THE MORNING OREGONIAN, WEDNESDAY, JUNE 28,* 1911.

Bill Is Advanced Without Members Realizing It and Pro-test Follows.

PENROSE'S PLAN OPPOSED

His Efforts to Set Definite Date for Voting on Measure and Other Tariff Propositions Meet With Stern Opposition.

WASHINGTON, June 27 .- The tension in the Senate over the reciprocity neasure was emphasized by incidents that occurred in the confused proceed. ings of today. The session began with an unsuccessful attempt by Chairman Penrose, of the finance committee, to secure an agreement for a vote on reciprocity July 24, on the wool bill July 26, and on the free list bill July 28.

Friends of reciprocity will insist upon coupling all three measures in ny agreement to vote. After refusing to permit such an ar-

rangement, the opponents of the recl-procity bill allowed that measure to advance one parliamentary step before they realized what had happened. For a quarter of an hour the Senate was in executive sension. At its conclusion, no one being ready to speak on the measure and following the parliamentary custom of that body, Vice-Fresident Sherman announced that the bill would be reported from the committee of the whole to the Senate.

Realization Comes Late.

The bill actually passed through all the stages of being reported to the Senate before members realized what was going on. While under consider-ation in the committee of the whole the measure could be amonged but could measure could be amended, but could not be voted upon. In the Senate it could be brough to a final vote at any time. Senators Nelson, Bristow, Clapp and Balley joined in the protest that arose when it was found what had hap-nered to the bill.

pened to the bill At first, Semator Panrose objected to having the measure reinstated in the committee of the whole. He said the Senate had shown no disposition to hurry consideration of the bill and had rejected his proposal for a definite time for a vote on the measure. He there-fore thought no backward step should be takon

Friends of the bill on the Democratic and Bacon, said the Senators Stone and Bacon, said the Senate had evi-dently been off its guard, and had per-mitted the bill to be advanced unin-tentionally. Senator Penrose finally consented to having it restored to its former status.

Feeling Not So Marked.

The feeling that developed over this The feeling that developed over this incident was not so marked, however, as that which greeted Senator Pea-rose's attempt to fix a time for the vote on the bill. Insurgents objected to any definite data for the reciprocity vote and the finance committee was ex-tricated from the embarrazeing position of having the other votes determined by an objection from Senator Smoot. Several Democrats and insurgents would have welcomed the fixing of the other two dates so that the tariff bills could be forced up to President Taft ahead of the reciprocity bill, and the latter held back as a means of forcing

latter held back as a means of forcing his signature to the others. The Penrose request will be renewed the stability of the Pittaburg millionaire's

from time to time withmately, the friends seem favorable. Ultimately, the friends of reciprocity may consent to change the order, allowing the vote on the tariff bills to come first, but they will not do so at present nor in taking this position will they consent for one to go through without the others.

Taft Indorses Stand.

In this attitude, they have the in-dorsement of the President, who has advised them in individual conferences that while has does not shrink from consideration of tariff measures at this

consideration of tariff measures at this time, he thinks that reciprocity should come first in the natural order. Senator Borah attacked the reci-procity bill in a speech this afternoon, declaring that the Canadian treaty of 1854 had not been of benefit to the country, and that the Canadians were man would admit their natural products to the United States, while it protected their manufacturing interests.

FOUR DAYS MORE REMAIN

Corporations Not Paying Tax Will

Incur Heavy Penalty.

WASHINGTON, June 27 .- Four days WASHINUTON, June 27.—Four days remain in which corporations may pay their Federal tax. A heavy penalty will be assessed against all that have not paid when the Treasury closes its decree on June 30. While the Govern-ment's estimated income from that source this year is \$26,000,000, only \$14,000,000 had been received when the Treasury began business today. More than 280,000 concerns have made re-turns.

For the past week corporation tax payments have been coming in at the rate of about \$1,000,000 a day.
