

HINES ASKED FOR CASH—MCCORMICK

Harvester Magnate Tells of Lumberman's Invitation to Contribute.

COIN NOT GIVEN, HE SAYS

Proposition to Pay Part of Cost of Lorimer's Election Rejected. Name of Edward Tilden Heard at Hearing.

WASHINGTON, June 20.—Through its first witness, Cyrus H. McCormick, of Chicago, president of the International Harvester Company, the Lorimer investigating committee succeeded today in introducing into its record the principal allegation on which the Senate was induced to reopen the case against the Illinois Senator.

It was Clarence S. Funk, manager of the Harvester Company, that Edward Hines is alleged to have made the request for a contribution of \$10,000 as a part of a fund of \$100,000 to be raised in behalf of Lorimer.

Mr. McCormick said further that the harvester company had made a practice to hold aloof from politics, and to avoid efforts to influence legislation.

Mr. Hines said that owing to the accusations made against the lumberman, he desired the assistance of trustworthy witnesses who might attack his client.

"If all the witnesses should ask to be represented by counsel," said one member of the committee, "I fear our progress would be slow."

Little interest was manifested in the proceedings. Among the onlookers were ex-Senator Hopkins, whom Mr. Lorimer succeeded, and James Keely, of the Chicago Tribune, which published the first charges of irregularity in Lorimer's election.

McCormick's testimony was given over the vehement protests of Hines, who objected to the line of questioning. He was overruled.

"What did Mr. Funk say to you?" asked John Tilden, one of the counsel for the committee.

Suggestion Not Acted On.

"Mr. Funk came to me in my office," said McCormick, "and said to me, 'Mr. Hines, at the Union League Club in Chicago, had approached him on the subject of our company making a contribution to a fund which he understood to be made to recoup expenditures in connection with the election of Senator Lorimer.'"

McCormick said that he had declined, and that practically ended the incident.

Tilden's Name Mentioned.

Asked if Funk had mentioned any other persons in connection with the collection of the fund, Mr. McCormick replied that he had mentioned the name of John Tilden of the National Packing Company.

McCormick said Funk had told him of a second fund which he had heard of, and that Hines had sought him out to tell him that he had not meant that his suggestion of the \$10,000 contribution should be taken seriously.

"I felt rather seriously," said McCormick, "and so did Mr. Funk, when asked if he had been shocked by Mr. Funk's revelation."

McCormick said he had heard of the "jackpot" fund of which there had been common talk for years. His company had never been called upon to contribute to the fund, and he thought it had had various applications to contribute to such funds in other states.

He said his knowledge concerning the jackpot was not hearsay.

RAILROAD OFFICIALS HURT

Vice-President of Rock Island Among Victims of Wreck.

TOPEKA, Kan., June 20.—While running 45 miles an hour, the five rear cars on Chicago, Rock Island & Pacific passenger train No. 2, eastbound, were derailed and four of them overturned a half-mile west of McFarland, Kan., today.

A number of high officials of the road who were on the train were badly bruised, among them F. O. Melcher, of Chicago, second vice-president of the Rock Island Road.

G. W. Bourke, of Herington, Kan., superintendent of the Kansas division, was injured internally, and A. E. Sweet, of Topeka, general manager, suffered a scalp wound. Byron Curry, of Chicago, secretary to Melcher, was cut on the head. No one was dangerously hurt.

The train was running on a straight stretch of track. The cause of the wreck has not been learned.

May Woman Sign Recall Petition?

SALEM, Or., June 20.—(Special.)—Whether it is possible for a woman to sign her name to a recall petition is one of the questions that has been put up to the Attorney-General. This comes from the Salem School Board. A recall petition directed against Trustee Millard was signed recently and a number of the signers are women.

Woman "Slaver" Sent to Prison.

SALT LAKE CITY, June 20.—Mrs. May Brown, convicted on a charge of "white slavery," was sentenced today by United States District Judge Morris to five and one-half years' imprisonment in the Federal prison at Leavenworth, Kan.

Latent Tuberculosis Often Gives Immunity.

CHILDRN CRUX OF PROBLEM

Tuberculosis Congress Discusses Prevention—Dr. Mackenzie, of Portland, Reads Paper Before Surgeons.

