

# ROADSTERS WIN GOOD FAST GAME

## Gresham Giants Defeated Handily by McCredie's Northwestern Players.

### 1000 FANS ARE IMPRESSED

#### Williams Introduces Three Pitchers, Two Catchers and Two Sets of Outfielders During Contest. Sensations Are Few.

Introducing three pitchers, two catchers and two sets of outfielders in addition to his regular infield, Nick Williams sent his Portland Northwestern League club against the Gresham Giants yesterday afternoon at Recreation Park before about 1000 fans and Nick's tour-lans won by the modest score of 11 to 2. It was the first game of the season and the first one Williams' men have played. The showing of the men was pleasing enough to the fans.

There were no fielding sensations; in fact it was rather the reverse, the soft ground making it hard to judge a ground ball. There were a good many hits, which swelled the run column. But at bat three pitchers, two catchers and two sets of outfielders were introduced. Williams' recruits hammered the balls dished up by Pitchers Coleman and Donaldson for a total of 15 safe hits. Nick led the batting procession by getting five safe hits out of as many times at bat. One of these was a two-base smash. Misses made three hits. Thompson, a new outfielder, and Bill Waters each poled two safe ones.

#### Hollis First Pitcher.

"Babe" Hollis started to pitch and held Gresham scoreless and hitless until the last inning of his workout, when Anson got a single over second base. He was supported by the bat by Harris, who made an impression by his catching, but was not very strong with the willow. Jesse Garrett succeeded Hollis and worked for three innings. Jesse lobbed the ball over the plate and trusted to his fielders. Three base hits were made off him, but there was no danger of any runs. With Snooks to catch for him, Allegart went in to do his turn at twirling in the eighth. He got two hits in the seventh and three bases on balls and a man hit by a pitched ball, coupled with an error, gave Gresham three runs, their only score of the game. He was poor in getting Snooks to catch, that aided in scoring the Gresham men. On attempted double steals with men on first and third base, Snooks threw the ball away, allowing two men to score.

#### Coleman's Support Poor.

Working against Williams' men was a pitcher in the pink of condition. This was Coleman, who had pitched for California last week, where he had been trying out with the Seals. He had poor support in the field, several costly errors being made behind him and several hits could have been cut off with faster fielding. Alex Donaldson escaped to pitch the last inning, and the way the Tourists batted him was terrible.

The Portland boys scored in the first, second, twice in the fifth, again in the seventh and added the necessary number to make 11 in the eighth inning. In the last inning for the Portland batters, Mensor was safe on Barrett's mistake of Robinson's error. George walked and Thompson, Williams, Casey and Miller hit in succession and Griffith mended up Snooks' grounder, counting six runs.

The Tourists proved that they can play ball, and their appearance to the eyes of the fans present, was good. The old men—Williams, Casey, Orr, Garrett and Mensor—were applauded as they took their turn at bat in the early part of the game. Judge McCredie was an interested spectator. Following is the score in detail:

	AB	R	H	FO	B	E
Portland	34	11	15	25	13	4
Gresham	34	3	6	10	10	0

Portland: Kelt, C.; ...

#### Spokane Team Bats, Runs Bases and Scores at Will in Game.

#### SPOKANE, Wash., April 2.—(Special.)

The Phoenix Lumber Company team put up a sorry exhibition to a small crowd this afternoon in a workout game with the Indians. They got one man as far as second, none farther, while the Indians batted and ran bases at will. The final score was 16 to 0.

#### CAMAS DEFEATS MONTAVILLA

Washington Town Nine Gets 13 Runs to Portland Cubs' 12.

#### CAMAS, Wash., April 2.—(Special.)

In a game full of excitement here this afternoon the local nine, with Winterbotham pitching, defeated the Montavilla Cubs of Portland, by the score

of 13 to 12. The game was loosely played by both sides, which, together with the heavy hitting, made the large scores.

