

3 MILLION ORANGES HERE

Another Big "SUNKIST" Sale Lasting All Next Week, Begins Monday, Apr. 10

The biggest lot of oranges that ever came to this city has just arrived—THREE MILLION of them. They arrived by special Fast Freight direct from the big "Sunkist" fruit groves of California. They are the "Sunkist" brand, famed for their delicious flavor and health-giving properties. Each local fruit dealer is laying in a liberal supply of "Sunkists" and on next Monday morning all dealers will put on a *Special "Sunkist" Orange Sale*, lasting throughout the week.

California's Finest Oranges

"Sunkists" are California's most luscious oranges—the choicest of each of 5,000 California Orange Farmers. They pack all their perfect oranges under the one name, "Sunkist," and ship them by special fast freight the day they are picked.

The "Sunkist" is a tree-ripened orange, seedless and fibreless—never pithy—every "Sunkist" is firm, solid and sound. It is picked by a gloved hand. No orange that falls to the ground or becomes bruised or damaged in any way, ever bears the "Sunkist" name.

How to Serve Them

Oranges are the most appetizing and nourishing food you can serve—at breakfast—in the sick-room—between meals—in salads, ices, sherbets and puddings.

There is no limit to the number of excellent dishes of which "Sunkist" oranges form the basis.

Buy a box of "Sunkist" oranges and your fruit dealer will make you a special price. You will find no trouble in keeping them as long as you want to, because "Sunkists" reach you in excellent condition.

Physicians Advise Them

Leading physicians say that to counteract the effect of meat and other heavy foods we eat, one should eat oranges liberally. It is a universally known fact that orange juice is an excellent food for the brain cells and a tonic for run down nerves. No better laxative than sound, ripe "Sunkist" oranges can be found.

Cost No More Than Common Oranges

"Sunkist" oranges are cheapest to buy because they are thin-skinned, fibreless and seedless. They are nearly all food and no waste. You lose money if you buy pithy, seedy, thick-skinned oranges.

Free Premiums for "Sunkist" Wrappers

The "Sunkist" orange always comes in a "Sunkist" tissue paper wrapper that protects the oranges and retains all their tree ripened flavor. This name on the wrapper means you are buying, at a reasonable price, the finest orange of all.

"Sunkist" wrappers should be kept and sent to us to secure, free, a set of genuine Rogers Orange Spoons, Dessert Spoons and Fruit Knives. The patterns are new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the makers, Wm. Rogers & Sons. No advertising appears on any of our premiums.

Read on the right the description of these valuable premiums and how to get them.

"Sunkist" Lemons

The better grade of lemons are now packed in "Sunkist" wrappers. By calling for "Sunkist" lemons, you avoid the kind that are thick-skinned, pithy and insipid. "Sunkist" lemons contain 50 per cent more juice than any other lemons. "Sunkist" lemon wrappers are accepted by our premium department.

The California Fruit Growers' Exchange
34 Clark Street, CHICAGO, ILL.

For Sale by All Dealers

FREE! See the Beautiful Rogers Silver FREE With "SUNKIST" Wrappers

Rogers Orange Spoon Free

The picture shows our new 1911 design, "Sunkist" Orange Spoon, actual size; being a genuine Rogers product and of the latest style. This spoon will be sent you, charge, etc., prepaid, on receipt of 12 "Sunkist" wrappers and 12c. For each additional spoon send 12 "Sunkist" wrappers and 12c.

Valuable Dessert Spoon Free

The picture shows our new 1911 design, Dessert Spoon, actual size. It is of the same excellent quality and beautiful design as the orange spoon, but being larger and heavier is more valuable. Sent to you on receipt of 24 "Sunkist" wrappers and 20c additional. For each additional dessert spoon send 24 "Sunkist" wrappers and 20c.

This Fruit Knife Free

Our 1911 "Sunkist" Fruit Knife is shown here, actual size. It is made of special tempered steel heavily silver-plated. Fully guaranteed by manufacturer, Wm. Rogers & Sons. Sent to you on receipt of 24 "Sunkist" wrappers and 20c. For each additional knife send 24 "Sunkist" wrappers and 20c.

Notice!

On all remittances up to 25c please send one-cent stamps, on amounts above 25c, send post office money order, express money order or bank draft. Do not send cash. Make your money order or draft payable to The California Fruit Growers' Exchange, 34 Clark Street, Chicago, Ill. You can secure these premiums with "Sunkist" orange wrappers, "Sunkist" lemon wrappers, "Red Ball" orange wrappers, or "Red Ball" lemon wrappers. If you will make it a point to buy only "Sunkist" and "Red Ball" oranges and lemons, you will not only get the finest fruits that grow, economically priced, but you will soon have enough wrappers to secure a complete set of the beautiful spoons and knives here shown.

