Near-Grandmother Refuses to Heed Pleas to Be Reconciled to Colonel.

EVEN STORK IS FUTILE

She Returns From Son's Home Just as Determined as Ever to Seek Divorce—Family Hopes Quicker Report Is False.

PHILADELPHIA, Pa., June 4.—(Special.)—The news that the stork is hovering over the New York home of her son, Mrs. Anthony J. Drexel, to induce her to become reconciled to her husband, Colonel Drexel, has failed utterly. Cablegrams from abroad, night letters and personal visits by members of the "Upper Ten" have been futile in endeavors of friends to "directly" coax to persuade Mrs. Drexel to change her mind about applying for divorce.

\$\$\$ Big Profits in Acreage \$\$\$

CLOSE TO PORTLAND WITH ELECTRIC CAR SERVICE

An old Oregonian is in your midst today who drove an ox team across the wild plains some 60 years ago, camped in a woodchopper's cabin located near corner of Third and Stark streets, saw the first little trading store started on the banks of the Willamette River, heard the arguments between Boston and Portland, Me., men, each wanting to name this little new town (just being started) after their respective cities, and the tossing of a penny resulting in our now living in Portland in place of Boston, Oregon. Has seen values grow in a single lot from \$50 to nearly half a million dollars. Why didn't he get some? Neglected and postponed investments until too late, and now says "What might have been?" Will your posterity bless your memory for your timely investments, giving to them independence, or will they condemn you for carelessness and neglect in failing to provide for their future welfare, and be classed among the what-might-have-beens?

You now have opportunity to acquire close-in acreage today for a few hundred dollars that may mean several thousand dollars in a few years. It's up to you. You owe it to yourself, to your family and to those who will come after, and who are to enjoy the greatness which is in store for this favored land, for in a very few years close-in acreage will be entirely out of reach for the average man, while today our prices and terms are exceedingly attractive. Our 1, 2, 3, 5 and 10-acre tracts—moderate prices and easy terms—one to six blocks from electric car station, close in, at \$125 to \$350, will interest you. Their location means a future in store for them that is bound to increase in value rapidly. Pitch your tent on one of these tracts and spend your Summer months there, where all the family can enjoy the pleasures and benefits. We show these tracts week days and Sundays. Call, phone or write us. DO IT NOW, or you will regret it.