DENVER, June 20.—That almost all children in the lower classes of society are infected with tuberculosis in latent form by the time they reach the age of 15 or 16 years, and that this latent infection is distinctively protective and gives in most cases an immunity against fatal tuberculosis in later years, was the feature of the annual address of Dr. William L. Welch, of Baltimore, president of the National Association for the Study and Prevention of Tuberculosis, which opened its seventh annual convention here today.

"Persons who have tuberculosis affection have a protection by virtue of this infection," said Dr. Welch. "Why in this people this infection should be adequate and why in others it should not be adequate and should cause pulmonary consumption, we do not know."

Infant is Leading Factor.

"It is surmised that it is the lowering of the resistance of the individual that destroys the advantage of the protective and I think we should entertain this view. This brings us to the consideration of the infant and the child as the most important agent in the prevention of tuberculosis."

One of the first requirements in our schools should be teachers who realize the relation of the child's physical condition to its school efficiency, for it is clearly demonstrated that failure in studies, nervousness, apathy, dullness and much viciousness on the part of children are a direct result of ailments that are easily curable," said Mrs. Helen R. Wilson, state superintendent of education of Colorado.

Result Worth Effort.

"It is time for us to have a little legislation regarding physical examinations in the schools; time for us to relieve overburdened by giving this work to specialists and trained nurses. The price of bodily efficiency may seem high, but the result is worth the effort, and we must write health as a habit upon the school children. We must preach the gospel of fresh air and cleanliness and nutrition to them."

In the clinical section, Dr. A. M. Forster, of Colorado Springs, spoke on "The Present Attitude Toward Climate."

"The present attitude toward climate, not altitude or climate, was his contention."

CONVICTS YIELD TO EAT

Hunger Conquers Escapes From Colorado Penitentiary.

CANYON CITY, COLO., June 20.—After two weeks of hiding in the mountains, continuously sought by prison authorities, Curtis Day and Rollie Hollingsworth, escaped convicts from the state penitentiary, appeared at the prison gate yesterday and asked to be taken back and fed. The men said they had nothing to eat since their escape from the institution. Each had lost fully 20 pounds during his sojourn in the hills, and showed every sign of being near starvation. They were placed in the care of the prison physician, who administered restoratives and advised that the men be kept on light diet for several days.

Italian Vice-Consul Represents Man Involved in Race Riot.

PENDELTON, Or., June 20.—(Special.)—Nick Andrella, held for attacking M. J. Moran who was visiting inured in the race riot here last Friday, was held to the grand jury under \$5000 bonds, after a hearing today. In default of this sum, he was remanded to jail. Five other foreigners said to have been involved with him in the riot were held under \$500 each.

Physicians said today that Moran would probably recover.

Andrella was represented at the hearing by a local attorney and Italian Vice-Consul Montresor, of Portland.

PETITIONS ARE UNDER FIRE

Detectives Said to Have New Evidence on Varsity Referendum.

SALEM, Or., June 20.—(Special.)—Closeted in Secretary Olcott's private offices much of the day, two private detectives again took up the probe of the University of Oregon referendum petitions.

While neither would comment on the petitions, it is understood that they have discovered evidence which promises new developments. Ex-Justice Slater's conference in Eugene this week and the return of the detectives to continue their investigation, it is believed here, will result in early action.

Auto Racer Won't Break Sabbath.

George V Gives Formal Audience to John Hays Hammond, Envoy of United States, Who Presents Credentials.

SALEM, Or., June 20.—(Special.)—Returning from a long, ineffectual chase after Jesse Hall, who escaped recently from the State School for the Feeble-Minded, Sheriff Harry P. Minto, of Marion County, scolded Governor West and his prison policy today, declaring that it is the height of absurdity and a menace to the people who reside in this community.

"You can say for me, and most emphatically, too, if you desire, that the plan of allowing convicts to run at large promiscuously is one fraught with much danger and is not only absurd, but it seems to me to be the limit of folly," said Sheriff Minto.

"The people at large have no protection from these men given a chance to make good on the outside. But I cannot be convinced that hardened, desperate criminals, with long records in jails and penitentiaries, can be benefited by giving them every opportunity to break loose and duplicate their crimes."

Injustice Done Public.

"To me it seems nothing more nor less than an injustice on a public which demands that these men be kept behind the bars, not so much as a punishment, but merely as a protection to society. Under the present conditions prison discipline can mean next to nothing, and the guards are left on their own resources with hundreds of men to take care of and at the same time the tire of arms."
