

ARMY WILL BUY IN FORMER MARKETS

Transfer of Quartermaster Declared Not to Affect Source of Supply.

HOME MERCHANT FAVORED

General Policy Will Remain as Heretofore, Though Purchases Will Be Made Through Different Office.

OREGONIAN NEWS BUREAU, Washington, June 15.—The transfer of employees in the office of the Chief Quartermaster from Vancouver to San Francisco, in line with the reorganization policy of the Army, which is to close up the offices of Chief Quartermasters in all department headquarters, will not mean that the purchase of supplies near the posts will be discontinued. It is declared emphatically that this re-organization is not to result in discrimination against Portland merchants and in favor of San Francisco dealers and that supplies that can be bought reasonably at Portland will be sent north from San Francisco.

Plan Made by Wood.

The transfer, which was planned by General Leonard Wood, Chief of Staff, will affect all staff officers now on duty at Vancouver Barracks. It being the purpose heretofore to maintain only field organization at all department headquarters. Thus far only three staff officers from Vancouver Barracks have received new assignments. General F. G. Mauldin Brown, Assistant Inspector-General of the Western Division, will have headquarters at San Francisco and with him will go Colonel Frederick Marsh, Coast Defense Officer of the Department of the Columbia, who assumes the position of Chief Defense Officer of the Western Division. Captain Allen J. Greer, Judge-Advocate of the Department of the Columbia, is ordered to Fort Leavenworth for a course of instruction in school of the line.

Aside from General Maus, who will retain command of the Department of the Columbia, the Adjutant-General and Aide will be the only general officers to remain at Vancouver Barracks. The Adjutant-General has not been definitely decided upon, but it is thought probable that Lieutenant Colonel S. W. Dunning will retain his present post. No order has yet been issued to this effect. Captain Hugh D. Berkley, Quartermaster, was today ordered to remain on duty at Portland as disbursing quartermaster.

Protest Declared Unavailing.

Notwithstanding protest that is to be made by the Oregon Congressional delegation the Vancouver office will be discontinued and all Quartermaster purchases for the Department of the Columbia hereafter will be made through the Chief Quartermaster of the Western Division at San Francisco. It is explained at War Department that while purchases will be made through division headquarters, posts of the Department of the Columbia will be supplied largely from the same sources as heretofore, and all supplies that can be purchased economically at Portland or other cities adjacent to posts of the Department of the Columbia will be purchased locally, although through a different office.

ARREST EAGERLY SOUGHT

Klamath Falls Man Is Wanted on Several Charges.

KLAMATH FALLS, Or., June 15.—(Special.)—Frank Coffey, erstwhile real estate dealer, bartender and insurance man, is probably the worst wanted man who ever appeared in this country, although he has been under arrest since leaving the city, he is now free.

A warrant is out here for his arrest for embezzling about \$25 of the funds of the local lodge of Eagles. Several other charges will likely be filed against him. One is for absconding with funds said to amount to \$100 belonging to the estate of the late John M. Fine. He was administrator for this estate. His brother, William Coffey and Henry Low, would like to locate him, as they will have to make good any shortage in these accounts. H. F. Mordick is also on Coffey's bonds to the amount of \$100 to insure his appearance before the grand jury now in session. This charge grew out of the sale of a lot for the Klamath corporation, accepting the cash for first payment, appropriating the money and tendering his personal check to the corporation when no funds were at the bank.

RAILROAD FIRM FORMED

Concern to Build Line From Eugene to Coast Incorporated.

SALEM, Or., June 15.—(Special.)—Articles of incorporation for the Willamette Pacific Railroad have been filed in the office of the Secretary of State. The incorporators are G. N. Wendling, of San Francisco; R. M. Cross and S. R. Bodine, of Portland. According to the articles the company intends to build a number of railroad lines. The main one of these will be from Eugene to the Pacific Coast at a point near the mouth of the Willamette river and thence in westerly direction to Marshfield. The capital is given as \$1,000,000.

A branch will extend from near Junction City to Swishome on the main line of the road and another branch will extend from near Junction City to a point near Elmira on the main line.

The principal place of business of the new company will be at Portland. The articles also provide that the company may own and operate steamship lines.

