

## DEMOCRATS VOTE TO SLASH TARIFF

### After Reciprocity Will Come Free List,

## FARMERS WILL GET BENEFIT

### Tariff to Be Lifted Off Most Things They Consume.

## WOOL AND COTTON NEXT

### House Caucus Votes to Pass Underwood Reciprocity Bill—Prohibitive Duty to Come Off Many Much-Used Articles.

WASHINGTON, April 11.—Reciprocity with Canada and a farmers' free list, it was decided at the Democratic caucus held here tonight, will be the legislation taken up in the order named by the present House of Representatives. The woolen and cotton schedules, according to present intentions, will follow.

In the caucus there was no opposition to Canadian reciprocity and no change or amendment to the bill as presented by Chairman Underwood, of the ways and means committee, were offered by any of those present.

On the free list will be included those things which the farmer needs most, namely, agricultural implements, dressed meat and meat products, flour, rough lumber, boots, shoes and saddles, wire fencing, baling wire, cotton bagging, cotton ties, bagging ties, bur-lap and salt.

On many of these products the present tariff is practically prohibitive and there are few importations on that account. It is impossible, for this reason, to estimate what the difference will amount to by putting them on the free list.

The caucus voted a straight indorsement of the Underwood reciprocity bill, 128 ayes, 25 noes and six voting present.

The caucus added a provision to the Underwood reciprocity bill calling on the President to continue negotiations with Canada with a view to establishing further reciprocal trade relations. Fitzgerald, New York, fought this provision, but he was voted down.

In the debate which followed Underwood's presentation of the general plan, a disposition developed on the part of several members to demand that the Canadian reciprocity and the free list bills be combined. Rucker of Colorado and Sherley of Kentucky led in efforts to override the majority, but the programme of the ways and means committee was generally supported.

It is probable the Canadian bill will be introduced Thursday. Its introduction and the farmers' free list bill as caucus measures will not stand in the way of immediate introduction of three other important measures—popular elections of Senators, publicity before election of campaign contributions and statehood for Arizona and New Mexico.

These are not to be treated as caucus measures, but will come in as party bills and will be taken up for action as soon as they can be reported from their committees.

Another caucus is to be held to debate the revision of the wool and cotton schedules to be taken up in the House, following the passage of the reciprocity and free list bills.

## BANKERS DENY BIG THEFT

### Boise Financiers Plead Not Guilty to Abstracting \$137,000.

BOISE, Idaho, April 11.—(Special)—Pleas of not guilty were entered in the Federal Court here today to Judge Carl Rank by FRANK W. KETTERBECH and his nephew, WILLIAM F. KETTERBECH, to the charges contained in Federal indictments that they abstracted \$137,000, together with Clarence W. Robnett a bookkeeper, from the Lewiston National Bank of Lewiston, of which each was president in different periods.

The task of selecting the jury from the 100 summonses presented was immediately taken up and consumed the entire day. It was not complete when adjournment was taken.

The panel was full, the defense left with five prepetory challenges and the Government one.

## PATTEN TO HELP SUFFERING MANKIND

### "SPECIAL SERVICE" TO BE WHEAT KING'S GUIDING STAR.

### Death of Brother by Tuberculosis Leads Chicago Millionaire to Aid Cause of Humanity.

CHICAGO, April 11.—(Special)—"Special Service" is to be the guiding star of James A. Patten in the distribution of his fortune for the benefit of humanity during his lifetime.

Mr. Patten has declared that "a man should dispose of great wealth for the benefit of the community," that "social service is the one great thing in life," and so he has set about the disbursement of his wealth and has given to the most appealing charities no less than \$2,000,000 within the last six months.

Half a million dollars was donated to the cause of medical research in the "white plague." Another large contribution was for the protection and education of that neglected class called by William L. Bodine "the children of the pathetic estate."

A public park has been provided for in Evanston; substantial aid has been extended to the Young Men's Christian Association for enlargement of the scope of that institution in dealing with the young men of this and succeeding generations; generous assistance has been afforded to the cause of education in Northwestern University and a large sum given to the Evanston Hospital, besides the responses to the almost innumerable appeals that have come to him from the widows, the orphans, the poor and the distressed.

Mr. Patten's intense interest in the tuberculosis investigation dates from the death of his brother from that disease.

## GUGGENHEIM HAS ENOUGH

### Colorado Senator Will Retire on Completing His Term.

WASHINGTON, D. C., April 11.—(Special)—Senator Simon Guggenheim, of Colorado, has decided that he will not be a candidate for re-election at the expiration of his term in the Senate, which expires one year from next March. He has not made the announcement formally, but has announced his purpose to retire, when he completes his present service.

