

EXAMINATION OF CHILDREN URGED

Speaker at Medical Convention Says Cause Justifies Expense.

NEED DECLARED GREAT

Defects in Young Should Be Corrected, Maintains Speaker—Dr. Abraham Jacob, of New York, Is Elected President of Society.

LOS ANGELES, June 25.—Medical examination of school children—no matter what the cost—was strongly urged by Dr. Everett C. Beach, of Los Angeles, in an address before the section on preventive medicine of the American Medical Association today.

"A survey of the available statistics shows that there are very few cities in the United States giving complete physical examinations to school children; or even sufficiently complete to be of any assistance to the teachers in directing the activities of the child beyond the examination for sight and hearing defects." Such was the declaration of Dr. Beach in his report Dr. Beach among other things said:

"Physical examinations are conducted for the purpose of detecting variations from the normal that interfere with the mental and physical health, growth and development of the child.

Organisms Dealt With.

"We recognize that we are dealing with organisms subjected to the abnormal conditions of school life, that these organisms are constantly changing and apparently insignificant variations may lead us in a short time to such gross defects that their correction is difficult or impossible; and that the normal educative process is possible only when the physical and mental conditions of the child do not vary too widely from established standards recognized as the normal."

"Evidence at hand shows that large numbers of defects are present in every school. The detection of these variations can be accomplished only by careful examination."

"A careful comparison of results obtained by the boards of health and the City Boards of Education shows that the greatest benefits are obtained where the preliminary examinations are made in the grammar school by the teachers."

Expense Is Justified.

"The expense necessary in establishing a thorough system of examinations has been a serious objection. A careful study, however, shows that it is even more expensive to neglect this work."

"In view of the facts revealed by a study of present conditions, it is felt that a simple, efficient, and uniform standard of methods is desirable."

"It is recommended that each child be given a physical examination each year and that the examination be sufficiently thorough to detect defects that interfere or are likely to interfere with the health, growth and development of the child."

Dr. Abraham Jacob, of New York, was elected president of the American Medical Association today. Dr. W. Jarvis Barlow, of Los Angeles, was chosen first vice-president. The two others are Dr. F. M. McRae, of Atlanta, Ga., and Dr. W. R. Tipton, of Las Vegas, N. M. Dr. Alexander Craig was elected secretary and Dr. Philip F. Jones, San Francisco; W. T. Searles, Sparta, Wis., and Philip Marvel, of Atlantic City, trustees.

where Mr. Gile was connected with the Wells-Fargo Express Company, and then removed to Denver. In that city Mrs. Gile joined the Baptist Church. Mr. Gile was appointed general agent for the Wells-Fargo and American Express Companies at Nebraska City, and there they resided after leaving Denver until removing to Salem 23 years ago, where they resided ever since.

Mrs. Gile was of Scotch parentage and one of 11 children. She was a woman of many activities and in her lifetime, as she was in the duties of her home. Her last illness was practically her only illness.

The choir of the First Baptist Church, of which she had been a member for 20 years, sang at her funeral. Mr. Gile, who survives her, is one of the leading merchants in the Willamette Valley, and is also president of the

Charles W. Hammond, Who Says He Killed Edward Barhydt in Self-Defense.

SLAYER WAIVES HEARING

HAMMOND CHARGED WITH KILLING BARRHYDT.

Prisoner Is Bound Over for Trial in Superior Court—Deed Alleged Done in Self-Defense.

VANCOUVER, Wash., June 25.—(Special.)—Charles W. Hammond, captured in Portland yesterday by Detectives Day and Hyde, and brought to Vancouver last night, waived preliminary hearing at noon today, before G. L. Davis, Justice of the Peace, and was bound over to the Superior Court, without bail, charged with the murder of Edward C. Barhydt, on or about May 31, 1911.

