GULCH IS WANTED

Playground in South Portland to Be Secured.

NEGOTIATIONS ARE BEGUN

City Would Get Marquam Gulch From O.-W. R. & N. So Swimming Tank for Use of Children May Be Installed.

Mayor Simon yesterday took up with A. C. Spencer, of the legal department of the O.-W. R. & N. Co., the subject of land for a playground and swimming tank in Marquam Gulch, South Portland. It is believed that there will be no difficulty in arranging affairs so that the city can secure immediate possession of this property and it is hoped by the Mayor and members of the Park Board that it will be possible to start work on this project soon. "I am not asking the railroad company to give the city anything," explained Mayor Simon, "but what I want is that the company shall give us immediate possession, so that we will be able to get started on the public playground and swimming tank in South Portland. This is needed very urgently there, and the Park Board is a unit in the opinion."

Prior to the termination of the negotiations between the city and the company in regard to the Broadway bridge approaches, this proposed playground property was included in a lot of projects to be exchanged for rights to be granted the company by the municipality. The result of the bridge proposition, however, was such that it left out all of the pieces of ground, as the company gave the approaches outright. It is now the intention of the Mayor and Park Board to proceed at once with the construction of a playground in Marquam Gulch, where it is said there are thousands of children who urgently need attention of this kind. The second swimming tank is proposed for this place, the first being at Sellwood. It was operated last season, to the great delight of swarms of boys and girls from all over the city. According to the plans of the Mayor and Park Board, swimming tanks will be provided in various sections of the city, but it is conceded that South Portland and Lower Albina districts require attention more than any other sections of the city at this time, and

it is the purpose of the officials to take care of both places this Summer.

Price Not Fixed.

No purchase price has been fixed on the property, which belongs to the railroad company, in South Portland, but it is the idea of the Mayor to arrange the transfer of the ground that the price will be adjusted to the satisfaction of all concerned whenever practicable, and to secure possession so that the city may proceed to work out its plans thereon. Mr. Spencer will therefore telegraph to the New York headquarters of the company for permission to arrange the proposition. The Park Board will meet next Friday, and it may be that the deal will be sufficiently advanced by then for formal action to be taken.

CASH MUST BE SHOWN

Rose Society So Demands Before Taking Up Festival Work.

Mrs. A. C. Pantan, president of the Portland Rose Society, remains firm in her demand that Ralph W. Hoyt, of the Portland Rose Festival Association, must deposit \$3000 in cash in a bank before the members of the organization of which she is the head, either as a society or as individuals, will have anything to do with the rose show. "The interview with Mr. Hoyt published in yesterday's Oregonian led me to believe that he was paying the way for acceding as graciously as possible to our demands, but so far he has not communicated with me on the subject," said Mrs. Pantan last night. "We are not seeking a quarrel, either. With us it is a simple proposition of being given \$3000 and being allowed to manage the rose exhibit to suit ourselves. If Mr. Hoyt does not choose to give it, we will not be at all worried."

Dr. A. C. Pantan, who is also a member of the Portland Rose Society, said: "The Rose Society has no funds of its own. If the festival people would allow us to charge a small admission fee for entrance to the rose exhibit we could conduct it independently, but they insist that no fee be charged." Mr. Hoyt left the city yesterday for Vancouver, B. C., where in his capacity of honorary vice-president for Oregon of the Panama-Pacific International Exposition he will invite Sir George Ward, Premier of Australia, and a party of 25 statesmen of Australia and New Zealand, to visit San Francisco on their way home. The party is now en route to London, to attend the coronation of King George.

Cavaness, Dillon and Souther to Be Brought Back to Portland Soon to Stand Trial.

Deputy Sheriff Salisbury left last night for San Francisco and it is expected he will be back with the prisoner in a week. F. W. Dillon, an ex-Portland saloonkeeper, is held in the San Francisco City Jail, charged with larceny by bailie. He will be brought to Portland by Deputy Sheriff Phillips. W. G. Souther, wanted in Portland for buncoing real estate clients out of several thousand dollars, is under arrest in San Francisco and will be brought back to answer to the charges as soon as requisition papers are in the hands of the Sheriff's office. In addition to the alleged fleecing of two women out of \$24,000 worth of property, it is charged that Souther has been involved in other irregularities in connection with his real estate operations in Portland.
