

Morning Oregonian

VOL. LI— NO. 15,789.

PORTLAND, OREGON, TUESDAY, JULY 4, 1911.

PRICE FIVE CENTS.

MISSIONARY HOST INVADES PORTLAND

International Convention Begins Today.

6000 DELEGATES EXPECTED

Noted Christian Church Leaders to Speak.

GOVERNOR WILL WELCOME

Special Trains Bringing Large Number of Persons Arrive Here and More Will Come Today—Programme Is Varied.

That 6000 delegates will register for the International Missionary Convention of the Christian Church at headquarters in Grace Methodist Church here this week is the belief of T. J. Pison, secretary of the Portland committee, who said yesterday this number would include those who have been attending the State Convention, which closed last night at the First Christian Church, and the delegation of 50 from Southern California, that came in early yesterday on the steamer Rose City.

The Cincinnati delegation, numbering 150 persons, came in yesterday on the first section of the Rose City special, leaving the train at The Dalles and completing its journey by boat. An equal number is expected to come from Cincinnati on the second section of the special, which will arrive today. Another special, coming from Kansas City, reached Portland yesterday with 200 persons. Other delegations represent Alabama, Georgia and the Southern states.

Booths Are Made.

Grace Methodist Church at Twelfth and Taylor streets will be the headquarters of the administrative and reception committees during the convention. Booths for the registration and information bureau, postoffice, headquarters of the various missionary societies and their exhibits, ladies' rest-rooms and the offices of the various committees have been fitted up.

The meetings during the convention will be held in the White Temple and in the First Presbyterian Church. It has been arranged to hold services at these two places simultaneously. The speakers will interchange pulpits and will repeat each of their addresses, so that those who are not able to gain access to one of the churches may hear the same address at the other church. The daily sessions in the White Temple will be held in the main auditorium and the basement of the building will be given over to exhibits of various societies and publishing-houses.

Committees Are Enlarged.

Yesterday was devoted to preparation for and to the reception of the incoming delegates. "This work has assumed such proportions," said Rev. Mr. Ghorntley, "that we have been obliged to increase the membership of each of our original 14 committees from four or five to between 20 and 30 members."

The formal opening of the convention will be held in the White Temple tonight, the joint introductory services being presided over by Rev. W. F. Reagor, pastor of the First Christian Church.

Prominent men from the different National societies who arrived in Portland yesterday and who will take important parts in the programme of the coming week are: A. McLean, president of the Foreign Christian Missionary Society; F. M. Raina, secretary, and E. W. Allen, secretary, all from Cincinnati; Grant K. Lewis, of Cincinnati, secretary of the American Missionary Society; and Robert W. Hopkins, of Lexington, Ky., Bible school secretary in the American Society; G. W. Muckley, of Kansas City, Mo., secretary of the Board of Church Extension; A. L. Orcutt, of Indianapolis, president of the Board of Ministerial Relief, and treasurer of the American Temperance Board; and W. E. M. Hackleman, of Indianapolis, a hymn writer and singer of National prominence.

Many Organizations Take Part.

The organizations represented in the convention are: The Christian Missionary Society, the Foreign Christian Missionary Society, the Christian Woman's Board of Missions, the Board of Church Extension, the Board of Ministerial Relief, the National Board of Christian Evangelists, the National Board of Christian Education, the American Temperance Board, the National Board of Christian Endeavor and the Council on Christian Union.

The programme for the sessions today and Wednesday follows: Tuesday morning, 10 A. M.—Annual meeting Christian Women's Board of Missions; 2 P. M., annual meeting board of managers Foreign Christian Missionary Society; 3:30 P. M.—annual meeting board of managers American Christian Missionary Society; 7:30 P. M., sacred concert, C. H. Hoggart, leader; 8:00 P. M., devotional service led by C. F. Stevens, of Spokane, Wash.; 8:20 P. M., remarks by chairman W. F. Reagor; 8:30 P. M., address of welcome by W. R. Hinson, D. D., of Portland; 8:40 P. M., address of welcome in behalf of the State of Oregon by Governor West; 8:50 P. M.,

NORTHWEST CRIES FOR 2-BIT PIECES

BANKS ASK TREASURY DEPARTMENT FOR SMALL CHANGE.

With Harvesting Season Here, They Are Shy on Silver—Transportation Cost Stumbling Block.

WASHINGTON, July 3.—A famine of silver coins is threatened in the North Pacific States and banks in Oregon, Washington and Montana are appealing to the Treasury Department to ship dollars, quarters and half dollars to relieve the situation.

