## ALASKA MOB-RULE MAY BBEAK AGAIN

Effort to Block Steamer Edith May When She Arrives Expected.

MAYOR'S PLEA, PROTECTION

Governor Clark, in Connecticut Telegraphs Authority to Acting-Governor to Put Halt to Disorder of "Coal Party."

> SECRETARY FISHER ORDERS SUPPRESSION AND PUNISH-MENT OF LAWLESSNESS.

WASHINGTON, May &-Following receipt of the news of the rioting in Cordova, Secretary Fisher, of the In-terior Department, today telegraphed to Governor Clark, of Alaska, who is now in Chaplan, Conn., directing prompt suppression of lawlessness. His telegram follows:

"Press reports indicate a lawless destruction of British Columbia coal at Cordova by citizens claiming act in resentment of delay on disposition here of Alaska coal matters. You are fully advised of my personal de-sire and determination to promote Alaskan coal development as promptly as effective protection of public interests will permit. Nevertheless the lawlessness must be absolutely suppressed and punished, and you will take prompt and vigorous action to this end."

CORDOVA, Alaska, May 5 .- There was no disorder here today and none is expected until the arrival of the steamer Edith which salled from Nanaimo with 2000 tons of Canadian coal for

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

imo with 2000 tons of Canadian coal for the Alaska Steamship Company, to be landed at Cordova.

Threats were made today by hot-headed persons that the Edith would not be permitted to discharge her cargo. As all foreign coal is under control of the United States custom authorities until it is landed and the duty paid, the deputy collector of customs for Cordova made a demand customs for Cordova made a demand upon United States Commissioner O. A. Tucker for protection when the Edith srrives, and was assured that an ample force of deputy marshals would be on hand to protect property.

It is extremely unlikely that United States officials protecting property.

States officials protecting property would be attacked.

Governor Telegraphs Mayor.

Mayor Lathrop today received the following dispatch from Governor W. E. Clark, of Alaska, dated Willimantic, Telegram received. If marshals and District Attorney office at Valdez are unable to deal with situation effective-

ly inform Acting Governor Dustin at Juneau of circumstance."

Mayor Lathrop sent the following message to Acting Governor Dustin at Juneau.

Juneau:
"Serious disturbance here on account of the arrival of foreign coal on dock yesterday. I believe we can handle the situation at present. Threats are freely made to destroy the cargo of the Edith now en route. Government must stand ready to protect."

Deputy Marshal Takes Chi

United States Deputy Marshal Brightwell arrived from Orca last night and took charge of the situation. He swore in deputies, who are now standing guard on the ocean dock of the Alaska Steamship Company, from which the company's coal was thrown into the

bay yesterday.

It was expected that there would be a score or more of arrests today on complaints sworn to by Richard J. Barry, general freight and passenger agent of the steamship company, but he was counseled to wait until the excitement had subsided and took the advice.

United States Marshal Harvey Sul-United States Marshal Harvey Sullivan, whose headquarters are at Valdez, 90 miles west of Cordova, telegraphed to Commissioner Rucket today for full particulars of yesterday's outbreak. Sullivan sailed from Valdez for Cordova tonight, accompanied by United States District Attorney George R. Walker, and will arrive here to. R. Walker, and will arrive here to-morrow. The marshal has no authority to call soldiers from Fort Liscum, but these can be ordered out by Acting Governor Dustin if needed.

Many messages have been received today from all parts of Alaska approv-ing the action of the mob.

Dock Employes Made Aids.

All the dock employes of the Alaska Steamship Company were sworn in as Deputy Marshals today and a large force of guards is kept on duty to pre-vent further demonstrations. The Cop-per River & Northwestern Railroad has a force of men sacking the coal that was not dumped into the sea last night, and is shipping it to points of safety in the interior.

Rumors spread late today that a mob would meet the big passenger steam-ship Northwestern when she arrived from Seattle tonight but Agent Barry assured all that no foreign coal was in-

cluded in the Northwestern's cargo and the project was abandoned. It is believed that the authorities will have no difficulty in handling the sit-uation when the Edith arrives. The Edith is not due here for several days and the Government has planty of and the Government has plenty of tin in which to control the situation.

