

BRREAKERS HARD HIT

Farmers' Union Will Handle Its Own Wheat Crop.

DOCKS ARE TO BE BUILT

Open River Transportation Company's Superintendent Summoned to Walla Walla for Business Conference of Importance.

Another move of the Farmers' Union in centering its influence in Portland grain circles with the expectation of selling wheat and other cereals direct, instead of disposing of them inland to grain exporters, came to light yesterday.

The Farmers' Union recently closed negotiations for the lease of Columbia dock No. 1 for a year, beginning July 1, and it is said the annual rental will run close to \$10,000. The dock has a capacity of 15,000 tons and is proposed to center there all wheat that can be collected by the union, purchasing from its members inland, which will be offered for sale principally to California buyers.

As the open river organization has thrown down the gauntlet to the rail lines in the matter of wool rates and quotes tariffs in conjunction with through Eastern shipments via ocean lines, it will endeavor to gather wool patronage from the union members and induce them to establish shipping points with proper facilities.

NAME WANTED FOR NEW BARGE

Earning Capacity Assured but Vessel's Owners Lack Title.

With money apportioned for her construction and fitting out, her engines on the way from the East, the hull work progressing as well as the painting and outfitting, the new barge will be ready to start on her maiden voyage.

Drake C. O'Reilly, whose regard for his Celtic and Irish ancestry is shown in the painting of all barges of the Diamond O fleet in green and the christening of each with a name beginning with a capital O, has expressed his desire to stockholder in the barge antagonistic to his scheme being followed of honoring the Irish, and loans strongly toward the adoption of an Indian name.

LEWIS RIVER RUN IN DOUBT

Mascot May Be Replaced by Vessel Built for Freight.

The building of a successor to the burned steamer Mascot and the chartering vessel to take her place, and the Lewis River river route are possible moves of the Kamm interests. Decision is expected before the summer season opens.

FRENCHMAN IS HERE AT LAST

Marechal de Castries Leads Season's Fleet for Slow Passage.

Following the slowest voyage of the season, which began when she sailed from Dublin with general cargo 259 days ago, the French bark Marechal de Castries crossed into the Columbia River yesterday and as soon as her cargo is discharged she will be given an opportunity to demonstrate her sailing abilities in the opposite direction, as she is under charter to Balfour, Guthrie & Company to load wheat.

The vessel was disabled in a gale and September 27 was towed into Punta Arenas, her cargo having shifted and the vessel sustained considerable damage. It was not found necessary to discharge and she put to sea again November 29. It was 10 days later that she sailed from Reef Harbor, Falkland Islands, and reached Hobart January 19, sailing seven days later. The vessel has the usual European cargo and will discharge either at Mersey or the North Bank dock. The steamer Okiyama left down yesterday with the

British bark Oweense in tow and will bring up the Frenchman.

Graham Smokes Pure Leaf.

Captain A. W. Graham, of the Yellow Stack Line, held an informal smoker yesterday on Taylor-street dock on the receipt of a large sample of Tennessee tobacco, which was forwarded from the South by A. J. Shirley, formerly agent for the company at Albany. Mr. Shirley is interested in tobacco culture and day with the experture of Graham changed pipes as often as he employs deckhands, sent him a roll of leaves direct from the field, uncolored and without ingredients which the captain says make some tobacco a mystery.

Marine Notes.

Though delayed nearly 12 hours in sailing, the steamer Breakwater left for Coos Bay last evening with 95 passengers and a large cargo.

steamer Diver, of Astoria, has been hauled on the ways at Supple's yards. First of the steel arriving for the new Harriman bridge was unloaded yesterday on the site of the East Side approach, a derrick car being used in the work.

Headquarters of the McCormick Lumber Company have been moved to the Teon building and during the month the Associated Oil Company will move there from the Lumbermen's building.

Major McIndoe, Corps of Engineers, U. S. A., has signed final papers in the matter of the Port of Portland, and Columbia and he expects that she will commence work to the westward of Swan Island this week.

Balfour, Guthrie & Co. have chartered the French bark S. Rogation to load wheat from Portland for the United Kingdom in the Fall. She will carry cement from London to Honolulu on the outward voyage.

Captain Albert Crowe was yesterday summoned to Astoria in connection with the loading of the British bark Windrush, which will work lumber at Tongue Point for Valparaiso. She has 300 tons of ballast aboard and about half of it will be discharged.

With oil from San Francisco, the steamer Ansonia yesterday sailed at the Custom-House with the steamer Shna Yak reporting from the same port with general cargo. The Ansonia cleared for the return in ballast and the Shna Yak for San Pedro with 450,000 feet of lumber.