Congress has not made an appropriation for transporting the coin and Treasury officials say they cannot come to their relief unless Congress takes some action.

The Treasury formerly paid for such transportation and saves about \$300,000 a year by not doing so now.

"There always is a scarcity of silver in the banks of the Pacific Northwest at this season of the year," said J. L. Hartman, manager of the Portland Clearing-House Association, last night. "This is due to the fact that unusual demands are made on the banks for money for harvesting purposes and the need is greater for silver than for gold or currency."

"Our association has called this situation to the attention of the members of Oregon's delegation in Congress in the hope that the Treasury Department be directed to prepay the expense of transporting to the Pacific Northwest banks sufficient silver to take care of harvesting our big crops. We ask this concession for only three months."

TRESSES UPSET SAILBOAT

Young Girl Drowns When Sail Catches in Hair.

GRANTS PASS, Or., July 3.—(Special.)—After being captured in a sailboat and when a rescuer was within a few feet of her, Miss Mabel Whipple was drowned in the Rogue River here this afternoon. The drowned girl's sister Mary is engaged to Murray Neal, who was in the rescuing boat.

Miss Whipple, in company with James and Murray Neal, were sailing on the river when a gust of wind hurled the sail across the boat's beam, entangling the boom in the girl's hair. The craft upset and Murray Neal swam to shore and was returning with a row-boat when the Whipple girl sank. The body was recovered near the scene of the accident late this afternoon.

BRITISH TO OBSERVE 4TH

Two Workshops to Participate in Honolulu Celebration.

HONOLULU, July 3.—His Britannic Majesty's cruisers Kent and Challenger will remain in port tomorrow and will participate in the Fourth of July celebration here.

The British ships will salute the American flag with due form and ceremony in the morning and their officers will attend the official public reception and ball given by Governor Frear, of details of the port and American Army and Navy officers in the evening.

It is said that the salutes of the Kent and Challenger will mark the first time in history that a British ship has participated in the celebration of American independence.

MOTHERS TO JUDGE CASE

Jurist Invites Women to Determine Child Controversy.

TACOMA, Wash., July 3.—(Special.)—Superior Judge C. M. Easterday has decided to call three prominent club women of Tacoma to sit on the bench with him and hear the merits of a case that has been long in the local courts. The custody of an 18-month-old child is the stake for which Mr. and Mrs. Harper Trooper are fighting and Judge Easterday says he feels a mother could better decide whether Mrs. Trooper is a fit person to have the child.

He will not announce the names of the women selected until he has first consulted them to make sure each will consent to serve.

LANE WILL TRY CASE HERE

Questions Important to Transcontinental Carriers Involved.

WASHINGTON, July 3.—Commissioner Franklin K. Lane, of the Interstate Commerce Commission, departed today for San Francisco. He will be absent from Washington until October 1. Meanwhile he will hear cases at San Francisco, Los Angeles and Santa Rosa, Cal.; Portland, Or., and Tacoma and Seattle, Wash.

The cases involve questions important to all transcontinental carriers. They will not be determined until some time early in 1912.

CUPID HITS 16 IN DAY

Walla Walla Marriage License Record Broken Before Fourth.

WALLA WALLA, Wash., July 3.—(Special.)—Records in the marriage license department of the office of County Auditor Sweeney went by the board today, when eight permits for wedding bells were issued by Charles F. Dement, the official "Cupid" of the county.

This is the largest number of licenses issued in one day from the office of the County Auditor and establishes a record that may endure for some time, as five was formerly the top number.

JOE DAY LODGED IN SEATTLE JAIL

Portland Detective Runs, Is Caught.

1000 CHASE TWO SLEUTHS

Hyde, Hidden Behind Ash Barrel, Gives Self Up.

GRAND JURY WANTS BOTH

Visiting Police Members Hearing of Impending Arrest as Witnesses Take to Heels—Two Freed Under \$2000 Bonds.

SEATTLE, July 3.—Ex-Chief of Police Wappenstein was found guilty tonight of having accepted a bribe of \$1000 last August for permitting Gideon Tupper and Clarence J. Gerald to operate the Midway and Paris cribhouses in the Old King-street vice district.

The jury reported at 10 o'clock, after being out seven and a half hours.

