Regular price on this suiting is from \$40 to \$45. I will give you, during this sale, your unrestricted choice from 16 bolts for

\$32.50

MADE TO ORDER

Remember, I use the highest grade of linings, such as Mohair, Serge, Alpaca and Farmer's Satin, as there is nothing gained in the long run by using cheap materials. I adopted this policy of using high-grade trimmings in all clothes made by me years ago and that is one of the reasons why I now have the largest high-grade tailoring establishment with the largest patronage in the City of Portland. I do not have to brag about my reputation as a tailor; the years I have been in Portland with the thousands of Suits I have made is enough to testify to my ability and integrity of doing business. All garments are cut by me personally and are all made on the premises, under my personal supervision, which you can see for yourself when you visit my store.

MAXWELL, THE TAILOR

BRITISH LEADERS STAND FOR PEACE

Resolutions Adopted in Venerable Guildhall Indorse Arbitration Move.

PARTY CHIEFS AGREEABLE

Premier Asquith and His Predecessor Balfour, Speak for Plan Suggested to Great Britain by President Taft.

LONDON, April 28.—In the venerable Guild Hall, where all the popular movements of England are launched, and with the flags of Great Britain and the United States entwined over their heads, Premier Asquith, the Lord Mayor of London, ex-Premier Balfour and other notables of Great Britain and her colonies today adopted resolutions pledging the city to support the move for a permanent arbitration agreement between Great Britain and the United States, as suggested by President Taft.

Gathering Is Distinguished.

In his scarlet robes and with his mace in his hand, the Lord Mayor sat in the center of the stage, surrounded by a group, including the Premier and ex-Premier, leaders of the two principal political parties, the archbishop of Canterbury, the archbishop of Westminster, Lord Loreburn, the Lord High Chancellor, Lord Strathcona, High Commissioner of Canada, Sir Joseph G. Ward, Premier of New Zealand, and other notables. Over their heads the Union Jack and Stars and Stripes were entwined.

Mr. Asquith and Mr. Balfour spoke eloquently of the treaty first proposed by President Taft, declaring that it would mark a new era in civilization, but both pointedly disclaimed that a peace pact between Great Britain and the United States providing for the submission of all differences to arbitration would mean an alliance between the two countries.

Mr. Balfour warned his hearers, that whom he said, none in the world felt more the burden of preparing for war, that the treaty would not mean the immediate reduction of armaments.

Democracy is Represented. The meeting represented the democracy of England rather than the aristocracy. Among those on the platform were the Bishop of Hereford, the Earl of Aberdeen, Lord-Lieutenant of Ireland, Sir George H. Reed, High Commissioner of Australia, agent of all the other British colonies, with representatives of the banks, the railways and steamship companies of England.

Premier Asquith said in part: "The profound significance of the new departure is that between Great Britain and the United States, whatever the gravity of the issues and the magnitude of the interests involved, whatever the poignancy of the feelings it aroused, there will be abandonment of war as a possible solution and the substitution of

argument for force, and the suppression by judicial methods of the old ordeal of battle."

Balfour said that Anglo-American arbitration seemed nearer fruition at this moment than ever. Some he said, regarded it as an idealistic dream, and believed that when the clash of conflicting interests came all paper barriers would be swept away.

TACOMA FEARS FOR WATER

City's Supply System Menaced, Temporary Dam Hurdled.

TACOMA, Wash., April 28.—(Special.)—Tacoma's big water supply system, in course of construction on Green River, is being seriously menaced by high water. Commissioner Lawson, who was called to the scene of operations last night, announced today that the water had risen about two feet, necessitating hurried construction of a temporary dam to allow work on the big intake to proceed.

The warm weather of the last few days has caused all the small streams flowing into Green River to rise and almost overflow their banks. They are fed by the snows in the mountains, and these are rushing down in torrents and causing Green River, the main body of water, to rise rapidly. Commissioner Lawson expressed the opinion that by the construction of wing dams the work could proceed without a great deal of delay.

JUDGE YAKY IS QUERIED

Disbarment Proceedings in Seattle Now Proving Boomerang.

SEATTLE, Wash., April 28.—In the disbarment trial of State Senator James W. Bryan, of Kitsap County, today, Superior Judge John B. Yakey, of Kitsap County, the principal witness against Bryan, admitted, under cross-examination by the Senator that he had ridden on steamboat passes and that he owned buildings at Port Orchard in which saloons were conducted. Bryan, who is an insurgent Republican and Prohibition leader, has practically turned the disbarment proceedings into an investigation of Judge Yakey. Judge Yakey denied indignantly today in answer to a question by Bryan, that he had charged his liquor bill at the Raintier Club, Seattle, to the county.

Salmon Cache Seized and Sold.