Guggenheim has been assailed from time to time because of the connection of the Guggenheim family with copper legislation. This is not understood to have influenced him in making his decision, but rather a dislike for the drudgery of politics.

He will not remove a large quantity of oratory from the chamber. He is one of the silent Senators, making a speech about once in two years. He spoke briefly on the tariff and delivered an eulogy on his former colleague, Senator Hugh

The board is composed of the State Superintendent, H. B. Dewey, President, Kane of the State University, President Bryan of the State College, Principal Hart of the Spokane High School, the president of the State Normal School at Bellingham, Superintendent Cooper of the Seattle schools, and County Superintendent Preston of this city.

## TABOO ON WOMEN GOES

### Heir of General Dyrnforth Freed of Will's Injunctions.

WASHINGTON, April 11.—A settlement was effected today among the heirs of the late General Dyrnforth of this city and no attempt now will be made to probate the remarkable will of the one-time acting Commissioner of Patents.

In the will General Dyrnforth directed that his grandson, 11 years old, should at all times avoid "the opposite sex," including his own grandmother; that he should complete a course at Harvard, graduate at West Point and gain a degree at Oxford, all before attaining his majority.

Under the terms of the settlement filed in court today the grandson receives \$2000, which is to be held in trust and used for his education along such lines as his guardian shall direct.

## TAFT GETS BASEBALL PASS

### President to Watch Washington in Game With Boston Today.

WASHINGTON, April 11.—President Taft today received his annual pass entitling him to admission to games played anywhere on the American League circuit during the 1911 season and tomorrow, with Major A. W. Butt, his personal aide, and Secretary Hillis, he will occupy a box down in the front row at American League Park to see the locals and Boston open the season. Walter Johnson will not pitch the opening game.

On Saturday the President plans to play his first game of golf this year on the Chevy Chase links.

## MRS. HENRY FOUND, IS STILL DEFIANT

### She Hides With Kelley and Children in City.

## ALL ARE MADE PRISONERS

### Fugitives Remain Under Nose of Bay City Police.

## WOMAN TALKS OF REVENGE

### She Fears Not Guns or Men, but Has Fear of Law—Kelley, Silent, Is Despondent, but Children Are Gay and Playful.

SAN FRANCISCO, April 11.—(Special)—Mrs. Ivy May Henry, her banker "angel and affinity," J. Foster Kelley, and her two children, Albert and Anita, whom she kidnaped on the evening of April 2, were arrested by Deputy Sheriff William Kennedy at an apartment at 100 Richmond avenue shortly before noon today and a hunt was ended that had engaged the police, not only of the State of California, but of the United States, Canada and Mexico.

After the denial by the Circuit Court of Appeals this morning of a writ of prohibition preventing Superior Judge Mogan from hearing the contempt of court charges in the Henry kidnaping case, the alleged kidnapers were taken before Judge Mogan this afternoon.

Private detectives, working in the employ of William H. Metson, attorney for Albert J. Henry, divorced husband of Mrs. Henry, discovered the hiding place of the fugitive woman, her banker-affinity and the two children, who were the inspiration for the search. Metson notified the Sheriff's office and Deputy Sheriff Kennedy was sent to the scene with a report from Metson's office.

### Children Betray Themselves.

Kelley had locked himself in a closet when the deputy finally broke into the house. He made no resistance and refused to make a statement.

The arrest was made after a knock at the door of the apartment brought no response. Other watchers discovered the faces of the children peering from beneath the lace curtain of one of the side windows and a rush was decided upon.

Automobiles were in waiting at the sidewalk and the entire party were bundled in and a run made to the Sheriff's office, where Kelley and Mrs. Henry refused themselves to interview. The children, who were at first startled, soon quieted and began to romp around the room. The little boy balanced on his head in the middle of the floor and the girl walked tightrope on an open window sill. Their action frightened the men in the room, who feared that they might be hurt, but the mother did not seem to mind.

"Well, they got us, didn't they?" said Mrs. Henry.

### Woman Brave, Man Despondent.

Kelley sat silent in the corner of the room and said nothing.

"It'll cost the lawyer Metson some-

## TREATY WORK PROGRESSES

### No Obstacles Seen Toward Anglo-American Agreement.

WASHINGTON, April 11.—James Bryce, the British Ambassador, Secretary of State Knox and Chandler Anderson, counselor of the State Department, today held another long conference in regard to the proposed arbitration treaty between the United States and Great Britain.

Progress is being made in the negotiation of the convention, it is declared, and the Administration is still confident that the document will be completed in ample time for submission to the present session of the Senate for ratification.

No obstacles, it is said, have been encountered or are in sight that would impede the successful consummation of the treaty.

The Anglo-Japanese alliance, it is reiterated here, offers no stumbling block to the treaty.