SEATTLE, Wash., July 3.—(Special.)—Attention was diverted from Judge Ronald's courtroom, where Wappenstein's trial is on, this afternoon shortly before the jury retired, when word was passed that E. B. Benn, Wappenstein's brother-in-law, and Joseph Day and William H. Hyde, Portland detectives, who had been witnesses for the defense, had been placed in jail.

Two days ago John F. Murphy, Prosecuting Attorney, received orders from Judge J. F. Main authorizing the Sheriff to arrest Wappenstein's relative and the two detectives as witnesses wanted by the grand jury. Word of this had been whispered to Detective Day shortly before 3 o'clock, and Day, with his partner, Hyde, decided hastily to leave the courthouse. Their actions were observed by Crawford E. White, Deputy Prosecuting Attorney, who had the orders for their arrest in his pocket.

Sleuths Take Flight.

White ran at top speed to the Sheriff's office, placed the orders in the Sheriff's hands and pointed out the fleeing detectives just as they were disappearing down Seventh avenue toward Yesler way. Deputy Sheriffs Sam Klein and Herbert Boobe were instantly dispatched in pursuit.

As soon as Day and Hyde saw that they were pursued they jumped from their fast walk into a run, with the Deputy Sheriffs and 100 or so boys and dogs in sharp pursuit. Down across Yesler way, through back yards and alleys, the detectives rushed at top speed with the crowd increasing to about 1000 and the deputies gaining at every jump.

Hyde Abandons Day.

Hyde, seeing that Day, handicapped by his age, was out of breath and was sure to fall a captive to the younger and more fleet-footed deputies, started on ahead.

The hue and cry had now led from the top of Profanity Hill, where the

WAH YUT LONGS FOR FLOWERY HOME

WEALTHY CHINAMEN GIVES OLD MAN PASSAGE BACK.

Love for Child-Favorite of Oriental Colony Stays Pangs of "Whang Tay."

SPOKANE, Wash., July 3.—They call it a "whang tay" in Chinese and homesickness in English, the malady that is eating the heart and soul out of Wah Yut, aged 75, a Chinaman who spent his fortune, made in a commission house of Portland, Or., trying to make a success of a placer mine he thought he found on the Columbia River near Entiat Rapids.

The Gee, Eng Hong and other wealthy Spokane Chinese merchants, made up a purse to send the old man back home. They feared he would go insane longing for the Flowery Kingdom and a glimpse of the old home. He will not talk, eat and cannot sleep. They arranged with the immigration authorities at Seattle for his return passage and gave Wah Yut enough to take him home.

Now the old man refuses to go, after his trunk was packed and his ticket bought. The Chinamen say he does not want to leave little Mong Hong, the 3-year-old daughter of Eng Hong, the child-favorite of the Chinese quarter. She is the old man's best friend. He does not want to stay in Spokane and will not go back to China.

Arrangements will be made to send the homesick man to Portland or to a hospital.

MARION HIGHWAY ASSURED

Ex-Mayor of Salem Hopes Rail Lines Will Aid.

SALEM, Or., July 3.—(Special.)—"As far as Marion County is concerned the proposed highway from Salem to Portland is certain, if we can secure the co-operation of the other two counties," said ex-Mayor George F. Rodgers today, who is the Marion County member of the committee appointed by Governor West to promote the proposed highway.

"The only difficulty that confronts us is the question of transporting material. Otherwise the construction of such a road with the aid of convict labor is a comparatively simple affair."

"My plan is to secure the co-operation of the Southern Pacific and Oregon Electric to transport material at cost and as these roads strike the proposed highway at a majority of its important points the difficulty may thus be materially decreased. In Belgium railroads are required to transport materials in this manner as I understand it."

The International Roads Congress.

REDMEN HAVE BIG REVIVAL

Indians From Three States Travel to Unique Campmeeting.

LEWISTON, Idaho, July 3.—(Special.)—The biggest Indian campmeeting ever held in the Northwest began yesterday near Winchester, Idaho. Under the leadership of Rev. James S. Hayes efforts will be made to convert the redmen to the Christian faith at a series of revival services. Most of the tribes of Idaho, Washington and Oregon, with a few from British Columbia, have delegates at the campmeeting.

The assemblage will be exclusively for Indians, and Indian ministers will preach. A year ago the Government gave the tribes 640 acres of timber land, which they were to clear and use as they saw fit. This they have done, making of the land the present camping grounds.

Bogota Consulate Closed.

BOGOTA, July 3.—The American Consulate here was permanently closed today. Charles H. Small, of Missouri, ex-Vice-Consul in charge, has been transferred to Guatemala City.