BONILLA IS SECRETIVE

Appearance in Washington Puzzles Government.

Honduran Situation Complicated by Report That Estrada Is Due to Arrive, Also.

WASHINGTON, June 15.—Senator Polcarpo Bonilla, once President of Honduras and acknowledged friend of Zelaya, the deposed leader of Nicaragua, came to Washington today on business which he evidently did not care to explain, for he gave the "ally" to the government agents who had been sent to watch him and appeared at none of the places where one may usually find a Central American gentleman bent on a political mission.

Soon after Bonilla arrived, the Central American colony heard that he had come as an agent of the Government of Mexico, to oppose the ratification of the Honduran loan treaty. It became apparent that Government officials were more or less uneasy at the turn of affairs when agents who have been watching the Gulf Coast reported that the plot was thickening in New Orleans and that Juan Estrada, the man who ousted Zelaya, would arrive there today.

AUTOS REPAIRED BY NAVY

Charge That Officers Got Work Below Cost Subject of Inquiry.

WASHINGTON, June 15.—Use of the shop of the Washington Navy Yard by officers for the repairing of their automobiles and motor boats is being investigated by the House committee on expenditures in the Navy Department. The committee has learned that such repairs have been made in many instances and the committee today that it had been the custom to make such repairs at cost.

BOUNDARY REPORT FAILS

Neither United States Nor Mexico Willing to Accept Decision.

WASHINGTON, June 15.—The International Boundary Commission handed down its decision in the Chamizal zone boundary dispute today and it is regarded a failure of the tribunal. The United States Commissioners have dissented and the Mexicans have done likewise.

In substance, the Commissioners found that up to a certain point, the lands on the El Paso side of the river grew by accretion but that at a certain point there was a sudden cut-off by the river of a considerable portion of Mexican territory. The lands gathered by accretion belong to America; the lands scattered out off from Mexico belong to the latter country. It is believed to be impossible to draw the line between the two and the whole case must be relegated to diplomatic adjustment.

Prince W. Boyd Given Medal.

WILLAMETTE UNIVERSITY, Salem, Or., June 15.—(Special.)—The Tamias gold medal award for the member of the graduating class of the college of medicine having the highest scholastic standing during the four years' medical course, has been awarded to Prince W. Boyd. Before entering Willamette Mr. Boyd completed a course at the University of Washington, graduating with honors. He comes from Spokane, Wash., and is a graduate of the Spokane High School.

RAILROAD SUNDAY SCHOOL BUSINESS CAPTURED.

Excursion Advertised for Seven Carloads Is Reduced to One by Competition.

LOS ANGELES, June 15.—(Special.)—There is a lively railroad-steamship rate war being waged in the San Francisco. When the Southern Pacific Railroad Company announced its round trip rate of \$18.70 for the International Sunday School Convention and arranged for seven special trains the Pacific Navigation Company, operating the fast Yale and Harvard, came down to \$10 and took away enough passengers to leave the railroad only one train load. That is the direct reason for the Southern Pacific's announcement yesterday of a \$10 round trip fare.

FORESTS TO BE DIVIDED

Eleven New Ones to Be Created to Aid in Management.

WASHINGTON, June 15.—A number of the larger National Forests are being divided. This is to permit of their more efficient management. The divisions will be set apart as separate forests. Several proclamations already have been signed by the President, carrying out the changes and it is expected that by July 1 11 new forests will have been created.

exercise, complains of headaches and backaches. If so do not disregard these symptoms. Your daughter needs help, for she is anaemic—that is, bloodless.

Parents of girls who go into decline while in their "teens" should not neglect the first warning symptoms. To insure healthful development steps must be taken at once to build up the blood. The experience of hundreds has proved that Dr. Williams' Pink Pills for Pale People are the best medicine for this purpose. They are a certain blood builder and strengthen and give health to the entire body.

Approved by Parents

The idea that anything is good enough for the children has been dismissed and is, we hope, gone forever. We exercise just as much care in selection, and require just as high perfection in fabric and construction of our Boys' and Children's Garments as we do in our other goods. That is why parents approve so heartily of the Ben Selling store