In the first inning, with three men on base, George Austin, shortstop, who was at bat, was hit on the head with a pitched ball and rendered unconscious. Archie Blair, a local amateur, filled his place at bat and pecked the next ball pitched on the nose for a safe to the coaching two runs. Later in the game, Blair was also injured, getting a sprained ankle while sliding into third base.

#### 'ESCHLES' WIN PRACTICE GAME

#### Columbia University Defeated by Score of 9 to 3.

The "Eschels" baseball team defeated the fast Columbia University team in a practice game yesterday at Columbia Park by a score of 9 to 3. Runners scattered throughout the game, allowing the Columbia boys to get a scattered 3 runs throughout the game. Briggs Henckle and Shea, who is a brother of the speedy Seattle backstop, carried off the batting honors of the day.

#### TAX PENALTY RUNS SOON

#### Today Last Day for Payment to Avoid Added 10 Per Cent.

Today is the last day this year to pay taxes in Oregon without being obliged to pay the penalty of 10 per cent and an additional 1 per cent a month. Approximately \$500,000 in taxes has so far been collected in Multnomah County this year by Sheriff Stevens. With the rebate added, this clears the books of \$3,250,000. The total tax roll for Multnomah County is \$4,400,000.

One of the largest sums paid this year was the tax of the Portland Railway, Light & Power Company, amounting to \$1,270,000. Chief Deputy Boyer of the tax department of Sheriff Stevens' office, said yesterday that some of the large real estate firms were making half payments of their taxes this year—more than last year. "The most of the taxpayers have taken the benefit of the rebate, however," he said. "We have served the public as well as we could in our cramped quarters. We expect to be in the new Courthouse before the Panama Canal opens, and as soon as we have moved we will be better able to accommodate the taxpayers."

#### Celebration President Declares Col- lection Is Difficult and That "Best Show" Is Aim.

Denying that there is any serious controversy between the Portland Rose Society and the Rose Festival Association, Ralph W. Hoyt, president of the Festival organization, said yesterday that the only question to be taken into consideration was that of raising sufficient funds to conduct the festival. He said the association was making every effort to raise more money than last year that more elaborate features could be arranged.

# UNION TO CONFER WITH EMPLOYERS

## Past Settlements Give Reason to Expect Adjustment, Says Organizer.

### PRINTERS TAKE ACTION

#### Request of Compositors in Job Of- fices for Support in Movement for Increase of \$3 a Week Is Refused.

Members of the Portland Typographical Union yesterday authorized the appointment of a committee to meet with the organization of a conference committee, to meet with a like committee, representing the employing printers, to consider further the increased wage scale that has been demanded for linotype operators. The requested advance averages about 75 cents a day. Employing printers have refused to grant it.

Pending the result of the proposed conference, the course to be pursued by the printers through their organization will not be determined.

#### There is nothing to be said concerning the situation, so far as the working printers are concerned," said Will F. Day, state organizer for the Typographical Union, following yesterday's meeting. "We have authorized the appointment of a committee to meet with the employing printers. A conference will be arranged and the situation thoroughly considered."

"We do not expect any difficulty in reaching a satisfactory agreement. All differences between employing printers and their employes in the past have been settled amicably through the medium of just such a conference as is proposed at this time. We expect a settlement agreeable to both sides. This will ensure a continuation of the amicable relations now existing between employers and employees."

#### RIGLER IS HONOR GUEST

#### Superintendent of Portland Public Schools Is Feted.

More than 150 guests assembled in the Portland Hotel Saturday night and attended a banquet given by the principals of Portland public schools in honor of Frank Rigler, superintendent of schools. The occasion was an enjoyable, informal one. Those present included the wives of the school principals, members of the Board of Education, and personal friends of the guest of honor. Music was rendered by the girls' chorus of Washington High School, the male chorus of Jefferson High School, and the Portland Hotel orchestra. President Kerr, of Oregon Agricultural College, and President Ackerman, of Monmouth Normal School, were to have attended but were unavoidably detained elsewhere.
