

CORPUS READY FOR DIPLOMA WEEK

Oregon Agricultural College Graduation Programme Is Announced.

DR. CHAPMAN IS ORATOR

Exercises to Begin June 7 and Continue Six Days—Largest Class, 131, to Get Sheepskins—Blahop to Preach Sunday.

OREGON AGRICULTURAL COLLEGE, Corvallis, June 5.—(Special.)—The general programme for the commencement exercises at the Agricultural College has been completed, and was made public today. The exercises will commence on the evening of June 7, with the graduation of the school of agriculture, and will continue through six days, closing with the regular graduation exercises Tuesday, June 13.

Dr. C. H. Chapman, of Portland, will deliver the commencement address and Bishop R. G. Waterhouse, of the Methodist Episcopal Church, South, San Antonio, Texas, will preach the baccalaureate sermon. Mrs. Rose Bloch Bauer, of Portland, will appear on the commencement programme for several vocal solos.

The graduating class, which is the largest in the history of the college, numbers 131, and represents every department of the institution. Of this number 125 are applicants for the bachelor of science degree and three for the master's degree in science. The school of agriculture leads in numbers with 22 candidates, commerce has 21, civil engineering, 19; domestic science, 18; mechanical engineering, 16; electrical engineering, 11; mining engineering, 9; pharmacy, 8; forestry, 5, and music, 1.

Music Students to Appear. The festivities will commence with a series of student entertainments immediately after the close of examinations Wednesday, June 7. In the evening of that day the school of music will give a graduation recital which is the most elaborate musical function of the college year. The following day the student regiment will go to Portland to take part in the Rose Festival parade and give a military exhibition at the Multnomah field.

The students will return to the campus Thursday evening to be present for the senior play which will be held in the local opera-house Friday night. The seniors will present Clyde Fick's wartime drama, "Barbara Freiche." The cast will include 20 of the most talented students in the graduating class. Preparations have been made for an artistic presentation of this play. Special scenery has been prepared and beautiful costumes are being specially for the evening's entertainment.

Saturday will be devoted very largely to reunions and in preparation for the junior promotion which will be held in the gymnasium that evening. The junior class has issued a great many invitations and expects to have many of the alumni back for its big dance. The gymnasium will be beautifully decorated and a programme of dances, in keeping with the greatest of social events of the year, has been prepared by the committee in charge.

Prelate to Preach. Sunday morning Bishop R. G. Waterhouse will preach the baccalaureate sermon at the Presbyterian Church. An elaborate service has been arranged for the benefit of the graduates, and the school of music will provide the music. In the evening the Corvallis churches will hold union services in the college gymnasium where they will be addressed by Bishop Waterhouse.

The alumni will have full sway on Monday. This day has been set aside for the benefit of the graduates, and nothing will be scheduled which will, in any way, interfere with their programme. The old "grads" are scheduled to meet for a business session at 4:30 o'clock in the morning. This will be followed by class-day exercises by the class of 1912 to be held on the college campus. At noon the alumni will meet in the armory for an informal luncheon. In the afternoon the college cadet regiment will hold a brief ceremony for the purpose of dedicating their college armory. The big building will be dedicated to Major MacAlexander, who is retiring after four years of service as commander of the regiment. A brass plate containing the words of dedication has been prepared and will be placed on the corner of the big building.

Classes to Reunite. The afternoon will be devoted to class reunions, which will be held at various homes throughout the city. The schedule has been prepared naming homes of the graduates who are in the city as headquarters for the meetings of the various classes. In the evening there will be a musical programme and an informal entertainment in honor of the returning alumni.

The programme will be closed Tuesday with the regular commencement exercises. The commencement address will be delivered by Dr. Chapman, of Portland, who has been selected by the students and the faculty through his appearances at convocation in the last four years. The programme will also include selections by the Portland soloist, Mrs. Rose Bloch Bauer. This will be followed by the conferring of degrees by President Kerr, of the college, and the presentation of military commissions by Major MacAlexander, commander of the cadet regiment.

