RUMORS HAMPER WORK

RILEY EXONERATED IN INQUIRY OF CHIEF COX'S CONDUCT. Deputy District Attorney Collier Incensed at Wild Reports in Connection With Probe. Incensed at what he believes is the use of the investigation being conducted by him to malign innocent persons, Deputy District Attorney Collier, in charge of the prosecution of Chief of Police Cox, yesterday caused to be drawn up affidavits tending to exonerate Police Sergeant Riley, who had been indirectly referred to as being implicated in impending exposures. Collier is plainly embarrassed in the conduct of his case by wild reports which have grown out of it. While not publicly mentioned as being under charges, Riley became a subject of gossip several days ago, and hearing of the matter, went to the office of the District Attorney and demanded that his name be cleared. The report was to the effect that he had visited a number of disorderly houses, collected \$100 at each place and in most cases gave a receipt for the money. The stories were well supported and for a moment impressed the prosecutor, but upon delving further he found that the money had been collected in the regular way as bail for appearance in court. Riley was placed by Captain Baty in charge of the move-

POLICE MUST WORK TODAY

Acting Chief Moore Orders His Men to Watch for Law Violators. Every police officer in the city, not otherwise assigned, will be at the office of the City Auditor at 10 o'clock today to take under his arm a ballot-box, to be delivered to the election officers. The members of the day relief will take boxes to the precincts lying farthest out and will then report for their regular duty, paying special attention to the polling places. The first night relief, after delivering the boxes entrusted to their care, will be off duty until 2:30 P. M. They will then report and remain until 7 P. M., and at 8 P. M. will take up their regular beats. The second night relief will remain on duty from 10 A. M. until 2:30 P. M. and will then be excused until their regular hour of reporting. All officers are instructed in an order issued by Acting Chief Moore yesterday, to be on the lookout for violations of the election law and saloon closing and to arrest all offenders.

NEW FENDER PRESENTED

STREET COMMITTEE OF COUNCIL ASKED TO ADOPT DEVICE. Ralph Dunway Requests Body to Substitute Another for Nelson Type of Car Protectors. The eternal fender question was up before the street committee of the City Council again yesterday when Ralph R. Dunway, an attorney, appeared with a request that the committee report favorably to the Council an ordinance which he had drawn providing that the Nelson fender, already provided by ordinance, be dropped and a rival device substituted. An ordinance making some changes in the Nelson measure comes before the Council at the meeting of May 17 and Mr. Dunway wishes his ordinance presented for consideration also at that time. Mr. Dunway was given a frosty reception by the members of the committee, with the exception of Councilmen Belding and Wallace, who were willing that a resolution be passed requesting the Portland Railway, Light & Power Company to demonstrate the rival fender. The question was finally passed by without action, after it had been stated that the street railway company has already placed an order for many Nelson fenders. The committee will recommend to the Council that an ordinance be drawn

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women. It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants. THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath. It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