STEVENSON, Wash., April 28.—(Special.)—Fish Commissioners seized 500 pounds of salmon at Butlers today, which had been cached by unidentified fishermen. They brought the fish to this city where they were sold. There is said to have been much illegal fishing in this vicinity lately, but so far none of the offenders have been caught.

Albany to Celebrate Fourth.

ALBANY, Or., April 28.—(Special.)—Preparatory plans for celebrating the Fourth of July in Albany this year were made at a meeting of business men last evening. A committee consisting of Owen Beam, George H. Ree, R. C. Churchill, D. C. Burkhardt, J. O. Lee, Clair W. Dawson and Frank Whitaker, was named to ascertain if local business men would assure sufficient funds for a big celebration.

Firemen Are Alleged Thieves.

SEATTLE, Wash., April 28.—Assistant Chief of the Fire Department Thomas E. Nunan and Fireman G. E. Robb were arrested today, charged with stealing rubber boots from the Eyres' storage warehouse during last Monday's fire. Other firemen are alleged to have stolen boots, shirts and other articles, and further arrests are expected.

OREGON MEN IN DEAL

WASHINGTON TRACT OF 14,000 ACRES GOES FOR \$400,000.

One of Largest Realty Transactions on Record Made by Syndicate Headed by Miles C. Moore.

SEATTLE, Wash., April 28.—(Special.)—James A. Moore, president of the Western Steel Corporation yesterday closed the deal for the sale of 14,000 acres of land on the Columbia River near Whitcomb, Wash., to a syndicate of Oregon and Washington capitalists headed by Miles C. Moore, of Walla Walla. The price is given at \$400,000 and it is stated that the syndicate will incorporate and has raised funds with which to irrigate the tract by pumping water from the Columbia River.

The deal is one of the largest of record in Eastern Washington in some years. The tract is as large as the whole Kennewick irrigated district. The soil is much similar to that at Kennewick. It is said that officials of the Pacific Power & Light Company were active in closing the deal. The company owns the Hanford Power & Irrigation Plant on the Columbia River, another plant on the Deschutes River in Oregon and plants on the Upper Yakima River in this state. The Moore syndicate will spend upward of \$500,000 this summer in developing the property and will construct power and pumping plants on the Columbia River, using electric power furnished by the Pacific Power & Light Company, which is controlled by the Electric Bond & Share Company, of New York City.

SEATTLE CONVICTS ROBBER

Accomplice of Highwayman Ford Cries "Innocent"; Juror Replies.

SEATTLE, Wash., April 28.—(Special.)—Axel Nist, who was with highwayman John Ford on the night of February 23 last when the latter shot and killed Patrolman Judson P. Davis in a revolver duel on Boylston avenue near Denny Way, was today found guilty of murder in the second degree by a jury in Judge Gay's court. The penalty is from 10 years to life at the discretion of the court.

A dramatic incident followed the verdict. Nist sat within four feet of the jury box. When he heard his fate he half rose from his chair and, with a snarl, snapped out: "You've convicted an innocent man." It was not the words but Nist's baleful manner that caused Juror W. R. Tonkin to lean forward from the box and, when he had fixed Nist with his eye, to say steadily: "We are all satisfied that you are guilty, guilty of that crime and more. You are lucky."

FIRE AUTOS FREED OF TAX

Washington Also Exempts Police Patrols From License Fees.

OLYMPIA, Wash., April 28.—(Special.)—In an opinion given to the Secretary of State by Assistant Attorney-General Lyle, it is held that automobile fire wagons and police patrols do not have to have licenses in Washington.

It is pointed out that such vehicles are made exempt by inference, although it is not so specified in the law. The opinion says that it was not such matters that the law sought to reach,

however all other municipal-owned machines have to be licensed and registered the same as those that are owned by private individuals.

INDIAN GIRL IN LIFE-FIGHT

Alaskan, Charged With Killing Mother, Now Being Tried.

JUNEAU, Alaska, April 28.—The trial of Selma Dowling, the pretty half-breed Indian girl, 17 years old, who is charged with the murder of her mother, Mary Dowling, an Indian, was begun today. The girl viewed the proceedings with unconcern. Mrs. Dowling died in agony at Douglas on January 27, after eating three candlefish brought to the Dowling home by John Harris, an Indian stater for the girl's hand. A druggist stated at the time of the tragedy that Selma had tried to buy poison at his store, saying she wished it to kill foxes.

The girl said she asked for the poison on the request of her father, Ed Dowling, a white man. It is the prosecution's theory that Mrs. Dowling was poisoned because she objected to Harris' attentions to Selma. Most of the witnesses called in the case are Indians. The girl is defended by able counsel.

West Selects State Fiscal Agency.