Ira Cressap, County Sheriff, who had gone to Tacoma, where the parents of Hammond live, returned today, when he learned of the capture in Portland. He has been working incessantly on the case, as he was hoping that Hammond last night, waived preliminary hearing at noon today, before G. L. Davis, Justice of the Peace, and was bound over to the Superior Court, without bail, charged with the murder of Edward C. Barhydt, on or about May 31, 1911.

POWER COMPANIES AT WAR

As Result, Hood River Folk Will Get Light at Low Rates.

HOOD RIVER, Or., June 25.—(Special.)—According to announcements of reductions in charges to be made by both the Pacific Power & Light Company and the Hydro Electric Company, which is planning to begin at once the installation of machinery and the construction of dams at its power sites, Hood River will soon benefit from a much reduced rate for lights and power.

The Pacific Power & Light Company, with the approval of the State Railroad Commission, has announced sweeping reductions, beginning July 1, in all the cities in which it has plants. Although the amount of the reduction has not been made public, it will not meet that to be made by the Hydro Electric Company, declares N. C. Evans, one of the chief stockholders of the new company. Mr. Evans asserts that the Hydro Company will be able to develop much power at a very slight expense after the cost of machinery is deducted.

OWN NET TRAPS FISHERMAN

Three Boats Capsize on Columbia Bar; Entangled Man Drowns.

ASTORIA, Or., June 25.—August Williams, a boat puller employed by John W. Holmstrom, fishing for the Union Fishermen's Co-operative Packing Company, was drowned when the boat capsized this afternoon near the end of the jetty at the mouth of the Columbia River. Holmstrom was saved by Captain Wicklund and the Point Adams Life Saving crew, but Williams became entangled in his net and died like many of the fish he had caught. Two other boats were caught in the breakers and only hard and quick work by the lifesaving crew saved the lives of the fishermen in them. A heavy sea was running and breaking in six fathoms of water.

RAIN WORRIES FRUIT MEN

Danger to Ripening Cherries Is Seen in Long Downfall.

SPRINGFIELD, Or., June 25.—(Special.)—Cherry growers are worried over the continued wet weather and fear that crops will be injured if the rain continues. The cherries are practically ripe and are ready to be picked. Active picking will begin in most of the yards next Monday unless the rain interferes.

The crop this year is reasonably heavy and of an unusually good quality. The effect of the rain will be at first to crack the ripe cherries and later to mildew them. It is difficult to pick them when the trees are wet.

RAILWAY TO CARE FOR PARK.

ALBANY, Or., June 25.—(Special.)—The Depot Park at this city will be maintained hereafter by the Southern Pacific Company. The park was established by the Ladies' Auxiliary of the Albany Commercial Club, under whose direction the ground was laid out in an attractive form and grass, trees and shrubs planted. The railway company will place a man in charge to care for the park, which adjoins the union depot here.

Salem Plans Celebration.

SALEM, Or., June 25.—(Special.)—Arrangements are being made here to celebrate the Fourth of July at Salem Heights, just south of this city. Numerous sports are contemplated and Judge P. H. D'Arcy has been selected to act as the orator of the day.

Canby to Have Celebration.

CANBY, Or., June 25.—(Special.)—Plans are completed for the big Fourth of July celebration at the Canby fair grounds Tuesday. Henry S. Westbrook, of Portland, will be orator of the day. Canby and the Chemawa Indians will play ball in the afternoon.

CUMMINS ASSAILS RECIPROcity BILL

Measure Declared to Give Option to Canada of Rejecting One-Half.

OTHER SENATORS DIFFER

Iowan Holds Statute Is Improperly Drawn as Tariff Measure. Effort to Obtain Adjournment Is Unsuccessful.

WASHINGTON, June 25.—Senator Cummins continued his arguments against Canadian reciprocity before the Senate tonight, but did not conclude. He attacked the measure from the standpoint not only of its alleged injustice and political expediency, but on the ground that it was not properly drawn as a tariff law.

If passed in its present form, Cummins said, the agreement would give Canada the opportunity of recognizing one-half of it without accepting it all. This statement, explained in detail by the Iowa Senator, drew the attention of the Senate, many members questioning the interpretation thus put on the bill as sent to Congress by the President.