## MONEY SUPPLY RUNS SHORT

### Angry Hotelkeeper Accuses Brandreth of Vagrancy.

## FREEDOM COMES AT LAST

### After 20 Days in Jail, Brandreth Proves Identity and Judge Releases Him—Diplomatic Row May Be Consequence.

BRUSSELS, April 11.—Unknown, without money, dunned for a hotel bill, accused of borrowing money under false pretenses and imprisoned in a foreign country as a vagrant—that is the fate which befell Ralph C. Brandreth, member of a millionaire New York family, August Mathias, his secretary, shared his fate. Diplomatic intervention secured their release after 20 days in jail, with apologies.

Maitre Revalre, counsel for Mr. Brandreth, said his client was a partner in the Alcock Manufacturing Company, of New York. He explained that Mr. Brandreth had found himself temporarily without money and was unable to pay his hotel bill. The hotel proprietor asked him to leave, which he did, stopping with a friend. The hotelkeeper later denounced him to the police and charged that he had borrowed money under false pretenses.

### Identification Brings Release.

Brandreth was arrested March 17 and, in spite of protests, was sentenced to two years' imprisonment as a vagrant. The court proceedings passed unnoticed.

In the meantime the Minister of Justice cabled to New York to verify his identity, but received no reply until today. He then ordered the release of Brandreth with apologies.

It is understood that the matter will not be allowed to rest. The American legation will make an investigation, considering it inadmissible that an American should lie 20 days in jail without the opportunity of justifying himself.

The authorities are greatly annoyed over the affair, and announce their readiness to make an ample official expression of regret and pecuniary compensation if desired.

## Judge Blames New York.

The judge who had charge of the case says the fault in the delay lies with the New York authorities. While waiting for the confirmation of his identity, the judge said, Mr. Brandreth was subjected to the most lenient rule of the prison.

The Brussels newspapers comment this evening in strong terms. The Etote Belge says it is a shame such an act is possible in Belgium and it is

### First Step in Hunnewell Is Campaign Against Pool Halls—Council Will Oppose Plans.

HUNNEWELL, Kan., April 11.—(Special)—The first meeting of the City Council of Hunnewell under the new suffragist administration was held this evening. Mrs. Ella Wilson took her seat as Mayor.

After the old Council had disposed of unfinished business, the new members organized and the Mayors proceeded to deliver an informal inaugural address.

She pointed out conditions in Hunnewell that needed rectifying and explained the hope that her associates in the Council would co-operate with her in seeking to improve the standard of morals by reforming certain abuses.

Mrs. Wilson's remarks were understood to be directed especially toward the pool halls, which Mrs. Wilson believes exert a corrupting influence upon young men. She wants to put the institutions out of business with a high license tax.

The Council meeting was cut short on account of the Mayors having to catch a train for Brama, where she had an engagement to lecture before a lodge.

Mrs. Wilson said today that she would appoint Mrs. Rosa Osborne, defeated candidate for Police Judge, to the office of Chief of Police. Mrs. Osborne, it is understood, has agreed to accept that office, provided she is given an assistant.

The Councilmen have not shown much warmth toward some of Mrs. Wilson's plans. One Councilman went so far tonight as to say that the Council would not support Mrs. Wilson's appointments and that there would be no licenses for the pool halls neither.

## MORE THAN TALK WANTED

### Southwest Washington Desires Seattle to Work for Highway.

ABERDEEN, Wash., April 11.—(Special)—The Southwest Washington Development Association will accept the invitation of the Seattle Chamber of Commerce for a banquet to be held in Seattle, only on the condition that the invitation shall come from all the commercial organizations and business interests of Seattle and that the discussion shall lead to a definite understanding of Seattle's attitude toward the construction of the Pacific highway.

This decision was made at a meeting held here yesterday at the office of W. J. Patterson, president, by the executive council of the association.

The reply to the invitation is virtual notice that Seattle, while Southwestern Washington desires to hasten the friendship of Seattle, it wants some greater proof of friendship than after-dinner speeches.

## BARS UP IN ASIA MINOR

### Russia Opposes American Railroad Interests in Country.

ST. PETERSBURG, April 11.—That Russia is opposed to American railway projects in Asia Minor is for the first time officially acknowledged in an interview which the editor of the Novoe Vremya has had with the Acting Minister of Foreign Affairs, M. Neratoff.

The minister said Russia regarded the recent acquisition of a railroad outlet at Alexandretta by Germany with indifference, as Alexandretta is outside the direct sphere of Russian interests.

On being asked why Russia, according to reports, had intervened and insisted that Turkey reject the American railroad project of securing an outlet at Merzina, the Minister replied that the American proposals introduced into Asia Minor are entirely new elements, which not only considerably complicated the railroad problem, but affected the general political situation in which Russia was interested.