STOKES IS REDUCED

Fire Department Officer to Be Placed in Ranks.

CHARGES ARE REVIEWED

Committee Thinks Punishment Enough and Recommends that Man Be Transferred and Given Every Chance.

George W. Stokes, captain of Engine Company No. 28 at Sellwood, will be reduced to the ranks and will be transferred to another company next Friday afternoon when the Executive Board adopts the report of its committee, which took action to this effect yesterday at a special session. The recommendation of the members followed the presentation of evidence tending to show beyond doubt that the captain has not upheld discipline, that he has permitted his men to violate the rules of the department, and that he, himself, has been guilty of conduct unbecoming an officer.

"I want to say," said John F. O'Shea, chairman of the fire committee, "that now we have voted to reduce Captain Stokes to the ranks, he is sufficiently punished. I suggest he be transferred and that he be placed where he will have the very best opportunity to get along well. I don't want to see him have any further trouble."

Chance for Promotion Remains.

"I believe in giving him the same chance to prove himself worthy of promotion that he had when he entered the department," was the comment of S. C. Pier, another member.

"He should be so placed that he will not be inconvenienced by long rides to and from his home, if possible," said Samuel Connell, the remaining member of the committee.

"I certainly shall treat him just like I would any other man," declared Chief Campbell. "I have been accused in his case of allowing personalities to affect me, but I assure you that it is untrue. I have no personal feeling whatever against Captain Stokes, and am sorry that this affair ever occurred, but we must maintain discipline."

Captain Stokes was charged with a number of things, some of which were trivial and were not considered worth attention by the members of the committee. The serious features, upon which they based their action, were the failure of the captain to maintain discipline; to enforce the department rules; mistaking the apparatus on a fire call; riding back to Sellwood on a streetcar from a downtown station, to which his company had been ordered at the time of the Multnomah Club fire, and drinking and smoking while on duty.

Stokes is Widely Known.

Captain Stokes is one of the most widely known men in the fire department. He has been in the service for many years. He was stationed at Hook and Ladder Company No. 1, in the heart of the city, for a long time, and Chief Campbell sent him to Sellwood because he had great confidence in him, he declares.

Captain Stokes was defended by the

Sellwood Board of Trade, which passed a resolution when the charges were taken up by the committee, declaring confidence in him. Other organizations there also declared him to be capable and faithful.

The committee recommended increase of salaries for Chief Electrician Savarian from \$100 to \$105; Master Mechanic Phillips from \$125 to \$130; captains, of which there are 25, from \$125 to \$135, and three machinists from \$100 to \$115.

MAN IS TWICE SUSPECTED

Painter Again Arrested and Released on Murder Charge.

Arrested twice on suspicion of having committed the same crime was the experience of George Myers, a transient painter, who was yesterday taken into custody by the Town Marshal of Arlington, on the main line of the O.-W. R. & N., in Gilliam County. Myers' resemblance to the man wanted for the murder of A. F. Lowe, engineer for the North Bank, at Washtucna, Wash., March 15, led to his second arrest yesterday. Myers was released after his captor had communicated with Sheriff Stevens of Portland, and learned that Myers was not the man wanted.

Myers was arrested at Mosier by Sheriff Stevens and his deputy, Archie Leonard, a few days following the murder of the railroad engineer. The attitude of Myers answered the description

of the murderer so minutely that the authorities sent for the station agent at Washtucna to identify the suspect. This the agent was unable to do and Myers was released. It is concluded by Sheriff Stevens and Mr. Leonard that Myers must be wearing the same garb he had at the time of his first arrest.

ROOSEVELT OREGON ALLY

"Community" Literature Sent to Colonel at His Own Request.

Colonel Roosevelt, before departing for his home in Oyster Bay, requested William McMurray, general passenger agent of the O.-W. R. & N., to furnish him a complete set of the "community literature" issued by the railroad company.

"I have heard of your excellent work in this direction and I am anxious to read it at my leisure. Please send it to the Outlook office," said Colonel Roosevelt.

A complete set of the pamphlets and books pertaining to each of the communities of the state was packed in a good-sized box and shipped yesterday as directed. The list of books included those published by Medford, Eugene, The Dalles, Hood River, Salem and Albany.

"The Colonel," said Mr. McMurray, "was delighted with his daylight ride up the Willamette Valley."

PORTLAND IS BEST

Returning Traveler Compares Cities on Coast.

HOTELS LACK NOVELTY

Merchant Declares This City Has Chance to Be Best Tourist Resort on Pacific Slope.

Leopold Samuel, a Portland business man, has just returned from four weeks' trip through California. He went as far south as Redlands and San Bernardino, visiting also Sacramento, San Francisco, Los Angeles and Riverside.

