Action for Damages Against Obstructors Suggested.

CREDIT IMPAIRED, IS PLEA

Bonds Also Depreciated by Littigation-Improvement Clubs Urged by Mr. Munly to Co-operate in Forcing Issue.

Broadway bridge obstructionists will be made defendants in a suit for damages to be brought by the city, if the resolution which will be presented to the City Council at its next meeting by Councilman Menefee is adopted. Mr. Menefee will base his resolution on the decision given Saturday morning by Presiding Judge Gantenbein, who issued a permanent order restraining the obstructionists from beginning any more vexatious suits against the Broadway bridge project. The court refused to restrain the obstructionists from circulating false reports about the bridge or the bonds to be sold for if, on the ground that the city had "a speedy and adequate remedy at law in the form of damage suit," for injury resulting from false representa-

Improvement Clubs May Aid.

M. G. Munly, head of the North-East Side Improvement Association, said yesterday that his organization would take the project up also, and an effort is to be made to get other improvement

is to be made to get other improvement organizations throughout the city to lend their moral support to the fight of the city against the men who have been injuring its bridge project.

Mr. Muniy estimated that the city has already lost at least \$40,000 in the depreciation of its bridge bonds through the action of the foces of the bridge. He said he believed that the taxpayers of the city were entitled to remuneration.

remuneration.

While Mr. Menefes has not determined how much damages the city should ask in its suit, he made it evident yesterday that he was in favor of making it a large sum. It is Mr. Menefee's opinion that the general credit of the city has suffered much, in addition to the amount lost by the depreciation of the sule of bridge bonds.

"There is no doubt," said Mr. Men-efee, "that the fight against the bridge bonds has had its effect also on the water bonds, which were issued under the same general circumstances. It would be hard to calculate the entire amount of financial loss to the city brought about by the men who have

been fighting the sale of the Broadway bridge bonds. I shall submit a resolu-tion to the Council at its meeting a week from next Wednesday, authoriz-ing the City Attorney to begin suit for damages against the men who have caused this loss."

caused this loss."

When speaking about the plan of presenting the suit for damages to the attention of the improvement organizations, Judge Munly had not learned about Mr. Menefee's determination to take the issue before the Council. Mr. Menefee quoted the various bids to show how the bonds dropped five points as a result of the misleading representations that had been made concerning them.

"It is time this bushwhacking a Printers Build Houses for Afflicted Fellow Craftsman.

DARK FINDS JOB FINISHED

"It is time this bushwhacking the city stopped," said Mr. Aiunly, "and I think there is no better way to end it than to cellect damages for what the obstructionists have done. It has developed in the suit the city brought to restrain them that they did not like to be aged any better than any large. Volunteers, Led by Union President, Construct Home for Victim of Tuberculosis, Without Aid of Architect.

"We shall try to get the present Council to act, and if we fail in our efforts then we shall take up the sub-ject of bringing a damage suit with the new council when it comes in." Linotype operators and printers demonstrated yesterday that they can handle hammers and saws, when nine of the craft constructed in less than eight hours two houses for a brother printer, B. Hendey, a victim of tubercu-PENDLETON, Or., May 14 .- (Special.) PENDLETON, Or., May 14.—(Special.)

Louis W. Hill Returns From Central Oregon Trip.

SETTLEMENT HAS BEGUN

Prineville May Be Made Terminus of Branch, but Definite Promise Is Not Made-Oregon Electric Plans Wait.

Wonderful changes as compared with the condition of Central Oregon a year ago were noted by Louis W. Hill, president of the Great Northern Rallway, on his tour of the interior portion of the state, from which he returned yester-

Future transportation even more remarkable is predicted by Mr. Hill, as well as by Carl R. Gray, president of the North Bank road; George B. Harris, chairman of the board of directors of the Burlington system, and others who accompanied him on his recent trip. Mr. Hill tristed Bend, Prineville, Burns, Phill University Prince Pri "Bill" Hanley's ranch, and other inter-lor points on the anniversary of his last journey through the same district. ourney through the same district.
"I was not so much surprised at the changes we saw in the towns and new settlements that have sprung up as the result of building the railroad," he said yesterday, "but I was almost startled to see the great difference in the rural

saw homesteaders at work was at Fort Rock. This year we saw them every-where. We learned that many others where. We learned that many others have filed but not yet started to build

Publicity Must Continue.

