PLAYERS ARE IDLE BECAUSE OF RAIN

Beaver-Hooligan Game Postponed and Hogan Takes Flying Trip North.

HE WANTS TO SEE LYNCH

If Weather Permits Game Today Castleton Will Pitch for Vernon and Benny Henderson Will Be in Box for Portland.

Happy Hogan is either the "jinks" or a creature of misfortune, for rain interfered with the regularly scheduled baseball game yesterday and one year ago it was Hogan who first encoun-tered stormy weather in trying to play baseball in Portland.

The rains of Monday and Tuesday continued yesterday and dampened the grounds to such an extent that a game would have been impossible even had the downpour ceased, and Hogan packed his little grip, left his hopefuls here to console each other between the raindrops, and took a flying trip to Tacoma. Whether he went there to collect the price George Schreeder is expected to pay for First Baseman Fisher, or whether he is trying to unload another player on the Tiger management, the popular Vernon leader refused to say. He said he wanted to see his oid teammate Mike Lynch, and also expected to visit Mique Fisher at Seattle. He intended doing all these The rains of Monday and Tuesday He intended doing all things and to return to Portland in time

things and to return to Portland in time for this afternoon's game, which will be played if the weather permits. Johnny Kane, the ex-Chicago Cub, is now on the Vernon payroll and when he gets into the game regularly, Howill have a surplus player to dis pose of to some team in need of an in-fielder. He refuses to say whether McDonell is the player slated to go or not. He says he has no players to re-lease, so the shortstop may fill the utility role when Kane gets into the Al Carson, the ex-Beaver, is not with

Hogan's crew this trip. He was left at home with a severe cold which incapacitated him from taking his regular turn in the box, but Hogan says the "soldier" will be in shape to join the team for the series at Sacramento next

Roy Castleton, who was with the An gels last season, is scheduled to pitch for Vernon if the weather allows a game today and opposed to him will be Benny Henderson for Portland.

TWO MEN JOIN ROADSTERS

McCredie Transfers Archer and Gough to Northwest League.

When the Portland champions of the Pacific Coast League leave on their ascend lavasion of California next Sunday night. Frank Archer and Irving Gough will be left at home to join Nick Williams' Northwestern League team. Both are first-class players, but Walter McCredle has such a b'g squad of players and Williams' team being somewhat weak in hitting strength and pitching. McCredle listened to the appeal of his uncle and will allow the Class B club to have these two players.

Waivers were asked and received on Gough and Agcher, and they will become Roadsters next Monday. Archer is a left-handed twirler and a good one, but his trouble with McCredle's club was his inability to field his position. When the Portland champions of the

are heping this popular player gets off on the right foot with the Roadsters. Gough is a fine outfielder and a great batsman, but with veteran players like Ayan, Krueger and Chadbourne filling the regular berths on the Pacific Coast team he could not beat either of them out and will now have a chance to help the Roadsters climb the percentage

AMOS RUSIE BACK IN GAME

Former New York Giant to Umpire Portland-Vancouver Series.

SEATTLE, Wash, May 1.—(Special.)
-Amos Rusie, the famous pitcher of the New York Giants in about 1895, is back in baseball. He accepted a position in the Northwestern League as umpire today and will make his debut before a Portland crowd next Monday afternoon, when Vancouver opens there. Rusie has been living in Seattle for several weeks and since the season began has been taking tickets at the ball park.

at the ball park.

Steve Kane has also been assigned to Portland for next week by President Lindsay, so it will not be a hard break-in for Amos. In the preliminary games here and college games at the University of Washington Rusie umpired good ball. All he says about his new job is, "I ought to do as well as some of the umpires I have seen work."

For many years McGuire was one of the greatest catchers in the major leagues, and only retired from active participation in the game to usurp the managerial reins when Lajole retired as a leader. McGuire, like Lajole, could not stand the strain of mayaging a losing club and decided to get from under. His many friends wish him the best of luck in his new sphere, that of a "scout" for new players. In this latter capacity, he is not a new hand, for he visited Portland during the Summer of 1909 as a scout for the he Summer of 1909 as a scout for the Cleveland team, and at that time he looked over Jack Graney, Ted Easterly, Vean Gregg and other noted Western players.

GET YOUR SHARE

GIVE US YOUR EAR A MOMENT. We have acquired a big new area near Goble, Or., on the Columbia Elver, right CLOSE TO THE GREAT MARKET—PORTLAND. We have a propo-sition that we think will interest you.

There is no finer FRUIT LAND in Oregon.

The reason it isn't long since the great established fruit and agricultural district of the state is this: It was covered until a recent period by heavy fir timber. Necessarily this timber had to be cut gradually for the marke.

And now the TIMBERMAN is through at last. Enter the FARMER and FRUITGROWER. Experts have passed on our district—embracing 2006 acree. It is especially adapted to fruit grow-

ing, poultry, stock and diversified farming. The soil ranges from BEAVERDAM, in the bottoms, to RED - SHOT, IRON - OXIDIZED FRUIT LANDS on the gently sloping hills -hills that slope to the west and south, protected from north and east wind.

winds.

This soil goes to a depth of from 5 to 20 feet.

No rock. Innumerable SPARKLING SPRINGS provide water of the best quality for every tract.

It is a district you can raise anything in. It is especially suited to apples and pears.

And having raised a crop you can move it right into market as readily and cheaply as if you were in the suburbs of Portland.

That is because of WATER COMPETITION.

You can ship by RAIL or by WATER from

REDLAND

which is in the heart of our district. The freight rate is precisely the same as from Lindion, on the edge of town.

Now the special point is that we can let you have a parcel of this land at a reasonable figure.

We are clearing only an acre or so on each tract. The homemaker can complete the job.

Our special inducement is that our land-clearing machinery is right on the ground and at your disposal at a nominal figure. We will, of course, do all the clearing for you if you say the word.

And we can clear land at a fraction of the usual cost, for we are making practical use of the new CHARPITING SYSTEM.

We are the first firm to put this new and effective method of removing stumps into use on a big scale. Our methods are open to all, whether purchasers or not.

We are going to move this district in tracts of 5, 10, 15, 20 and up to 40 acres. Our present price per acre in \$25, \$37.50, \$40 and up to \$80. Terms to suit—at 7 per cent,

PRINT, at best, can convey only a vague idea of what we've got. So we want you to drop in and talk it over with us. We'll not press you to buy. Rather, we'll lay our proposition fully before you—then it IS UP TO YOU. We believe you will become as enthusiastic as we are.

Arrange with us to visit the district. Regular round trips Tuesdays, Thursdays and Sundays. An hour's ride from Portland. Carriages will convey ladies and others over the whole tract. THE F. B. HOLBROOK CO.