Charles M. Greiner is the name of a vessel classed as a scow-steamer that has been launched at the yards of the Portland Shipbuilding Company for the Portland Tug & Barge Company. She will be used in general river work and measures 67.2 feet long, has a beam of 12 feet and depth of hold of seven feet. Her net register is 27 tons.

Carrying 500 passengers, the steamer Bear is due this afternoon from San Pedro and San Francisco. The steamer will sail for California this morning with about 275 on her list. In the future vessels of the line will sail from San Francisco for San Pedro at 10 o'clock in the morning, instead of 9 o'clock, as has been the practice.

Contractors engaged in building over a mile of the Cello canal will complete their task in less than 29 days and that the task of the project will be finished, with the exception of installing the lock gates. Major M. G. Smith, Chief Engineer, U. S. A., left for Celilo yesterday to inspect work along the seven miles of country through which the canal will extend.

Rough weather outside has temporarily held up the fleet of lighthouse tenders, as the Columbine is barbound on Puget Sound, the Heaster has been unable to reach Southern Oregon harbors and the Manzanita will report again today at Fort Stevens for mining practice. The Heaster has been suspended during the past few days.

S.S.S. CURES BLOOD POISON

A great many so-called remedies for Contagious Blood Poison are composed almost entirely of strong mineral ingredients. They seem to be compounded with the idea that one poison will counteract another—provided the stomach and delicate portions of the system can withstand the effects of the strong treatment. These concoctions are intended to kill the poison in the system. In this article we want to tell you of S. S. S., a purely vegetable remedy for Contagious Blood Poison, a medicine that not only cures the disease, but one which from the first dose has a fine tonic effect upon the stomach and the entire system. Nor does S. S. S. attempt to kill the germs within the system, but cures by REMOVING them from the blood—which is absolutely the only way to cure the disease.

It does not require any argument to establish the fact that a blood disease can be cured only by a blood purifier; every one will admit the truthfulness of this statement. The question of most importance therefore is, what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S. S. S., and offer as proof the fact that for more than forty years it has been sold under this claim and the demand for it has steadily increased, and we have thousands of testimonials from cured patients from all parts of the country.

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood, until it becomes a thorough systemic poison. Its first symptom is usually a tiny sore or pimple, but it rapidly spreads, and in a short while the entire body gives evidence of the poison in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored spots appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the ravages of the poison, must be built up before health can be restored. S. S. S. CURES CONTAGIOUS BLOOD POISON BY PURIFYING THE BLOOD. It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect as well as lasting cure. S. S. S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral of any kind enters into the composition of this great medicine. S. S. S. is perfectly safe for any one to take, and instead of upsetting the stomach as mineral medicines do, it tones up this important member and makes digestion easy. Thousands have cured themselves of Contagious Blood Poison by the use of S. S. S., and if you will write and request it we will send you, without charge, a Home Treatment Book, which will give you all necessary information for curing yourself at your own home. We will also give you free any special medical advice you ask for. S. S. S. cures by making pure, healthy blood—Nature's real remedy.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

S. S. S. CURED HIM.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was rapidly thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well and my skin as clear as a piece of glass.

"606"

Now Given in Portland

I CONFINE MY PRACTICE TO MEN ONLY

DR. DR. EHRLICH'S WONDERFUL DISCOVERY

Indicated in the Worst Form of Blood Diseases, Eruptions, Sores, Ulcers, Etc., Also in Threatened and Early Paralysis, Epilepsy, Psoriasis, Etc.

All other treatment for Ailments of the Blood have been slow, hazardous, and never positive, often bringing about conditions worse than the original ailment. "606" acts immediately. It is administered only once, and the symptoms begin to disappear within 12 hours. Dr. Julius L. Metzler, of the John D. Rockefeller Institute, says: "Only scientific men can imagine what a marvelous discovery this is. It is beyond belief what it will do." "606" (also known as SALVARSAN) was discovered by Prof. Ehrlich, of Frankfurt, A. M., physician to the German Emperor, after six hundred and five other experiments—hence given the name "606".

I have personally administered this new remedy and know its power. I have a full supply of "606" on hand, made in the German laboratories, and imported in the original tubes. I make all required blood tests, and am thoroughly conversant with the technique of preparing and administering the treatment, which I will gladly explain to all interested.

SPECIALIST FOR MEN

Here Is an Opportunity for Any Man to Be Cured Easily, Quickly and Permanently

NO MAN should suffer the loss of that vitality which renders life worth living, or allow himself to become less than Nature intended, when there is at hand a certain cure for his debility. Most of the PAINS, most of the DEBILITIES of the STOMACH, HEART, BRAIN, NERVES and AILMENTS of MEN from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man. You can be cured by the right kind of treatment. Come to my office; investigate my methods.