"A big start was made this year in settling the remote portions of Central Oregon. Now we will have to keep it up. Oregon will have to continue its bublicity campaign to attract settlers, In this work the Portland Commercial Club has been well in the forefront.

is planning to bring in additional settlers. At several places we mer with the commercial clubs and discussed with them the plan they have in preparation to have the land taken up. All these organizations spoke of the work done by the Portland Commercial Club and the Chamber of Commerce."

The erection of an independent depot by the Hill forces.

"My earnest wish is that the next time I come to Portland the city will have taken a long step toward the erection of an independent depot by the Hill forces.

"My earnest wish is that the next time I come to Portland the city will have taken a long step toward the erection of an independent depot by the Hill forces.

"My earnest wish is that the next time I come to Portland the city will have taken a long step toward the erection of an independent depot by the Hill forces.

is two weeks later this year than in 1910. Last year the season was two weeks in advance of the normal. This

year it is normal.

In the five days that the party was away from Portland the members traveled more than 500 miles by automobile This gave Mr. Hill an opportunity of studying the road situation. He is a motor enthusiast and carries his own machine with him. Central Oregon, he declared, had better roads than those parts of the state having railroads. In their tour, using two machines, they had only one puncture.

Many Acres Now Productive.

Tonnage of agricultural products from the interior will be much greater this year than a year ago, he predicts. He saw thousands of acres of wheat and alfalfa that were barren last year. One day of the tour was spent in the big timber country near Sisters. Timber such as the party saw there would be worth from \$3 to \$5 a thousand in Wash-ington, be asserted. Mr. Harris said that all this timber would be bought in the Mississippi Vailey.

Construction of independent logging roads from these timbered areas to connect with the Oregon Trunk will be undertaken in the next few years. The Hill interests, however, do not contem-plate further development in mid-state

"The people of Prineville have been patient with us for a long time." declared Mr. Hill "We won't promise them a road until we are actually ready to build it. Then we shall build as soon as we promise. "There is considerable territory in

Central Oregon now that might justify the construction of new railroads, but Armory, where the chief address of his it is another thing to get the money to build it with."

Saturday night for Seattle,

Orchards to Be Visited.

Mr. Hill and party left last night for Seattle, where they will remain today. They will spend a day in the vicinity of Wenatchee, Wash., to inspect the or-

Inspection of the Oregon Electric a Inspection of the Oregon Electric, as originally planned, will not be attempted this time. Mr. Gray, who remained in Pertand to begin his new duties, will take a trip over that read as soon as he finds it convenient.

The failure of Mr. Hill to accompany Mr. Gray over this line, he admitted, meant practically the abandonment of the plans to extend the road to Eugene this year.

this year.
In spite of the recent utterances o Julius Kruitschnitt, vice-president of the Harriman system, implying that the Union depot situation in Portland was virtually in the hands of the Hill inter-Club has been well in the forefront. Wherever we went we found eager inquiries for C. C. Chapman, manager of the publicity work of the Portland club.

They appreciate the work that Mr. Chapman, the work that Mr. Chapman appreciate th They appreciate the work that Mr. Chapman and the Portland commercial interests have done.

"The most crying need of the interior, however, is people. Every town and city is planning to bring in additional settlers. At several places we may with the station should be managed after it was completed. He spoke favorably of the erection of an independent depot by

splendid, reported Mr. Hill. The season proposed local building. They can't is two weeks later this year than in make a mistake if they follow that course.

Mr. Gray has fully recovered from his Mr. Gray has fully recovered from his recent illness, and will be regularly at his office in the future.

"My trip to Central Oregon," he said last night, "taught me that it is no place for a trifler or an adventurer. That country needs a lot of hard workers and intelligent methods. Success awaits them."

GREETING IS PREPARED Entertainment of Woodrow Wilson in Portland Is Arranged.

All plans for the entertainment of Woodrow Wilson have been completed and in addition to the regular programme the Portland Press Club has expressed a desire to be host to the distinguished visitor at its clubrooms in the Elks' building. It is understood that the Governor has the most of Friday at his disposal should he accept the newsmarrment's invitation.

newspapermen's invitation. Mr. Wilson will arrive next Thursday morning at 7:30 o'clock and will be met at the depot by President Beckwith, of the Commercial Club, and a number of the members of the commitvery soon. They are looking toward the prineville as a possible terminus for a branch, but have not promised that line for any definite time.

"The people of Prineville have been that line is automobiles. The "progressive dinner" of W. S. U'Ren will be given at noon. Two hundred will

7 o'clock. Saturday night Governor Wilson will be dinner guest of Prince-ton men at the University Club. Then
