

FORD TAKES HAND IN DYNAMITE CASE

Evidence Against McNamara's Now Gathered in Los Angeles for Trial.

STATE MAY HIDE ITS HAND

By Not Arraigning Prisoners It May Avoid Disclosure of Evidence Till Trial Opens—McManigal Talks Again.

LOS ANGELES, May 3.—(Special.)—W. J. Ford, Assistant District Attorney, who will aid in the prosecution of the accused dynamite men, John and James McNamara, arrived here from Indianapolis late today.

He is supposed to have brought with him a copy of the evidence which would be used in the prosecution of the McNamara case. He is expected to be here for a conference with District Attorney Fredericks.

With the arrival of Ford, some of the uncertainties concerning the probable procedure in the case began to be cleared up.

State May Withhold Evidence.

Upon the advice of Ford, it is understood Fredericks will decide whether the prisoners will be arraigned this week or whether in fact they will be arraigned at all upon the indictments returned by the grand jury against the McNamara and McManigal after the arrest of the two alleged bomb distributors in Detroit, April 12.

The fact that the District Attorney was considering the question of dispensing with the arraignment was a development of a call made by the prosecutor today by Leo M. Rappaport, attorney for the International Bridge and Structural Iron Workers Association, who is now acting as counsel for the prisoners.

Rappaport said tonight that the District Attorney would not discuss the question of arraignment with Ford and let him know definitely the prospective procedure of the prosecution tomorrow. A preliminary hearing before a Justice of the Peace is the alternative course open, and the advantage of this lies in the fact that the prosecution could then withhold from the defense the evidence upon which the indictments were based.

McManigal Makes New Statement.

Ford declined either to discuss the kidnaping charges filed against him in Indianapolis as a result of the arrest and extradition of John J. McNamara from Indiana or to discuss the charges concerning the evidence he is said to have brought with him.

Fredericks today held an interview of three-quarters of an hour with McManigal in jail. A stenographer from the District Attorney's office took down McManigal's statements. Detectives Jones and Boyd, of the city police department, were present. Jones and Boyd carried packages containing clothing, and it was said that their object was to have McManigal identify the shoes, hat and suit worn by James McNamara, when he is alleged to have set the bomb that destroyed the Times newspaper plant October 1.

EXTRADITION CHANGE URGED

McNamara Case Leads Representative to Introduce Bill.

WASHINGTON, May 3.—The extradition of J. J. McNamara from Indiana to California on charges of kidnaping in the Los Angeles Times explosion, led to the introduction of a bill today by Representative Korbly, of Indiana, amending the extradition laws.

The bill provides that no fugitive shall be surrendered to authorities of another state except by proceedings in a court of record. In the McNamara case, the prisoner was surrendered after appearance in a police court.

Indianapolis Waxes Indignant.

INDIANAPOLIS, May 3.—The Merchants' Association of Indianapolis today passed resolutions "unequivocally demanding that a most thorough investigation be made into the recent charges which reflect unfavorably upon the city and state officials in all legitimate efforts to discover and punish the guilty parties."

SOCIETY LEADER SUING

Wife of Wealthy Pendleton Physician Desires Divorce.

PENDLETON, Or., May 3.—(Special.)—Pendleton society has been stirred by the suit for divorce filed by Mrs. E. R. Swinburne against Dr. E. R. Swinburne, a wealthy retired physician. The Swinburnes formerly resided in Heppner, but for several years have been prominent residents of Pendleton. Mrs. Swinburne and her daughter, Miss Clara Bartholomew, are among the most prominent social leaders, and are well known in Portland social circles, as well as in Pendleton.

OLD SACRED ARK FOUND

Relics of Israel Are Discovered Near Jerusalem by Investigators.

JERUSALEM, Palestine, May 3.—Inhabitants have been aroused to the point of rioting by the operations of a party of English archaeologists, who are accused of having excavated beneath the Inviolate mosque of Omar and removed relics reputed to include the Ark of the Covenant, the censer and other sacred vessels which belonged to the tribes of Israel.

Work Started on Water System.