Members of the alumni and parents of prospective graduates are already appearing on the campus. The officers of the alumni organization expect a large attendance of the old "grads" and are making the best possible arrangements for their entertainment. The college authorities have a large crew of men at work making the college campus attractive for this event.

Strawberries Bring Good Price. GOLDENDALE, Wash., June 5.—(Special.)—The first homegrown strawberries were put on the market at Goldendale Saturday. County Commissioner Barnes, who is the largest local grower, says that the crop was not seriously damaged by the cold weather in May. The first picking sold for 15 per crate, but growers are booking orders for berries for canning purposes at \$2.

Dwelling Burns at Hermiston. HERMISTON, Or., June 5.—(Special.)—Fire broke out here shortly after noon today in a small dwelling in the south-east part of the city. The fire department responded promptly and by hard work confined the flames to the building in which they originated. The loss will amount to \$100 with no insurance.

CLASS IS BRILLIANT

Oregon City High School Graduates Plan Careers.

THREE WIN SCHOLARSHIPS

Twelve to Enter College, Five to Be Teachers, One Attracted by Law—Students Give Play Creditably.

OREGON CITY, Or., June 5.—(Special.)—Twelve members of the graduating-class of the Oregon City High School have informed Superintendent Toose that they will enter college in the fall. Five of the graduates will become teachers and one will study law. Only two members of the class are undecided as to what they will do.

The class is not only the largest ever graduated from the local high school, but is considered by far the most proficient. Three of the members have been honored with scholarships by high institutions to a total of \$1,000 won on merit. Pacific University gave scholarships to Ray Batdorf and Bothwell Avison. Harold Smith won equal honors at Whitman. Superintendent Toose declares that the class had made a record in regard to the members' decision on their future work. It is seldom that the graduates of a high school are decided as to what work they will take up.

Members of the class last week won additional laurels in the presentation of "The Rivals" at Shively's Opera house. The comedy was well presented, and the members of the cast are still receiving congratulations for their work.

Fifty-five pupils of the eighth grade have been given certificates of promotion to the high school. This is the largest class to be promoted to the high school in the history of the Oregon City schools. Only a few of the children have announced their intention of not continuing their education.

MEDFORD GIRL DRUGGED

ETTA BERDAN, 17, ATTACKED ON WAY FROM CHURCH.

Man Pursues Her, Throws Handkerchief Damp With Chloroform. Over Face—Fleed Escapes.

MEDFORD, Or., June 5.—(Special.)—The police today rounded up all suspicious-looking foreigners in this city and subjected them to a severe examination hoping to obtain a clue to the man who attacked 17-year-old Etta Berdan, last night while she was on her way home from church.

The girl was left in the roadside where she was found by her brothers, who led the search for her. The young woman was forced to traverse a dark street to reach her home.

Beyond a meager description furnished by the girl, the police have no clue to the identity of her assailant. Miss Berdan was on her way home when she noticed that she was followed by a stranger. Becoming frightened she ran and the man pursued her. Within two blocks of her home he overtook her, put a handkerchief over her face and she lost consciousness. She revived two hours later after her brothers had carried her home. A physician declared chloroform had been administered to the girl. She is in a precarious condition.

Miss Berdan declared that her assailant is an Italian.

The police today ordered a large number of saloon waiters from the city. The police of all nearby towns have been asked to be on the lookout for the fugitive.

STRAWBERRIES GO EAST

Mosier District Sends Big Shipments to Kansas and Colorado.

MOSIER, Or., June 5.—(Special.)—The strawberry crop in the Mosier district is turning out a great deal better than was first expected. Several hundred boxes are now being shipped to the east. The general tone of the berry market is very encouraging to the growers here, as they are receiving top prices for their crops. Consignments have been sent to Idaho and Kansas, where there is little or no opposition at this time of the year.

It was thought earlier in the season that the cherry crop was seriously affected by frosts, but it is turning out handsomely. A good many cherries have already been shipped. The first consignment being sent to Idaho and it is the general belief that there will be an abundance of this fruit this year as most of the growers report about two-thirds of a crop.

Postmasters to Be Instructed.