SECRETARY FISHER

Governor of Alaska Notified to Sup-

press Cordova Tea Party. WASHINGTON, May &-Following receigt of the news of the rioting in Cor-dova, Secretary Fisher, of the Interior Department, today telegraphed to Gov-ernor Clark, of Alaska, who is now in

Chaplan, Conn., directing prompt sup-pression of lawlessness. His telegram follows: follows:

"Press reports indicate a lawless destruction of British Columbia coal at Cordova by citizens claiming to act in resentment of delay on disposition here of Alaska coal matters. You are fully advised of my personal desire and determination to promote Alaskan coal development as promotely as effective pro-

velopment as promptly as effective pro-tection of public interests will permit. Nevertheless, the lawlessness must be absolutely suppressed and punished, and you will take prompt and vigorous action to this end."

old home here, today received telegrams from the Mayor of Cordova and Commissioner Tucker, giving an account of the "coal party" at Cordova, as already described in the Associated Press dispatches and fully confirming the latter. Governor Clark said the messages also contained a protest of the steamship company against the throwing overboard of the coal and the riotous demonstration made. Governor Clark said:

"It is a pity that the coal was thrown overboard. It will be needed for fuel.

"It is a pity that the coal was thrown overboard. It will be needed for fuel. We shall have to use Canadian coal until a plan is put into operation of opening our own coal mines. The demonstration has called attention to the necessity of early action. The Secretary of the Interior is fully in sympathy with the needs of the people of Alaska. We must be patient a little longer"

COMPLETE REPORT IS ORDERED

Acting Governor Probes Cordova's "Coal Party"; Situation in Hand. "Coal Party"; Stination in Hand.

JUNEAU, Alaska, May 5.—Acting
Governor William L. Dustin has called
for a complete report on the disturbance at Cordova yesterday when a mob
of citizens formed a "coal party" and
dumped a large quantity of Canadian
fue; into the bay. The acting Governor cabled United States Marshal Sullivan to proceed at once to Cordova livan to proceed at once to Cordova and take charge there. The Marshai was instructed to take any steps nec-essary to prevent a repetition of the disorder and to protect property to all

BOISE CHILDREN'S SICKNESS DUE to FORMALDEHYDE.

Idaho State Pure Food Commissioner Determined to Find Dairymen to Blame for Poisoning.

BOISE, Idaho, May 5.—(Special.)—The nysterious and dangerous illness of 15 hildren, inmates of the Children's forms, resulted in an investigation today on the part of State Pure Food Commissioner Wallis and a force of dep-uties with the result that the startling discovery was made that the cause was due to formaldehyde, used in the milk given to the children. This was proved through an analysis by State Chemist

The children, ranging in age from 1 to The children, ranging in age from 1 to 5 years, have been rescued from what is believed might have been death through the quick use of medicine to counteract the effect of the poison. A majority of them appear to be recovering, but a number are still very ill. It is now known beyond question that the poison was in the milk, the same being used to keep it sweet. All that prevents im-mediate arrest is the fact that several dairymen have been delivering milk at the institution and it is difficult to fix

the blame.

Wallis declares the case is one of the worst that has been called to his attention, and that it is a miracle the formaldehyde did not cause deaths among the children immediately upon drinking the milk. He is determined to make an example of the guilty dairymen.

U. OF O. MEN QUIT RACE Hawkins and Johns Withdraw in

UNIVERSITY OF OREGON, Eugene, Or., May 5.—(Special.)—A caucus of the clubs and fraternities of the University of Oregon was held this afternoon, and as a result of a trial vote, Martin Haw-kins, of Portland, and James Johns, of Pendleton, agreed to withdraw from the race for election to the presidency of the student body and to throw their support to C. A. Moores, of Salem.

The choice now lies between Moores and Leon Ray, of Eugene, and the campaign bids fair to become warm.

GOVERNOR CLARK HEARS NEWS

Alaska Executive Thinks People
Made Mistake; Must Be Patient.

