Rebel Chief Going to Mexico City After New President Is Installed. Slate for New Cabinet Completed at Juarez.

JUAREZ, Mexico, May 19 .- Peace will not be declared in Mexico, nor will the general armistice be terminated, till Francisco Leon de la Barra becomes provisional president in succession to President Diaz

Francisco L Madero, Jr., will not visit Mexico City until De la Barra is in-stalled in power. He then may go to the capital to assist in tranquillising the country. If the rabels in Lower California or other bands hitherto fighting independently do not lay down their arms, Madero's insurercto army will be turned against them,

No peace agreement will be signed, but the interim between new and the time De la Barra becomes president will be utilized in inducing the Mexican Congress to enact laws covering most of the points which it has been previusly agreed should be contained in the peace agreement.

New Cabinet Is Chosen.

The naming of the new cabinet which is to surround De la Barra was the work of the day among the rebel leaders. Madero did it with the assistance of some of his advisors. What it finally will be cannot be predicted, as names for cabinet portfolios are subject to change without notice until they are actually installed. The new Mexican cabinet, according to the best informa-tion obtainable, however, probably will

be as follows:

Minister of Justice—Vasquez Tagle.

Minister of War—General Rascon.

Why Madero Delays Trip.

Madero issued a statement late today explaining that he would not go to the capital until Senor de la Barra stepped into the presidential chair. His state-"From the moment I received the in-

vitation of the government to General Dias that I should go to the capital of the republic with the object of treating for the establishment of peace, it ap-peared to me it would be convenient if I did not arrive in Mexico City until if I did not arrive in Mexico City until such time as Senor De la Barra had been installed in the Presidency. With that idea in my mind, I was about to write a telegram in reply. But it appeared to me that to do such a thing might be interpreted by General Diaz as lack of confidence in him on my part, and for that reason I accepted the invitation without making any comment or fixing any time for my departure.

Afterwards it was indicated to me that the government of General Diaz thought as a did respecting the period in which I cught to go to Mexico City, so it is possible for me to announce definitely that I will not go to the capital until Senor De in Barra shall have been placed in power."

Negotiation to Be by Telegraph.

Judge Carbajal noted the word "inin the Madero statement when be saw it tonight and suggested that it was too formal an expression for what actually occurred. It was said that what Senor Madero really received was an "intimation" through an official source that perhaps peace negotiations would be hastened if he were on the ground in direct contact with the government officials, who were disposed to being about peace.

GAMBLING TO BE FORBIDDEN

Madero Will Also Prohibit Bull fights and Clamp Down Lid.

JUAREZ, Mex., May 19.—Gambling and bull-fighting will be abolished in Mexico by the Maderistas when they get into power. Race-track betting may be doomed, too. Abraham Gonzales, who is expected to be provisional Governor of the State of Chihushua, in this connection and today.

"As is our president, I am against gambling and bull-fighting. All gambling concessions made after November 20, the date of the revolution's beginning, will be immediately cancelled. All concessions made before that time will be honored by us of course, but with their expiration no more will be granted. This applies to both gambling and bull-fighting. We are now investiand bull-fighting. We are now investi-gating the keno and poker rights in

And since it is known that Madero is strictly against gambling in every form, the national lottery and all gambling rights will eventually be nul-lified.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that 98 per cent. of all women treated by Dr. Pierce or his able staff, have been absolutely treated by Dr. Pierce or his aide staff, have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-mil-

lion women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by wom specialists in the treatment of women's diseases. Every sick woman may consult us by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them.
