Governor Acts to Avoid Duplication in Proposed Highway Legislation.

DR. A. C. SMITH IS CHAIRMAN

One Member Appointed From Every County in State but Multnomah, Which Has Five-Portland-Salem Road Sought.

SALEM. Or. June 28 - (Special.) - To avoid dupileation of good roads bills to go before the people through the ini-tiative or by way of the Legislature, as well as to avoid confusion in preparing such bills. Governor West today named a committee with one representative from each county except Multnomah. from each county except Multnomah, which has a representation of five. (2) this committee is also named the State Grange good reads committee, which includes C. E. Spence, of Clackamas County; A. I. Mason, of Hood River, and A. L. Shaw, of Linn.
Governor West says that from reports he has received a bewildering array of road laws will be submitted to the people at the next general election by various organizations.

He declares that he has received many requests to name a committee

many requests to name a committee which can handle all this legislation and harmonize it so that the people will have one distinct law to vota upon that will be as nearly as possible an expression of the wishes of every county in the state.

Portland-Salem Road Planned.

To assure active interest from every section of the state, the Governor has requested that if any of the members appointed is unable to attend a meeting when it is called by the chairman, that he select some one else from his county to represent him.

Governor West also named a committee teday to devise ways and means of
constructing a modern highway from
Portland to Salem, such as he suggested at a recent meeting of the Rotary
Club in Portland. George F. Rodgers,
of Marion; Grant B. Dimick, of Clackamas, and C. F. Prall, of Multnomah,
were named on this committee.

"Such a road, modern and permanent, would furnish some groundwork
for proposed good roads legislation, and
the members of this committee will be
asked to confer to secure co-operation
between the state and the counties. As

many convicts as are available will be placed on this road work, providing means for caring for them are available." said the Governor.

"My theory in appointing the general committee to cover the state is that some good roads legislation may thereby be prepared which will be generally beneficial to the people of the whole state. Should there he half a dozen or more conflicting road bills, it is probable that none would pass. It is probable that none would pass, or else so many would pass that the result would make a botch of all of the good roads legislation.

Members of the general committee named by the Governor are as follows: Dr. Andrew C. Smith, Portland, chairman; Senator C. C. McColloch, Baker; Dick Kiger, Benton; C. E. Spence, Clackamas; J. E. Gratke, Clat-Rop: W. D. Pue. Columbia; R. E. Bedil-Hon. Coos: E. B. Thrift, Curry; T. M. Baldwin, Crook; Dexter Rics, Douglas; J. R. Laycoch, Grant; Edward Dunn. Gilliam; A. I. Pason, Hood River; J. 2 GIRLS HOLD MAN AT BAY

Tschudi's Daughters, Armed, Prove Heroines on Own Account.

SALEM, Or. June 22.—(Special.)—It developed today that the little daugh-ters of A. Tschudi have the same heroto instincts as their father when it comes to catching criminals. Tschudi yester-day held up Sam Grosso at the point of a gun, after using his little daughter as

a decey.

A few days previous, it was learned today, Grosso followed the two little Tschudi girls home when their parents were away. The girls entered the house and Grosso attempted to follow. but one of the girls armed herself with an ax and the other with a hatchet and kept the man away. On the return of the father he slunk into the brush.

He had been lingering about the vi-cinity for several days before arrested and had made numerous attempts to persuade the little girls to leave the

SALEM, Or., June 28 .- (Special)-G. Rushlight, Mayor-elect of Portland, has submitted to Governor West his resignation as a member of the House of Representatives in the State Legisinture. Mr. Rushlight states that, while his term will not expire before the next session, there was a possibility of an extra session being called, and in that event he believed he would be holding

two public positions.
Mr. Rushlight, while elected at the last election, never served in the Legis-lature, falling to qualify for practically the same reason. At that time he was a member of the City Council of Port-land, and he believed if he qualified for the Legislature he would be disqualified for the Council.

TOWN OF MILWAUKIE SUED

Plan to Prevent Municipality From Improving Proposed Street.

OREGON CITY, Or., June 28—(Special.)—Seit was instituted today in the Circuit Court by Rose Whitcomb. Kate L. Charman, Dora Conklin, Hattie B. Wissinger and Robert Bonnet against the town of Milwaukie to prevent the officials of that municipality from proceeding with the improvement of a street along the lines proposed, upon the ground that the property of the plaintiffs would be irreparably damaged. Application is made for a temporary restraining order and the plain-

tiffs then propose to obtain a perma-

nent injunction.

Pive acres of land, known as the Milwaukie Tannery property, together with water power and dam, is involved in the suit. In 1884 the County Court established a county road along the north boundary of the property, prior to the incorporation of Milwaukie, and the plaintiffs aver that Mayor Streib and Councilmen John R. Kelso, W. F. Lehman, Warren Knight and C. T. Stockton pretended to pass an ordinance for the improvement of Harrison street and let a contract for the improvement to W. H. Counsell, including in the improvement all that part

provement to W. H. Counsell, including in the improvement all that part of the county road along the property of the plaintiffs, wrongfully designated as Harrison street.

It is charged that the Mayor and Counsilmen pretended to make a resurvey and relocate the north boundary of the Whitoomb donation land claim, in which the property is situated, and to resurvey and relocate that part of the county road so established along the north boundary of the claim by shifting the north boundary of the claim \$7.57 feet south of the true north boundary line, unlawfully encroaching