MERCURY 100, TAFT SPEAKS ALL DAY

Heat to Sane Fourth Subjects' Range.

INDIANAPOLIS IS HOST TODAY

President Urges Three Pet Measures, at Marion.

ARBITRATION IS BOOSTED

Old Soldiers Hear Chief Executive Declare That Peace Plan Would Have Prevented Most Wars of Nation.

MARION, Ind., July 3.—With the temperature in his private car above the 100 mark, for hours at a time, President Taft hurried through Ohio and Indiana today.

He began speaking from the rear platform at Cleveland after breakfast and did not get through until 6 o'clock.

He ended with two addresses at the National Home for Disabled Volunteer Soldiers here. The President spoke of war, but more of peace and arbitration, to the veterans.

To the bankers and editors of the 11th Congressional district, he talked about the Aldrich plan of currency reform.

Ho Is in Indianapolis Today.

At Indianapolis tomorrow he expects to talk of the third—the most important measure—of the Administration—reciprocity with Canada.

On the way over from Cleveland, the President made nine rear-platform talks. Sometimes he talked about the heat and at others he argued for a "safe and sane Fourth," and once in a while turned to prosperity and Canadian reciprocity.

To the old soldiers, the President declared that all of the wars waged by this country, except the War of the Revolution, and possibly the Civil War, could have been settled without bloodshed through arbitration.

Intervention Is Cited.

No less than five times, said the President, has the United States intervened between South and Central American countries and by peaceable persuasion averted war.

The speech to the bankers and editors was in the nature of a reiteration of his address to the New York State Bankers at Manhattan Beach.

Mr. Taft is the first President to visit Marion after his assumption of office, and thousands of people turned out to see him.

Veterans Hear Taft.

In the course of his speech to the veterans, the President said in part: "I am far from saying that war has not in times past accomplished much in the progress of the world. Whether the same progress might have been achieved in a more peaceable way, it is unnecessary to discuss. Probably not."

"It was by war that this country gained its independence of Great Britain. If England had been better advised, war probably would not have ensued and we might now, as in the

CALM JUDGES SHY AT WOMEN JURIES

CALAMITY IS FORETOLD IN MIXED-SEX VENUE.

Washington Jurists Stand Appalled at Thought of Trial by 12 Suffragists.

SPOKANE, Wash., July 3.—(Special.)—Since Eve muddled up the Garden of Eden man has but seldom been given a harder problem to unravel than the women jury tangle now before the Superior Court judges. The judicial calm of the five judges has been split by worry over what to do with the women who will be called to serve when court convenes next September.

What provision shall be made to keep a jury of men and women together in felony cases until they shall all agree? Will there be a battle if 12 women are selected to try a case and six disagree with the other six?

"Nothing to say for publication," was the answer of Superior Judge E. H. Sullivan.

Presiding Judge H. L. Kennan, who cracks almost 100 legal nuts a day for fugitives in the Superior Court, is as silent as the Sphinx when it comes to the women question.

Kennan smiled and opened the 1911 session laws "relating to service of jurors in the Superior Courts."

"It's all there as plain as print," he said. "Just read it."

It read: "Any woman desiring to be excused from jury service may claim exemption by signing a written or printed notice thereof and returning same to the Sheriff before the date for appearance, and if exemption is claimed by reason of sex, no fee shall be allowed for her appearance."

WOMEN SHOP ON PAVING

Fair Vancouver Residents Seek Discount for Prompt Payment.

VANCOUVER, Wash., July 3.—(Special.)—Bargain-counter tactics were hinted at the City Council meeting here tonight when Mrs. John H. Jagsy, Mrs. Hammond C. Funk and Miss Ida Bolms invaded the chamber to learn if a discount would be allowed by the city on the paving assessments of East B street. The women informed the Councilmen that they had heard that 15 per cent would be stricken from the expense of the street surfacing if payment was made at once.

Questions were volleyed at the Mayor, who referred the women to the City Engineer and the City Engineer in turn sent them to the City Clerk. Finally the City Clerk referred the women to the City Attorney, who read a section of the city charter and concluded his remarks with a promise to take the fair petitioners out to the section of the street, which has already been paved, to prove his assertion that the surfacing was up to standard.

LINOTYPE RUN BY HAND

Grindstone Furnishes Power in Newspaper Plant.

VANCOUVER, Wash., July 3.—(Special.)—Antiquated methods were resorted to here today when an afternoon paper, without electricity to drive its plant, pressed into service William Bowes, a pressman, and Lee Lewis, a reporter, to furnish the power with which to operate a linotype machine.