Cummins said the passage of the bill would be followed by a storm of disapproval against which the Republican party could not stand. He said it would be accepted as a purely agricultural measure and that Congress had determined that they were not entitled to the same consideration that is given to other measures.

Cummins said he believed in tariff revision. "But mark my words," he said, "the people of this country, with unerring judgment and intelligence, would know who is responsible for putting the farmer into free and unlimited competition in what he sells, while still protecting the things that he buys."

Because many Senators who desire to address the Senate on the reciprocity bill have not yet prepared their speeches, an effort was made early in the day to obtain an adjournment of the Senate until Saturday, with the understanding that there should then be a meeting for the purpose of taking an adjournment until Wednesday, July 5.

The friends of the bill, however, resented all importunities and declared the daily sessions must continue, if for no other reason than to reveal the situation to the House. There is an understanding, however, that on Saturday the Senate will adjourn until Wednesday to permit Senators to participate in Fourth of July exercises. On Wednesday there will be a motion for 10 o'clock meetings thereafter and hope was expressed by pro-reciprocity Senators that they will result in rapid disposal of the volumes of oratory standing in the way of a vote.

ZIONISTS ARE RUFFLED

Teacher's Libel Suit Is Heard.

ASTORIA, Or., June 25.—(Special.)—The preliminary examination of Mrs. Opal Crecraft, teacher of the public school at Hamlet, on an information charging her with libel, was held in the Justice Court today and the defendant was held to await the action of the Circuit Court grand jury. The defendant was accused of writing a letter to Miss Jennie Lampl, containing statements derogatory to the latter's character and of reading the letter to a third party before sending it.

If the residents of New York City drank all of the milk that comes into the city each inhabitant would drink an average of seven barrels a year.

DOWIE'S SUCCESSOR FORBIDS HAREM SKIRTS.

Girls of Sect Who Allow Suits From Outside Are Warned by Leader—God's Word Cited.

CHICAGO, June 25.—Love, politics and hobbie skirts are hopelessly entangled in the latest edicts of Wilbur Glenn Voliva, overseer at Zion City, the North Shore community founded by the late John Alexander Dowie.

Voliva discovered that some of the young women of his faction are actually making love to young men in Zion who are opposing him. The overseer yesterday officially took the matter in hand and through "Leaves of Healing," official organ of his church, issued an order forbidding the young women of the church to associate with his enemies.

"If you want to wear hobbie or harem skirts, go live in a pond with toads and frogs, where you belong, you fools," writes the overseer. "The word of God calls for moderate dress, and there is no reason why Christian women should follow the dictates of foolish old women over in Paris.

"People of today will wear anything,

BASEBALL STAR TO TEACH

George Reiben, O. A. C. Graduate, Appointed Horticulturist.

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., June 25.—(Special.)—George Reiben, of Banks, Or., for three years a baseball star at O. A. C., is one of the first members of this year's graduating class to receive appointment at his alma mater. He has been named horticulturist for the Eastern Oregon Experiment Station at Tuleton. He was vice-president of the Agricultural Club at the college this year, a member of Delta Theta Sigma, E. O. C., and the Agnetian Literary Society.

Another graduate to receive appointment at the college is Leslie Beatty, of Walkerton, Ind., who has been made foreman of the Umattila Experiment Station. He was also an athlete of some note, playing on his class wrestling, track, baseball and football teams. Besides being second lieutenant of his company in the regiment, and a member of the Jeffersonian Society.

FAMOUS PAINTER DIES

Paul DeLongpre, Noted for Flower Pictures, Succumbs.

LOS ANGELES, June 25.—Paul DeLongpre, the famous painter of flowers, died at his home in Hollywood tonight of a complication of diseases from which he had suffered for the past two years.

DeLongpre was born in Lyons, France, in 1856.

Knights of Columbus to Meet.