CHAPLAN, Conn., May 5.—Governor Clark, of Alaska, who is visiting his

der and dynamiting, and his brother, James B. McNamara, was arraigned or a charge of murder in connection with the explosion which wrecked the Los Angeles Times on October 1 last and

Ortic McManigal, alleged to have made the confession implicating the Mc-Namaras, was not arraigned and is not expected to make any appearance in court until the trial begins and the time has arrived for the prosecution to present its case. The day for the Mc-Namaras to plead to the charge was

fixed as June 1. The arraignment today was set for 3 o'clock but it was not begun until half an hour late. Fully an hour before the time fixed for the arraignment the courtroom was crowded despite the ef-forts of officials to keep the action

The McNamara brothers, with hands manacled behind them, were taken into court by Sheriff Hammel and three of his deputies. But for the evident paleof the prisoners, they seemed in good health and in perfect command of themselves. Assistant District Attorney Ford

asked them if John J. McNamara and James B. McNamara were their true "Yes, sir," answered the brothers, al-

ost in unison. Then Ford informed them that they had been accused by the grand jury of the crime of murder and asked if they were represented by counsel.

"We are," the two replied,
Ford then read to them all of the
19 indictments charging them with the
murder of the employes of the Times
plant. Accused with the brothers in
the indictments were William Caplan,
alleged to have been an associate of James B. McNamara in the explosion, and four others, one a woman, who were masked by the names of "John Doe and Richard Roe," "John Stiles and

Making of Plea Postponed.

The accusation was followed by a list of the scores of witnesses examined by the grand jurors in the weeks just following the Times disaster and with the late addition of Ortic McManigal, who appeared before the inquisitorial body only yesterday. When the reading of the first indictment was finished, Assistant District Attorney Ford turned to the accused secretary of the Iron Workers' Association.
"J. J. McNamara," he asked, "are you guilty or not guilty?"

District Attorney Fredericks started almost out of his seat, raised a hand and said "No." Then Attorney Rappaport rose and asked the court for time to enter the

pleas.
"Considering the importance of the

"Considering the importance of the case and the distance which it may be necessary to bring witnesses," he said, "I want to ask for as much time as possible. I would like to have 30 days before the pleas are entered."

"If you are allowed an unusual time to enter the pleas," said Fredericks, "will you waive the provision of the statute which declares that the men must be tried within 60 days after they are arraigned?"

Rappaport signified his willingness

are arraigned?"
Rappaport signified his willingness and the District Attorney said he would consent to the pleas being made June 1.
Rappaport said he would be content with that, and Judge Bordwell fixed the time as 10 o'clock on the morning of June 1. Ford then proceeded with the reading of the other 18 indictments against the brothers.

Old Indictments Held Back.

After the reading of the indictments After the reading of the indictments charging murder was concluded, Deputy District Attorney Veitch read an indictment charging John J. McNamara, Ortie E. McManigai, "John Doe," "John Stiles," Richard Roe" and "Jane Doe," with dynamiting the Liewellyn Iron Works last Christmas. The time for McNamara to plead to that charge also was fixed as June 1.

Rappaport asked what had become of the indictments upon which the men were arrested.

Fredericks replied that they were on

Fredericks replied that they were on

Question of Bail Deferred. Rappaport then said there was at least one ballable offense charged—that against John J. McNamara of placing explosives at the Liewellyn Iron Works, and asked the court to fix ball. Fredericks said that as McNamara also was indicted on murder charges, un-ballable offenses, it would be useless

for the court to fix ball on the dynamiting accusations.

The court announced that as to the murder charges, if it were to make an order at that time, it would be that the men be held without ball. Rappaport answered that he was raising the point to avoid doing so at a later date. Fredericks replied that they were on file in the court, and that he had no wish to arraign the men on them at present. Rappaport said that John Mc-Namara had been taken from his home on the strength of those indictments and that, if they were to be used, the men had a right to be arraigned soon. Fredericks said they would not be "I should say about"—he began.

concluded by saying that he would look up the matter and tell the court his

It was agreed that the judge, the morning. Court was then adjourned and the men were returned to their

transcript be kept secret, as publica-tion would seriously impede efforts to obtain an unprejudiced jury. He asked Judge Bordwell to use his efforts with the attorneys for the defense to that end.
