sonora at Sirena and captured a young Mexican and shot him. All American residents of this city are signing a petition addressed to Governor Torres denouncing the act and offering their services to arrest this band. Americans here have enjoyed full protection from both Federal and revolutionists.

The revolutionary force that took the town of La Colorado, 40 miles from here, was well received by the inhabitants. When they heard of the approach of the Federal column from the city, the revolutionists marched out to meet them, leaving a guard of 50 men in the town.

De Lara's Escape Confirmed.

LOS ANGELES, Cal., March 27.—Carried by cogger through the federal lines in Mexico and across the border into El Paso to the junta of the revolutionists, a letter by Colonel Paul Mason, an American soldier of fortune in Madero's army, nearly a month ago, reached Mrs. L. Gutierrez de Lara, wife of Captain De Lara, an officer in Madero's army, yesterday, telling her of her husband's survival of the battle of Casas Grandes.

Mason in his letter to Mrs. De Lara told her he saw Captain De Lara, a few hours after the battle, leading a remnant of his band from the field. The rebel ranks had been thinned by the terrific fire from the federal machine guns, and De Lara, powder-stained and tired, had leaped from his saddle as Mason galloped past and shouted to him to write to his wife and tell her he had survived.

Two Americans Killed.

EL PASO, Tex., March 27.—James T. Harper, of El Paso, a captain in the insurgent army, arrived here tonight from the interior of Mexico. He said Robert E. Lee, of Kansas City, Mo., and Martin Ryan, whose residence he did not know, had been killed in the battle at Casas Grandes on March 6. Harper said about 26 Americans had been taken prisoner. The official report said 17 foreigners were taken.

FERRER CASE DEBATED

REPUBLICAN DEPUTIES ASSAIL REASONS FOR EXECUTION.

Revival of Matter in Spain Is Said to Menace End Politically of Senor Maura and Colleagues.

MADRID, March 27.—The debate on the trial of Professor Ferrer, who was executed in October, 1909, opened in the Chamber of Deputies today and attracted unusual attention. The proposal to discuss this trial was made by Republicans and accepted by the government many months ago.

The Republican press says the revival of the Ferrer case means the end politically of Senor Maura, who was Premier at the time, and of his colleagues. Senor Soriano opened the debate and said none of the facts charged against Ferrer constituted the crime of rebellion. The government was advised to that effect, he said, by the local military authorities. Ferrer's trial and execution were directly due to political causes, for which the Conservative government and party were answerable.

EMBZZLEMENT OF \$2,000,000 CHARGE

Man Arrested in Pittsburgh Admits He Is Fugitive From Dominion of Canada.

MONTREAL IS AFTER HIM

Although Newspaper on Other Side of Border Offered Reward of \$10,000 in October, He Was Not Caught Till Yesterday.

PITTSBURG, Pa., March 27.—Charles R. Sheldon, alias Charles D. Washburn, of Montreal, Canada, who is wanted there on charges of embezzlement, said to involve nearly \$2,000,000, was arrested here today.

Sheldon, who also was known here as C. W. Ross, admitted he was a fugitive from Canada. An information charges him with embezzlement, and receiving money under false pretenses in the sum of \$2,000,000. He disappeared from Montreal last October. His stock operations there are said to have excited the suspicion of the authorities. Sheldon said he was maintaining a legitimate business and offered to submit his books to the crown authority for investigation. Then he disappeared.

Sheldon came direct to this city. Apparently he spent all his time about the stock market, but maintained no office, and it has not been learned where he made his home while here. He waived all extradition rights.

Following Sheldon's departure from Montreal, a newspaper, which had questioned his financial transactions, offered a reward of \$10,000 for his arrest.

WOMAN AT MOSCOW FREED

Insanity Charge Fails; Miss Augusta M. Hunt Goes to Chicago.

MOSCOW, Idaho, March 27.—(Special.)—Miss Augusta M. Hunt was discharged from custody by Judge Morgareide Sunday and left at once for Chicago, accompanied by her father, George Hunt. This action by the court brings to an end one of Idaho's recent sensations. The decision was preceded by a secret session of the medical board, which was in session until midnight last night.

Miss Hunt came to Moscow from Arroyo, Fla., arriving here March 14. She was arrested the next day by Sheriff Brown for loitering about the University of Idaho campus, and her mysterious actions brought a charge of insanity against her.

Judge Warren Truitt, her attorney, said:

"At first she told me her name was Williston, and that she was looking for work and had a university education, which was apparent from her actions and language. When many of her statements were shown to be false, and it was evident that she was laboring under some hallucination concerning an acquaintance with President McLean, I advised her to return home with her father. If the woman had been adjudged insane she would have had to have been taken back to Florida, as she was not a citizen of this state."

Yaquina to Lose Custom-House.

Treasury Department records show 19 collection districts in which no revenue is collected, among them Yaquina, Or. The Coos Bay district collected \$1 last year, at an expense of \$287, and Yaquina is almost a discontinuance if MacVeagh's plans are adopted.

FOR SCIATIC RHEUMATISM

Try the Treatment That Cured This Pronounced Case in Minneapolis After Other Treatments Failed.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatic and is the direct result of taking cold. For this reason the disease is commonly known as sciatic rheumatism.

"A few years ago following an attack of the grip I was taken with sciatica. For six years I suffered untold agony and thought it would be a blessing to me if I could only die. There were sharp, shooting pains in both of my limbs and my shoulders and arms were affected also but not so severely. If I moved about quickly, the pain would catch me so that I had to scream. My limbs would swell until I could hardly walk. I also had a terrible dull pain in my back which was often unbearable. I was confined to bed for a week or two at a time. While suffering from the sciatica I was further run-down by weakness common to women of my age."

"I received so little relief from the doctor's medicine that I became discouraged and quit it. My husband urged me to try Dr. Williams' Pink Pills as he had read how they had cured cases like mine. I felt better after I had taken the pills a short time but took several boxes until I was certain my cure thinking that other sufferers may be helped as I was through using Dr. Williams' Pink Pills."

"The tonic treatment with Dr. Williams' Pink Pills succeeds where other treatments fail because it is based on the sound medical principle that the health of the nerves depends on pure, red blood."

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address the Dr. Williams Medicine Co., Schenectady, N. Y. Dr. Williams' Pink Pills are for sale at all druggists, or will be mailed to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N.