ASTORIA, Or., June 5.—(Special.)—Postmaster Carnes received notice from the department in Washington that four more of the postoffices in Oregon have been designated as savings depositories and the postmasters in charge have been directed to meet at Astoria on June 19 and 20 to receive instructions in the manner of handling the business of the postal savings system from Mr. Carnes and one more Postal Inspector, who will be here on that date. The postmasters who are coming are George Donnell, of Grants Pass; W. M. Yates, of Hood River; H. M. Hoskins, of McMinnville; and W. B. Curtis, of Marshfield.

Merit System Given Convicts.

SALEM, Or., June 5.—(Special.)—All brick, which the convicts at the penitentiary brickyard make above 16,000 a day will be paid for at the rate of \$2.50 a thousand; the convicts to have 10 per cent of the money. This arrangement was made by Governor West today. The brick will be used at the asylum and the State Capitol, and the state will pay the money. This arrangement is the same merit system which was established in the shops in a short time, so that men who work more than a certain number of hours will be given pay for the extra hours.

Sherwood Bank's Deposits Big.

SHERWOOD, Or., June 5.—(Special.)—In compliance with the new state banking law, the Bank of Sherwood has opened a savings department. The bank starts with \$25,000 deposited by 130 persons of an average of \$244. The population of Sherwood is 360.

State Buys School Bonds.

CHEHALIS, Wash., June 5.—The State of Washington was the lowest bidder and was awarded an issue of \$2,000 20-year school bonds issued by Centralia District No. 8 and sold by County Treasurer Arnold, Saturday. Other bidders were Davis, Struve Bond Company, Seattle, a premium of \$2800, with interest at 5 per cent; Woodfin, McNear & Moore, Chicago, a premium of \$1181.10, interest at 5 per cent. The Centralia Board is erecting a modern high school building and proceeds of the sale are to be applied on this work.

Way to Travel.

If you desire a comfortable trip avoid the dust and heat. This can be done if your ticket reads via the Canadian Pacific.

School Land Sale Brings \$15,962.

CHEHALIS, Wash., June 5.—A sale of state school lands, held at the courthouse Saturday, resulted in an aggregate of \$15,962.50 in receipts for the fund. The bidders did not go above the appraised values placed on the lands in any case. Almost all the property was agricultural land.

STRIKE OF 3500 QUIET

Mounted Police Quell Van-Couver Rioters. Minor Scuffles and Few Arrests. Only Disturbances—Printers Not Allowed to Walk Out.

VANCOUVER, B. C., June 5.—Several demonstrations of a more or less peaceful character marked the progress of the general strike in the city tonight. Five hundred men gathered in Cordova street near the waterfront late in the day and endeavored to induce a number of workmen engaged on a building to leave their occupations. A force of mounted police kept the strikers on the move, however, and beyond a few scuffles and the making of several arrests no disturbances took place. The mounted police are patrolling the streets tonight prepared to deal with any disorder.

The International Typographical Union refused the members of the local union permission to take part in the strike as they had requested. Three thousand five hundred men, mostly in the building trades responded to the order for "cessation of work."

Medford Commercial Club Head Out

MEDFORD, Or., June 5.—(Special.)—After three years of service William M. Colvig, president of the Medford Commercial Club today tendered his resignation to the directors of that organization saying that he must devote more of his time to his private affairs. It has been largely due to Mr. Colvig that the club has maintained its high degree of efficiency.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

COAST ROAD URGED

Seattle Autotists Mark Path Through Washington.

ALASKA TO PANAMA IS PLAN

Portland Club Asked to Place Signs in Oregon to Complete Highway From British Columbia to Mexican Line.

With the object of constructing a Pacific Highway from British Columbia to Tia Juana, Mexico, with a further extension, from Alaska to Panama, the five members of Pacific Highway boosters arrived in Portland yesterday, a day ahead of schedule. They say that the automobile roads from Seattle south, recently reported to be in bad repair, are better by 50 per cent than they have ever been and that the lowest power car can take them with ease.

In the 336 miles of the trip the plotters of the road placed 400 points in the State of Washington, posting each cross road where there was the slightest chance of mistake in route. One of the hardest places on the route, the Carrolton hill between Kelso and Kalama, is now being finished by convict labor. On its completion, which will be in a week, the whole route will be open.

