

CAR PLUNGES OFF GRADE; 3 MAY DIE

Hot Cigar Ashes Blind Driver; Brakes Fail, Men and Woman Hurt.

TWO CHILDREN ESCAPE

E. H. Leonard, Prescott Millowner, Willis Younger and Wife, Victims of Car's Mad Rush Over Skyrocket Hill.

WALLA WALLA, Wash., April 3.—(Special.)—Blinded by ashes from the cigar of Willis Younger, the driver of the car, E. H. Leonard, one of the best-known men of the county, drove his automobile off the famous Skyrocket Hill near Prescott, yesterday and tonight he, Mrs. Leonard and Mr. Younger lie seriously if not fatally injured at a local hospital.

Car Plunges Down Hill. Blinded by the ashes, Mr. Leonard threw on the brake and released the clutch, but the machine's momentum carried it over the edge of the curve, and it ran down the steep declivity, reaching the fence half way down the hill, about 15 yards. Medical assistance stopped, but just as its occupants thought themselves safe, it turned a somersault and threw them over and under the machine from the hill.

Woman's Hints Seen Fatal. Mrs. Leonard suffered a fracture of the pelvic bone, but her injuries are so severe it is hardly possible for her to survive. Mr. Younger suffered seven fractures of his right leg, which was smashed against a pole. Mrs. Leonard's skirt was torn from her, but she was not injured. The children escaped without a scratch.

Head Supervisor Case came along the road shortly after the accident, and took Mr. and Mrs. Leonard in his buggy to Prescott, sending back another team for the other persons. Medical assistance from this city was summoned and the injured were brought here.

They recall a striking example of the effectiveness of mines laid in this manner in the destruction of the Russian flagship at Port Arthur by the Japanese.

WEAKNESS AFTER GRIP AND FEVERS

Can Be Stopped and Normal Health Restored by the Tonic Treatment That Cured This Stubborn Case in St. Louis.

The evil effects that follow many diseases, particularly the grip and wasting diseases as typhoid fever, malaria, scarlet fever, pneumonia and the measles, are caused by the bad condition in which the blood is left. As a result, the flesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites a general decline or even consumption. What is needed is a new supply of rich, red blood to carry health and strength to every part of the body.

The cure of Mrs. J. M. Symonds, of No. 210 South Twenty-first street, St. Louis, Mo., shows the value of these pills as a tonic in cases where the blood has become thin or impure. She says: "About three years ago, I was very ill from an attack of malaria. It left me in a very weak condition and the after-effects were as bad as the disease itself. I was generally run-down, had no strength and was very thin. I had but little appetite and nothing seemed to agree with me, but everything I ate caused me distress. My heart was weak and at times I thought it was going to stop beating. I also had an attack of rheumatism. The pains were sharp and were all over me. I was confined to bed for a month at one time."

"I became discouraged with the treatment I was receiving from the doctor and quit taking his medicine. Through a friend I learned of Dr. Williams' Pink Pills and began using them right away. They were the first thing that helped and I improved until cured. I feel healthier today than in years and I owe my recovery to Dr. Williams' Pink Pills alone." Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send today for a book of cures.

A Mayor and two Commissioners. The Mayor will draw \$1200 a year and the Commissioners \$1000 apiece, annually. At the present time Olympia has Mayor and seven councilmen who get no pay for their services. The Clerk and the Treasurer now receive \$1200 a year and they would be replaced by the elected Commissioners. Olympia will probably be the first city in the state to attempt to adopt the commission form of government as outlined by the Legislature.

DALLAS "PROGRESSIVES" WIN

J. R. Craven Elected Mayor by 2-to-1 Vote—Armory Is Approved.

DALLAS, Or., April 3.—(Special.)—At today's city election the "Progressive" ticket, the ticket placed in the field by the present administration, won by a vote of approximately two to one over the "Citizens" ticket, the ticket headed by E. C. Kirkpatrick and fighting the present administration. J. R. Craven was elected Mayor; W. A. Ayres, Councilman-at-Large; H. G. Campbell, Councilman from the First Ward; Tracy Stagg, Councilman from the Second Ward, and F. A. Coad, Councilman from the Third Ward. The principal fight was directed against Coad, who was opposed in the First Ward by Edgar Cady. Coad won easily, however, with the remainder of his ticket. He had made a fight on Kirkpatrick last summer. Kirkpatrick failed to run ahead of his ticket in the Mayoralty race. The voters passed the proposition for an appropriation for \$7500 for a new Armory building, the county having appropriated \$10,000 for the same to give \$7500. The total vote cast was 477.
