Roy Godman, of Dayton, Wash., Meets Death, Mother Flees.

### REFUGEES TELL OF MURDER

Wife of Judge Godman, of Seattle and Dayton, Arrives in San Francisco With Young Son, Who Escaped Guerrilla Onslaught.

SAN FRANCISCO, May 17,-That the lives of Americans on the west coast of Mexico are in grave danger from bands of lawless guerillas preying on towns and plantations, was the infor mation brought by the steamer City of Panama, which arrived here today. Thirteen refugees were brought to this ort by the liner, among them Mrs. M. M. Godman, of Dayton, Wash, whose son Roy, aged 18, was slain while defending the Godman home, near Aca-pulco, from an attack of bandits, who, it is said, mingled with their cries of "Viva Madero," yells of "muerte a los Americanes." With Mrs. Godman was her son Donald, 17 years old, a fugi-tive from the guerillas.

Fearing Death, Americans Flee.

When the City of Panama left Acapulco, nearly every American resident of that port, it is said, had received written warning to leave on pain of

death.

The Godmans, Judge M. M. Godman, of Seattle and Dayton, Wash.: his wife and three sons, Roy, aged 28, Melvin, 24, and Docald, 17, went to Mexico about s'x months ago to take charge of a large banana plantation on the cutskirts of Coyuca, about 21 miles north of Acapulco. The plantation was the property of a Washington company of which Judge Godman was vice-president. Mrs. Godman, in an interview here

tonight, said:

Michigan's Governor Talks on Reciprocity Problem.

WASHINGTON, May 17.—The address of Governor Osborn, of Michigan, favor-ing the passage of the Canadian red-pracity bill, restured today's hearing being the passage of the Canana ing the precity bill, reatured today's hearing before the Senate finance committee on the rectprocity and free list bills. Obsorn expressed the opinion that Canada could not compete auccessfully with the United States in the growing of wheat or in any of the ways in which those opposed to the treaty fear.

If either side would benefit from the treaty, the United States, he declared, would be the country. It would be a "blow in the face of Canada," If the compact were not agreed to.

He said he would favor entire free trade with both Canada and Mexico, but not with other nations.

The alleged "lumber trust" came in for considerable discussion at the hearing. Lecound Bromson, representing the National Lumber Manufacturera' Association, who opposed the bill, said the present placing of lumber on the free

inst was largely the result of a public sentiment that there existed a lumber trust.

The conditions existing in the majority of lumber mills make effective combinations impossible, he declared, most of the mills having no timber reserve, but buying what they use in the open market. Most of the timber that is cut he said, is by small mills, each deing a small business.

Although the Government in its efforts to prove that there was a lumber trust had received all possible ald from the lumber people, nothing had been proved, he said. He contended that this country does not need Canadian timber, as it has plenty of its own. He acknowledged, however, that the cutting is heavy and that there is need for proper conservation of the timber resources of the United States.

F. C. Lasater, president of the Cattleralsers' Association of Texna declared that the cattle-raising industry would be destroyed because Canadian prices were lower. This, Senator Stone declared, was not the case. He quoted statistics which Mr. Lasater questioned. The Secretary of Agriculture and Professor Emery, of the tariff board, will be called to explain the figures and apparent contradictions.

Senator Stone of Missouri announced today to the committee that he would soon press for a vote on reciprocity. He said he did not propose to let the

Mr. Crawford spoke for several hours in opposition to the agreement. He charged that not only would it full to promote the general welfars, but it would do irreparable harm to agriculture. The President's contention that it would reduce the cost of living he would not accept.
