WITNESS GOES FREE

Indictment Quashed When He Gives Testimony.

CANDIDATE SENT TO JAIL

Otto Newman, Socialist Aspirant for Councilman, Charged With Forgiving Names to Ellis Petition Will Enter Plea Today.

The principle in law that a person shall not be expected to testify in a case that may incriminate himself worked to the benefit of J. C. Law yesterday, when he was brought before Presiding Judge Gantzenbin for arraignment following his indictment by the grand jury, jointly with F. N. Myers and W. E. Davis, on a charge of accepting money in their bank at Lewis knowing that the institution was insolvent. Attorney Doty said that inasmuch as Law had been subpoenaed to testify before the grand jury in regard to the case after he had been indicted, it was merely a matter of justice to relieve his client of a further defense under the indictment. His motion to quash the indictment was allowed and the case against Law was dismissed. Judge Gantzenbin said, however, that the grand jury could reconsider the case against Law if it was the desire of the District Attorney's office to press the matter. As Law will be one of the main witnesses for the state when the trial of F. N. Myers is held, it is not likely that another indictment will be returned against him.

WIFE FEARS FOR HER LIFE

Lizzie O'Shea Wants Divorce, Alleging Spouse Is Cruel.

TAX RATE IS FACTOR

Resident of California City Says That Election Almost Sure to See Socialists Named as School Board Members.

Because her husband began to drink heavily and to subject her to cruelty immediately after their marriage last December, Lizzie O'Shea was compelled to abandon Daniel J. O'Shea to protect her life and that of her 5-year-old son by a previous marriage, she alleges in a complaint for divorce filed in Circuit Court yesterday. The wife alleges that O'Shea had promised to treat her and her little son kindly and to support them well, but that within a few days after the marriage he began to drink and to be abusive, coming home late at nights and putting the home in a state of turmoil. She declares that on the night of April 23, O'Shea came home drunk and broke down a door leading to her room and threatened to take her life. She says that he had a knife in his hands and pursued her about the house. Mrs. O'Shea immediately left with her young son and has remained away from home, she declares, fearing that O'Shea may kill her. She asks that she be given 60 months to support herself and child, \$50 with which to prosecute the suit for divorce and \$50 as alimony. Alleging that her husband deserted her three years ago and has not contributed to her support since that time, Martha L. Martin has begun suit for divorce from S. D. Martin. They were married at Roseburg May 30, 1892.

\$20,000 Wanted for Injury.

William McQueen is suing the Warren Construction Company for \$20,000 damages on account of injuries alleged to have been received by falling into a ditch excavated by the defendant company on Pettigrove street, near Seventeenth street. A complaint filed in Circuit Court yesterday, alleges that the company failed to comply with a city ordinance by not installing guards properly along the ditch and by not placing red lights at any place where the excavation had been made. The plaintiff alleges that by reason of the negligence of the company he fell into the ditch and received injuries of a permanent nature and has been incapacitated for work.

OAKLAND RACE KEEN

Socialist Candidates Declared to Have Chance.

COUNCILMAN BELIEVED HONEST.

"It appears that I gave an impression that the Oakland Councilmen are connected with 'jobs' against the public interest. This, however, is not the fact. Many of them have been in office several terms and as a body they stand well in the community. Faving contracts have been for years, and are now, a subject of general comment on account of the prices charged for work and the exasperating slowness in completing the contracts. The election in Oakland on next Tuesday is the absorbing topic there just now. The vote on a commission form of government taken last Fall was overwhelmingly in favor of it,

ALL ORDERS WILL MARCH

EAST SIDE FESTIVAL PARADE TO BE BIG AFFAIR.

MEMBERS OF THE EAST SIDE BUSINESS MEN'S CLUB MAKING PLANS FOR 16 FRATERNAL ORGANIZATIONS. Prizes to Be Awarded.

Members of the East Side Business Men's Club were surprised yesterday to see the announcement that the Woodmen of the World were to hold a parade June 3, during the Rose Festival, at that date and event conflicts with the big fraternal and military parade and carnival, which the club is arranging for that same evening. C. C. Hall, assistant secretary, ascertained from A. L. Barbur and others that the Woodmen parade is not an opposition nor independent affair, but to assist the East Side Business Men's Club in making arrangements for the fraternal event. There are in all about 16 fraternal organizations, which have reported to Mr. Hall that they will enter the parade, and he was kept busy yesterday assuring representatives of these organizations that the fraternal parade was going ahead and that they were expected to take part. The parade will be on the evening of June 3 on Grand avenue, and will be led by the Oregon National Guard in charge of General Finger. The fraternal organizations will follow in their order according to the programme, which is being made out by the parade committee, of which C. A. Bigelow is chairman. All fraternal organizations in the city, and not any particular order, have been invited to take part, and the committee is arranging to give a series of prizes to the best-appearing and largest number passing the reviewing stand. The details are being worked out and will be issued in a circular as soon as completed. The club will have available about \$2000, says Secretary Waiter, for decoration of street, purchase of prizes and for other expenses. From the carnival given last week the club realized \$450 and subscriptions from East Side business men have been received for about \$1000, and more is expected. If the programme can be carried out there will be 15 different fraternal organizations in line of march, including the Spanish War veterans from Washington, and the line of march will be on Grand avenue, parts of the avenue will be roped off for orders which desire to put on special drills. Nearly all will have special uniforms for the occasion.

Pretty strong talk, is it not? Well, it has been done in all the above states times without number and will be done in Oregon. An opportunity is at hand now. Will be glad to talk with you at one. All clear-cut, high-class speculation, with the element of loss "bottled up." Make appointment. Address AL 55, Oregonian.