Commissioners Will Co-operate.

County Commissioners along the road have promised that part of the road, which is under their jurisdiction, shall be put into good condition immediately. It is now proposed that the Portland Automobile Club take up the work of posting the signs and marking the roads from the south bank of the Columbia, where the Washington party has brought them, to the north boundary of California, where the California clubs have already taken up the work of marking the roads.

J. W. Holmes, a Los Angeles auto enthusiast, who motored to meet the party at Portland, is enthusiastic over the scenic beauty of the trip. He said: "If a good road were put through from California to Portland, there would be no need of expensive advertising of resources by Portland. The people, who wish to see the country, would become settlers after taking the trip over the proposed highway."

British Columbia Will Place Signs.

The signs, which were put up at the expense of the Seattle Auto Club, are in the form of a diamond shape and bears the name of the "Pacific Highway" and arrows pointing north and south. All materials for the trip, with the exception of the signboards, were donated. The White car people providing the truck, which is the first motor car to pass the Seattle Automobile Club; P. M. Fretwell, secretary of the Pacific Highway Association; Joe Frank, who drove the White truck, and Ross Gardner, automobile driver.

From Blaine on the International boundary line, the British Columbians, taking up the idea, have mapped out the road to Vancouver in the last few days. When the Oregon part of the road is fitted into the plan the entire system will be practically complete. The Washington road and the California system are already completed. With

the cessation of war in Mexico, the road, it is planned, will be run through Mexico to Panama.

WORKMAN CUT IN TWO

Eli Sellar Falls Under Construction Train and Is Killed.

GRESHAM, Or., June 5.—(Special.)—Eli Sellar, an Austrian laborer, was killed while attempting to board a construction train of the Mount Hood Railway Power Company a mile west of here at 9 o'clock this evening. The wheels of the car passed over the body and cut it completely in two. The train dragged it for some distance before the locomotive could be checked.

According to his cousin, George Sellar, and labor foreman Charles Summers, of Portland, both of whom witnessed the accident, Sellar was trying to get on the construction train at a very rough portion of the road, when in some way, he lost his footing and was dragged under the wheels. Deputy Coroner McKente, of Portland, was summoned and brought the body here. An inquest will be held tomorrow. Apparently no one is to blame for the accident except Sellar himself.

Sellar was 28 years of age and a resident of Portland before going to work for the railroad.

SALEM ORDERS PAVING

Boulevard to Reach Prison and Asylum—Improvements Vast.

SALEM, Or., June 5.—(Special.)—At the City Council meeting tonight, at which more street improvement ordinances were passed than ever before at one Council meeting in the history of the city, included was an ordinance for the completion of a boulevard loop, which will make the penitentiary and asylum more accessible from the city. The plan includes multiple pavement on East State street to the edge of the penitentiary grounds, and paved connection from there to Asylum avenue, which is now being paved to the asylum. Another boulevard-paved loop will be completed in North Salem this year.

Over two miles of hard-surface street improvement were authorized tonight, and express provision is being made that all of these improvements must be completed this Summer, under penalty.

ASTORIA WANTS THRONGS

Centennial Publicity Manager to Arrange California Excursions.

ASTORIA, June 5.—(Special.)—To induce big excursions travel from California, John Day, publicity manager of the Astoria Centennial, has been ordered to go to San Francisco at once in behalf of the celebration. Mr. Day is to arrange chartering of special steamships to ply between Portland and Astoria during the centennial—August 19 to September 5—and plan rail and steamer excursions from California points.

He will visit Los Angeles, San Diego, Oakland, Napa, Eureka, Sacramento and a dozen other important points to confer with commercial bodies and transportation companies. Details of the visit of the Governor of California will be arranged by Mr. Day on this trip which will occupy from three to five weeks.

Marshfield Man Paroled.

MARSHFIELD, Or., June 5.—(Special.)—Holand Anderson, who has been serving a term in the penitentiary for the killing of Mrs. Bertha Gordon, in Marshfield several years ago, has been conditionally pardoned by Governor West and has returned to this city which was formerly his home.