"Portland could be made the finest summer resort on the Pacific Coast," said Mr. Samuel, "if its hotels were properly equipped with such facilities for entertainment as are furnished by their guests by California hostesses. We have everything else—fine climate, scenery, good water and good situation."

"At Riverside, Cal., the hotel is built on the old mission plan. In the hotel is a reproduction of the cloister and on Sundays song services are held in it. Entertainment: A guest need not be idle a minute unless he wishes. Short excursions to points of interest are taken every few days, the arrangements being made by the management."

Roads Help California.

"California's good roads and its hotels have made it the mecca for tourists. A few years ago Southern California was a desert. Some have been led to believe that a fortune can be made in a few acres of orange trees. If the 10 acres are in a favored section and you work hard you can live well and prosper. But if you are not in a favored section you cannot live from the proceeds of 20 acres.

"I attended what is known as the 'Land Show' in Los Angeles, products of the soil being on exhibition. Oregon was not represented, but rather misrepresented. A man from Klamath Falls had a few wisps of grain and grasses at the show, which were good, except that there were not enough of them. But his potatoes were shrivelled and his apples would have been a drug on the market at 50 cents a box. I was ashamed of them. Utah carried off first prizes for everything except citrus fruits, which Utah does not produce."

"To me Los Angeles does not look as prosperous as is asserted. There is not nearly so much new building going on there as in Portland. It lays claim to a much larger population than Portland, but it doesn't look it. People ask me how much more population this had than Los Angeles.

Angel City is Parkless.

"A park is being laid on a bleak hillside. It will take them from 300 to 400 years to grow such a park as we have here, and even when they have the park they will not have the beautiful snow-capped peaks in the distance and the other beautiful scenery of Portland. "Sacramento has made a wonderful growth. People can go to Sacramento from a point 75 miles in the country, do their shopping and return the same day, as electric lines have been built in all directions. But Sacramento's water is no better than it was when I lived there a few years ago; in fact I think it is worse. "San Francisco has the most optimistic people of any in California. They say the entire city has been rebuilt since the earthquake. If you will look about a little you will find that not half of it has been rebuilt. Buildings which were seven stories in height and which were demolished to the first story have been fitted with lifts and finished off one story high. It will take 25 years to remove all the scars of the quake and fire. Yet San Francisco's people have done wonders in rebuilding. "Portland has the lowest death rate of any city in the United States and San Francisco has the highest suicide ratio of any city in the country. It is closely followed by Oakland. "Many of the large ranches of California which have, until lately, been held intact as they were granted by the Mexican government, are now being cut up into 10 and 20-acre tracts and are selling at remarkably low figures. Some of the land is selling as low as \$3 an acre. Some of it must be irrigated and some can be cultivated without irrigation."

CENTRAL WILLAMETTE VALLEY QUINTE T PLAYS MANY GAMES WITHOUT DEFEAT.

MONMOUTH HIGH SCHOOL BASKETBALL TEAM (READING FROM LEFT TO RIGHT)—RAY CHUTE, RANINE BURKHEAD, FORWARD; ARTIE BURKHEAD, CENTER; EARNEST RIDDLE, FRED SMITH, GUARDS; A. N. CRAVEN, COACH.

MONMOUTH, Or., April 7.—(Special.)—The Monmouth High School basketball team is just closing a successful season. The squad has not met one defeat in its many games with teams in the Central Willamette Valley. The High School team defeated Monmouth All-Stars twice, Independence High School twice, Dallas High School, Dallas College second team, Corvallis High School, Chemawa second team and Silverton High School, scoring 142 points against 35. The team is coached by Alva H. Craven, who trained a successful High School team last season, and also coached the championship girls' team for the Normal in 1909. The Monmouth team was unable to get games with McMinnville, Newberg and Salem High Schools.

said Mr. Samuel, "if its hotels were properly equipped with such facilities for entertainment as are furnished by their guests by California hostesses. We have everything else—fine climate, scenery, good water and good situation."

Grants Pass to Get Gas Plant.

GRANTS PASS, Or., April 7.—(Spe-

cial).—This city will soon be supplied with an up-to-date gas plant. The parties who have the work in charge are A. W. Butler and associates. The necessary capital has already been supplied and work will be commenced within a few days. About \$50,000 will be expended in labor and equipment.

IT OPENS TODAY.

Nau's Prescription Pharmacy will open in its new location in the Selling building, Sixth and Alder, today.

100 Laborers Travel Far.

L. M. Conry, traveling passenger agent of the Northern Pacific, with headquarters at Spokane, arrived in Portland yesterday with 100 laborers whom he had recruited at Bemidji, Minn., for work in Northern California. He accompanied them as far as Oregon City, where an agent of the Southern Pacific took them in charge. When he left Portland he

was about 12 men short, as that many seized the opportunity of locating in a place that evidently looked good to them, after having their transportation paid from Bemidji.