## BALLOON FLIGHT FAILURE

### Bad Weather Spoils Attempt to Capture Lahm Cup.

ST. LOUIS, April 11.—With only three sacks of ballast remaining out of 47, they carried when they left San Antonio, Tex., last night, Lieutenants H. E. Honeywell and J. W. Tolland, of St. Louis, landed at 1:30 P. M. today, 15 miles south of Little Rock, Ark., and gave up their attempt to lower the Lahm balloon-cup record. Bad weather was experienced.

This is the third attempt within a year to lift the cup by starting from San Antonio. Clifford B. Harmon tried it in the Spring of 1910 and landed in Arkansas. In February of this year William Assman, of St. Louis, started, landing in Missouri.

## CHURCH PICKETING DENIED

### St. Louis Catholic Cathedral Free of Labor Union Interference.

ST. LOUIS, April 11.—Revocation of an injunction against picketing at the new Roman Catholic Cathedral by members of the Bricklayers and Masons' International Union of St. Louis was today denied in the United States Circuit Court of Appeals.

The injunction was granted by United States District Judge Dyer, June 10, 1910, upon the application of the contractors erecting the cathedral and still holds, as the edifice is but partly finished.

## INDICTED IDAHO MEN ADMIT SALE

## BONDS SET AT \$2500 EACH

### Arrangements Are Effected by Spokane Lawyers.

## ROOSEVELT'S NAME USED

### Assertion Made by Authorities Alleged Such Men as Carnegie, Pinchot and Others Advertised as Backers or Indorsers.

SPOKANE, Wash., April 11.—(Special)—Arrangements were completed today by Attorneys F. T. Post and W. C. Jones, representing the sextet of prominent Idaho citizens indicted last Saturday by the Federal grand jury on a charge of fraudulent use of the mails in connection with the promotion of the Idaho Hardwood Company, whereby P. S. A. Biekel, of Jerome, Idaho, engineer in charge of a Southern Idaho reclamation project; L. B. Perrine, of Twin Falls, Idaho, land and hotel owner, and James A. Murray, capitalist, made public statements which allowed to furnish \$2500 bonds for appearance for trial without formal appearance before Judge Frank H. Rudkin.

These bonds, together with those furnished Saturday by A. B. Moss, of Payette; D. W. Starrod, of Pocatello, and Don Davenport, a broker of this city, will be approved by District Attorney Oscar Cain.

### Complete Silence Reigns.

A policy of complete silence is still maintained by both attorneys and their clients. The cases will be tried sometime in September, at Boise, on a change of venue from this city.

Government agents in charge of the collection of the evidence said today that the indicted men admitted the sale of \$132,000 worth of stock in the Idaho Hardwood Company at \$100 a share in six months. Complicit was made to the postal authorities by investors, most of whom lived in Idaho.

The Federal authorities allege that the wide prominence of the officers of the company now indicted was used to boost the sale of the stock. They further allege that the company claimed connection with the American Hardwood Association, a society founded solely on philanthropic grounds, with a membership including Theodore Roosevelt, Andrew Carnegie, Gifford Pinchot and other conservationists of wide repute. This, the authorities allege, was embodied in the advertising of the company.

### Experts Will Testify.

Experts in the employ of the Government Forestry Department will be called as witnesses at the trials.

The fact that the eucalyptus tree is the only species of hardwood having a rapid growth rate, the authorities assert offered a rich field for promoters and alleged that further inducements were held out to buyers by use of a shortage in hardwood timber.

A member of the American Hardwood Association, it is said, started the investigation which resulted in the return of the true bills.

## NOTED ACTRESS DIES POOR

### Mrs. Brown Was Associate of Booth and Fanny Davenport.

BOSTON, April 11.—The body of Mrs. Nellie Brown, an actress of years ago, who played with Edwin, Junius B. and John Wilkes Booth and Fanny Davenport, was buried by the Actors' Fund of America in Mount Hope Cemetery today.

Mrs. Brown died poor, her earthly possessions consisting of jewelry which Edwin and John Wilkes Booth gave her.

### Counterfeiter Uses Holy Writ to Hide Money-Making Plant.

CHICAGO, April 11.—After the arrest of Andrew Buktus, on a charge of counterfeiting, United States Secret Service men found a counterfeiting plant for raising \$2 bills to \$20, hidden under a pile of bibles in Buktus' room.

When arrested Buktus said he was a Bible salesman. In a satchel under the bibles was found a set of dies and tools together with several altered bills.

LAS VEGAS, N. M., April 11.—Implicated by the confession of Joe Wiggins, a former life convict, Will and John Rogers, uncles of little Waldo Rogers, were tonight arrested for complicity in the lad's abduction.

For his return \$2000 ransom was paid, Will Rogers acting as agent for Mrs. Rogers.