FIRST WARNINGS OF DANGER

When you are first aware of any disease or debility upon your vitality, then you should procure the proper medical advice and treatment without delay. You will secure to yourself that health, success and enjoyment of life which is every man's lot, whose bright and steady eyes, clear and healthy skin, active brain, congenial make-up and physical development show that no contaminating influences of disease are devastating his system, that no mental, moral or physical debility is making his life a miserable failure.

MY TREATMENT AND DIAGNOSIS

I do not treat symptoms. I treat and cure the ailment behind the symptoms. If the case presents even the slightest feature upon which I have a doubt, or if I recognize incurable complications, I positively refuse treatment. I would rather give up my practice than indulge in either guesswork or make-believe cures. I have devoted years of earnest and conscientious endeavor to the unravelment of some of the most perplexing problems that ever confronted the profession, and believe that I have attained the limit of medical possibilities in my particular branch of practice. I have brought to light the true nature of men's ailments and the causes of the symptoms they present. In addition I have by the scientific blending of drugs produced remedies that meet every condition that it seems possible to cure. There is no ostentatiousness. Consultation costs nothing, and I will not offer my services unless I can cure you.

NOT A DOLLAR NEEDED BEPAID UNTIL CURED

My Original and Exclusive Treatment for Men's Ailments Has Been Proven in Numbers of Instances Where Success Has Seemed Impossible Before. Information That Is of Vital Interest to Every Sufferer Free. How They Can Be Cured Without Experimenting. Have You Violated the Laws of Health?

Correct Medical Methods for the Permanent Cure of Blood Ailments, Piles and All Bladder and Kidney Ailments.

Medicine furnished from my own laboratory for the convenience and privacy of my patients. From \$1.50 to \$5.00 a course. Hours 9 A. M. to 5 P. M. Sundays from 10 to 12.

ST. LOUIS MEDICAL CO. 230 1/2 Yamhill St. PORTLAND, OR.

MEN I CURE LAZY LIVER

ARE YOU SATISFIED?

Men, does your present physician satisfy you? Has he made good all his promises? Has he cured you, or greatly benefited you, or if he has failed, after a fair trial, to accomplish the cure for which you paid him, has he returned your money? These are questions, all important questions, which every patient should ask himself. If you are getting along all right under the treatment you are now taking, we say stick to your present physician, for he probably does his best for you, and may ultimately bring about the result you desire. Our object is not so much to do better than that other doctor can do, but rather to do that which they cannot do. What we solicit in particular is obtinate cases within our specialty, cases which general practitioners and all other specialists have treated and failed to cure; cases which have been aggravated and made worse by the various forms of inferior treatment. Other physicians may treat men, but we cure them, cure them to remain cured, and this we are prepared to prove to the entire satisfaction of any man sincerely interested. If your case is curable the

DR. GREEN

system of MAN-BUILDING treatment will give you immediate benefit, and a quick and lasting cure. There is no uncertainty about it. No risk to run. Our guarantee—MONEY REFUNDED UNTIL SATISFIED—is your absolute protection. We cannot tell you how much we would like to, but will fully and freely explain our proven methods to all ailing men who come to us for the help they need.

BABY'S ECZEMA BEGAN IN PUPPLES

When Two Weeks Old, Would Water and Itch. Broken Out Most on Face. Used Box of Cuticura Ointment and Nearly Cake of Cuticura Soap. Was Completely Cured.

"My little girl had eczema on her face which first started to break out on her when she was two weeks old. It began in pimples on her cheeks, and the wild water and itch. It was on the back of her neck in the edge of her hair, and in between her shoulders. But it was broken out the most on her face. I doctored with two different doctors, and they did not seem to help her. Then a cousin of mine recommended the Cuticura Remedies. She said they cured one of her children, so I tried them. They gave my little girl relief. I used a box of Cuticura Ointment and nearly a cake of Cuticura Soap, and my little girl was completely cured. She is three years old now and has not a sign of eczema. I have been keeping the Cuticura Ointment ever since and think the Cuticura Remedies are all right. I tell other people about them and how they cured my little girl." (Signed) Mrs. Minnie Clutter, Deer Lick, Pa., Aug. 29, 1910.

Cuticura Remedies afford the most economical treatment for affections of the skin and scalp of infants, children and adults. Sold throughout the world. Potter Drug & Chem. Corp., sole props., 129 Columbus Ave., Boston, Mass.

Mail free, samples of Cuticura Soap and Cuticura Ointment, with 32-page book on the care and treatment of the skin and scalp.