FALL CITY, Or., May 3.—(Special.)—Work commenced on the waterworks system here with A. E. Morris, a Portland engineer, in charge. The pipe has arrived. Twenty Austrians are digging the ditch, which is to be completed within 60 days. John Jones Construction Company of Portland has the contract. Water is to be brought from Teal Springs, 24 miles from the city. A concrete reservoir is to be built on the heights.

overlooking the valley of Kedron and the Pool of Sileam. The explorers are credited with having excavated a passage from the Pool of Sileam toward the place where once stood Solomon's Temple.

Failing to reach the relics sought in this manner, the explorers, according to the alleged confessions of the guards, entered the mosque and after midnight the night spilted a way the treasure, "the whereabouts of which," says an Arabic paper, "none knew except God and these English."

Mystery surrounds the expedition, whose operations have been of such magnitude as to make it evident that a large sum of money was invested. It is reported that wealthy Englishmen and Americans formed a syndicate, of which the Duchess of Marlborough (who was Consuelo Vanderbilt) was among the members. The syndicate financing the enterprise received letters from Parker describing the progress of the excavations near the pool of Sileam at regular intervals up to a month ago, since when no word has come.

Before leaving here the explorers said they expected to discover a hoard of treasure, a manuscript that would set at rest the resurrection of Christ.

The party included Captain Duff, a relative of the Duke of Fife; Major Foley, one of the Jameson raiders, and Captain Wilson, who is related to Lady Sarah Wilson.

Neither the foreign office nor the Turkish embassy has any advice regarding the reported trouble with the populace of Jerusalem.

SERVICE TO INCREASE

YUCATAN TO GO ON LOS ANGELES-SAN FRANCISCO RUN.

Another Prospective Move by North Pacific Company Is to Have Elder Stop at Coos Bay.

LOS ANGELES, Cal., May 3.—(Special.)—The steamer Yucatan, a 3525-ton vessel belonging to the North Pacific Steamship Company, is now in drydock on Tugst Sound, being overhauled previous to being put on the run between Los Angeles and San Francisco, according to an announcement made here today.

When this steamer is added to the fleet operating in the South, the present seven-day schedule will be reduced to sailings every five days and the number of vessels in the service will be three.

The Yucatan will be a valuable asset to the merchant marine of Southern California for she will rank with the best of the steamers operating in these waters. A steady increase in the amount of business passing between Los Angeles and San Francisco is given as the reason for the putting of the steamer on this run.

The North Pacific Company is planning to have the George W. Elder call on its way to Portland at Coos Bay, a point which at present is reached from here only by change of boat at San Francisco. The Elder will bring freight and passengers direct, without change.

COUNTY OFFERS REWARD

\$250 TO BE PAID CAPTURE OF LONNIE HAM.

Man Who Shot Brady Woods in Fight Over Woman Eludes Arrest. May Be Aided by Friends.

EUGENE, Or., May 3.—(Special.)—The County Board this evening announced that a reward of \$250 will be paid for the capture of Lonnie Ham, who shot Brady Woods Sunday night in a quarrel over a woman. It is known that at least three men were with him just before he entered the house where the crime was committed, and it is thought that the reward may cause one of them to give out some information.

Although officers were on his trail within less than half an hour after the crime was committed, Ham has so far succeeded in eluding arrest, although the entire force of the Sheriff's office and the city police has been engaged in the search for him. It is believed that he is either being concealed in the city, or has taken to the hills. His victim is in the Eugene Hospital, and seems to be improving, although his condition is still critical.

The department has notified Hawley that under the contract the stage driver can leave at any time he pleases to arrive at 11 o'clock and it will be impossible to change the terms of the contract.

VETO BILL PASSES CROCK'S STAGE

British Commons Complete Committee Work and Opposition Fails.

BALFOUR IN TWO MINDS

Tory Leader Sees Both Good and Bad in Measure—Labor Party Is Unit for Single Chamber, but Is Voted Down.

LONDON, May 3.—The Parliament bill known also as the veto bill, for the curtailment of the powers of the Lords, today passed the committee in the House of Commons.

