INSURGENT FACTION SPLITS

OREGONIAN NEWS BUREAU, Washington, April 24.—The Senate committee on committees has practically completed its labors and tomorrow the majority of committee is expected finally to announce assignments, which will then be submitted to the which will then be submitted to the Republican caucus for approval. Notwithstanding the declaration that

the insurgent Senators are holding out and demanding recognition as a dis-tinct faction, it is known that only four out of the 12 have taken this position, Bourne and La Follette being leaders of the revolt. As eight insurgents are willing to abide by the decision of the committee, these four radicals will e overriden. Bourne will land the chairmanship of

the postoffice committee, inasmuch as Crane refuses to accept it, but Bourne will not go on the committee on finance or on appropriations, the two principal committees of the Senate, on which he

Democratic assignments have not been agreed upon and it is not known how Chamberlain will fare, though he is expected to better his position on committees materially.

Jones of Washington will be made chairman of the committee on coast defense and in addition will be placed on the committee on military affairs, privileges and elections, District of Columbia and claims, which are new assignments. By remaining in the State of Wash-ington to escort ex-President Roose-velt on his recent visit, Poindexter placed himself far down on the list of Senaiors, being next to the last mem-ber of that body to be sworn in. He is made chairman of the committee on expenditures in the Interior Department and is given mem-bership on naval affairs, conservation, forest reservations, university, mines and mining and trospassers on Indian lands. TARIFF BILL BEFORE HOUSE

Final Vote Will Probably Not Be Reached Before End of Week.

WASHINGTON ,April 24 .- The Democratic tariff bill, putting cotton bag-ging leather, boots, agricultural implements' shoes, harness, meat, lumber, flour and many other articles on the free list, came before the House in the last few moments before adjournment today and will be taken up as soon as the House convenes tomorrow. Final vote will not be reached before the end of this week; and House leaders are in doubt whether it will come before the following week. Chairman Underwood, of the ways

majority. The indications are the bill will have several Republican votes in its support.

Asquith Pledges Home Rule.

James Ramsey McDonald, Socialist and labor member for Leicester, Immediately took the field in support of the Nationalists and contended that the laborites were whole-heartedly in favor of the revolution demanded for Ireland and believed that the projected "treaty of peace" with the United States had been made possible by the promise of home rule for Ireland.

Premier Asquith in a few pointed sentences gave the House to understand clearly that the Cabinet was unswervingly of the opinion that the electors had returned them to power with the full knowledge that they would give Ireland a measure of home rule. The opposition campaign oif "dollar dictation" further emphasized the fact, the Premier said, that home rule for Ireland was an issue in the election. Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alterative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden nor alcohol.

The ingredients, as attested under oath, are Stone root (Collinsonia Canadensis), Bloodroot (Sanguinaria Canadensis), Golden Seal root (Hydrastis Canadensis), Queen's root (Silllingia Sylvatica), Black Cherrybark (Prunus Virginiana), Mandrake root (Podophyllum Peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncom-fortable symptoms, stops excessive tissue waste in convalescence from fevers; for the run-down, amemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.