SALEM, Or., April 28.—(Special.)—Governor West today selected the National Park Bank of New York City as the fiscal agency in the metropolis for the State of Oregon. Selection of such fiscal agency by the Governor was prescribed in a bill passed at the last Legislature. Under the terms of the act this agency will be for the payment of bonds and coupons issued by the state or any county, township, town, city, precinct, school district, irrigation district or any other municipality. It will devolve on the State Treasurer or the treasurer or proper officers of any of the municipal divisions given above to remit to the agents of the bank the amount of bonds payable in New York, at least 15 days before maturity of any bonds or coupons, payable in New York City, sufficient funds for the redemption of such bonds or coupons.

Alleged Trout Dynamiters Caught.

THE DALLES, Or., April 28.—(Special.)—Deputy State Game Warden L. S. Frita today arrested three Dalles men—Ed Baker, Harry Heelner and Jack McCowan—for alleged dynamiting a trout stream. Their preliminary hearing was held before Justice Douthett, and they were bound over under \$100 bonds to appear before the grand jury at the May term of court. There has been much trespassing going on, but this is alleged to have been a flagrant violation of the fish laws, occurring on Lower Ten Mile about eight miles from town, with plenty of witnesses. The warden is after other parties who are fishing in the same way. Local sportsmen are very much opposed to any such methods of taking fish, and are willing to give the warden any aid in protecting the trout streams.

Vaccination Regulations Made.

SEATTLE, Wash., April 28.—The regulation of the Public Health and Marine Hospital Service relative to vaccination of persons departing for Alaska have been so modified that travelers unless they had been recently vaccinated and 1000 persons were obliged to undergo the operation. Travel to Alaska is very heavy on account of a desire to descend to Yukon as soon as the ice breaks, in order to be early into the Iditarod diggings, where a Spring clean-up of \$5,000,000 of gold dust is expected.

DEPOSITORS ARE CALLED

VICTIMS OF VANCOUVER BANK TO MEET MONDAY.

County to Be Asked to Provide Aid for Official in Investigation to Find Who Is Culpable.

VANCOUVER, Wash., April 28.—(Special.)—A meeting of depositors of the Commercial Bank of Vancouver, which failed December 19, 1910, has been called for Monday afternoon at 1:30 o'clock, when the County Commissioners will be present. The Commissioners will be asked that an appropriation be made to retain a special prosecutor to assist Fred W. Tempes, County Attorney, in investigating the bank failure, to ascertain whether H. C. Phillips, president, and Gilbert W. Daniels, cashier, may be prosecuted for the bank crash.

Judge McMaster, of the Superior Court, says he will call a special grand jury to investigate the case if that action is recommended by the County Attorney.

Job Awaits Benson, Jr.

Son of Late Secretary Tendered Place in Father's Old Office.

SALEM, Or., April 28.—(Special.)—Another change in the Secretary of State's office along the lines predicted by The Oregonian will come June 1, when C. A. Zeigler will be asked to resign. Zeigler holds one of the more important of the clerical positions and his place has been tendered to Wallace Benson, son of the late Governor and Secretary of State. Wallace Benson is attending the University of Oregon and the position will be offered him upon his leaving school this year. He is a resident of Roseburg.

Seattle's ex-Fire Chief Appeals.

SEATTLE, Wash., April 28.—Ex-Chief of the Fire Department John H. Boyle, who was removed by Mayor George W. Dilling because of alleged habitual drunkenness, frequenting of saloons during hours of duty and incompetence, appealed to the Civil Service today from the Mayor's action. Boyle is one of the recalled Mayor Gill's closest friends, and was appointed to office by him.

Oil Speculation Pure and Simple

But you have a dozen chances to win over any other oil proposition you have been invited to join—and at only a fraction of the cost of any one of them.

Because

When the Boom is On, which you know it will be when any well comes in in Oregon, you can

Furnish the Water Yourself

instead of buying it at the start. It is an opportunity to make "A KILLING" on your investment and at the same time be in a position to

Play for the Big Money

when the psychological moment comes. This association is managed by experts in the business, and all money received will be expended by Portland business men of undoubted probity and high standing. Very likely you would have to pay 25 times as much for the same interest six months from now. Make appointment. Address AL 55, Oregonian.

URIC SOL

THE DEADLY FOE AND CONQUEROR OF RHEUMATISM

Uricol is not an experiment, not a cure-all, but a tried and proved remedy that has been performing wonderful work for years. The formula is that of a chemist of forty years experience.

IT WILL NOT ONLY CURE RHEUMATISM BY REMOVING EXCESS OF URIC ACID IN THE BLOOD, BUT IT DISSOLVES AND ELIMINATES DEPOSITS IN THE JOINTS.

Uricol positively has no injurious effects upon the stomach, but rather assists digestion and strengthens the digestive organs.

Don't waste another day before investigating Uricol. If your druggist does not have it, send one dollar to the California Chemical Co., Los Angeles, and a bottle will be sent you prepaid.