The refusal of A. J. Balfour, leader of the opposition, to vote against the preamble removed any danger that might have been apprehended from the revolt of the Laborites against it, and this portion of the measure was passed to carry. The Unionist opposition almost vanished.

An amendment that the preamble be eliminated, moved by George Nicholl Barnes, the Labor leader, who described that portion of the bill as inconsistent with all the pledges and tenets of the party, was defeated.

Labor Wants One Chamber.

The Labor party is composed of single chamber men who have repeatedly declared their intention of opposing any plan to re-form the House of Lords.

"There is no justification for the House of Lords in any shape or form," said Barnes.

Premier Asquith, who gave a general review of the government's attitude on this question, said:

"While I do not regard a single chamber government with sorrow, I am satisfied that the interests of the country make it desirable to have a second chamber limited in number and clothed with defined and limited functions of revision, consultation and delay."

Balfour Sits on Fence.

After the application of cloture and the rejection of another amendment without division, Mr. Balfour said he regarded the preamble "indefinite and illusory," but wished to see the government carry it out. He disliked some of it, but liked another part of it, but would not vote against it.

Balfour said the preamble would lead to the constitution of a representative second chamber. If the two chambers drew their authority from the electors, they would claim and possess equal authority and he did not wish co-equal bodies.

The second chamber, he said, should be empowered, in case of controversy between the two houses, to refer the question to the electors.

On motion that the bill as amended be reported, division was challenged and the motion carried, 265 to 147. The House then adjourned.

LETTER BRINGS FORTUNE

Epistle Written by Martin Luther in 1521 Brings \$25,500.

LEIPZIG, Saxony, May 3.—At an autograph sale today, a letter written by Martin Luther to Florence Charles, a V. S. \$25,500. The purchase is said to have been made for J. P. Morgan.

The letter, which is in Latin, was written in 1521 during the reformer's return journey from Worms, describing the proceedings and defending his attitude before the emperor Charles V.

The epistle was entrusted to an Imperial herald, who gave Luther safe conduct through the Thuringian forest until he was arrested by the order of his friend, the Elector of Saxony. The contents of the letter were such that some danger to deliver it to the Emperor and a note to this effect was written on the manuscript by the Emperor's archivist.

A letter written by Luther's wife, who was Katharina von Bora, a nun, who renounced her vows, brought \$1500.

BORDER TOWNS FEAR FIGHT

(Continued from First Page.)

The American Customs House tonight, the American Federal officials report that 300 insurgents are encamped two miles west of Nogales, and another band of equal numbers are three miles westward from the United States customhouse. All Government and railroad wires are reported cut south of Nogales, between the latter town and Hermosillo, 19 miles north of Magdalena. The sight of the insurgents in two directions from Nogales confirms the report from the insurgents to Junta several days ago that the rebels were preparing to attack the town from two sides.

Nogales Expects Attack.

NOGALES, Ariz., May 3.—It is believed that the rebels of Sonora are about to launch an attack against Nogales, Mexico, across the international border here. Arizona Federal officials report that 300 insurgents are encamped two miles west of Nogales, and another band of equal numbers are three miles westward from the United States customhouse. REBELS BURN CAPTIVES

TWO MEN ROASTED ALIVE BY GUERRILLAS IN MEXICO.

Lower California Is Scene of Atrocities—Three Men Shot Dead Without Provocation.

SAN DIEGO, May 3.—According to a letter written at Tecate last Monday and brought by a messenger to this city today, the guerrillas in Lower California are committing atrocities that have few parallels. They are even accused of burning two Federal prisoners to death. The name of the writer of the letter, who is still below the line, is not divulged for obvious reasons.

The letter reads: "The rebels are in full possession of Tecate and it is impossible to do any business in that country, because they have orders from the captain to shoot any Mexicans they catch there, without regard to their business. They have already shot five and they burned two last night whom they captured in the skirmish they had at Carrizo. They have had two skirmishes and some have been killed, but it is not known how many."

"They are killing animals they do not want and committing great injustices. They shot three helplessness who had nothing to do on either side, politically or otherwise. George Meis and brother and Placido Mateo, George's wife and seven helpless children. They were about to shoot them."