A large-sized grindstone was secured from a local machine shop, a wheel was put on one end of the shaft and a large crank on the other. The important news of the day was "ground out" in this fashion. At the regular time for the paper to go to press, the power company succeeded in making connections with Portland, and electricity was turned on.

Moving-picture shows were closed and business houses and hotels used candles, lanterns and a few lamps.

HITCHCOCK "HIGH CHIEF"

Postmaster-General Ranking Official in Washington for Fourth.

WASHINGTON, July 3.—Postmaster-General Hitchcock will hold down the Government "lid" tomorrow, President Taft being away on his Indiana trip and the other members of the Cabinet spending the Fourth out of the Capital.

The Navy Department, Rear-Admiral Twining, chief of the ordnance bureau, is acting as chief for the Secretary, for the first time, all of the officers ranking him being temporarily absent.

PANAMA MONEY COMES IN

\$18,000,000 Paid in on Bonds; Small Investors Get Share.

WASHINGTON, July 3.—Precedents from the sale of the new Panama 3 per cent bonds are beginning to come into the Federal treasury, about \$18,000,000 of the \$52,000,000 to be realized having been paid in today.

Bond dealers and financial houses which took large blocks of the issue are splitting them up and delivering to small investors.

MAN EATS TORPEDO; DYING

Resident of Chicago Mistakes Explosive for Candy.

CHICAGO, July 3.—Mistaking an ornate Fourth of July torpedo for a piece of candy, Simon Fisher, 46 years old, began chewing it.

The ensuing explosion blew away his jaw, inflicting a fatal wound.

MURDER SUSPECT SHOT IN HIS CELL

Assassin Sends Bullet Through Window.

ABANDONED RIFLE ONLY CLEW

Missile Is Sped From Court-house, 30 Feet Away.

PARTNER THREATEND HIM

Prisoner Held on Charge of Having Killed Two Little Daughters of Fellow Prospector While Bathing in Salt River.

GLOBE, Ariz., July 3.—Kingley Olds, the prospector accused of murdering Lulu and Myrtle Goswick, the young daughters of his mining partner, who were found drowned in the Salt River 30 miles from here June 25, was instantly killed at daylight today as he lay sleeping in his cell in the County Jail here by a shot fired from a window in the County Courthouse, 30 feet away.

The murderer escaped, leaving the rifle by the window from which the shot was fired.

Confusion reigned for some time after the shot rang out and when the officers finally ascertained its source, no trace of the assassin could be found. It was discovered that he had gained entrance to the building in the night with keys belonging to the janitor.

Brother to Investigate.

The coroner's jury this afternoon could find no evidence as to who fired the fatal shot, which ranged downward through the lung. A brother of the murdered man arrived tonight and will begin an investigation.

Olds was found on June 24 by cowboys with his jaw shot away, making his way to Globe from the Salt River. He was unable to talk, but wrote that while in bathing in the river with the little girls, who had accompanied him to Globe from their father's ranch, he had been shot by a Mexican or Indian. He had fallen unconscious, he said, and did not know what had become of the girls.

Their bodies were found in the river the next day. The posse found no trace of the person alleged by Olds to have shot him, and it was believed that he had attacked the girls and drowned them to cover his crime.

Vengeance Sworn by Father.

The bodies, when found, however, were examined by the coroner, and bore no trace of violence and showed no cause of death save drowning.

Weston Goswick, father of the girls, was disarmed the day of his daughters' death as he was coming to Globe with the avowed intention of killing Olds. The latter was then in the County Hospital, but was that night removed to the jail for safety against possible mob violence. Later the charge of murder was placed against him. He then confessed that he had shot himself in an attempt at suicide.

LOGAN BERRIES COMING IN

Rains Help Crop Near Gervais, Though Yield Will Be Short.

GERVAIS, Or., July 3.—(Special.)—The Logan berry season has begun and several small shipments have been made from this vicinity. The larger yards are preparing to begin harvesting on Monday July 5. The 16-acre field of S. H. Brown, just east of town, with several smaller tracts near Gervais, will use an extra express car daily during the season.

The yield will be good, but not so many berries will be harvested this year as last. Hundreds of women and children will be employed in the fields to pick the crop.

The late rains have benefited the late-sown grains greatly, and the prospects for a bumper crop in cereals was never better. While considerable clover and vetch hay was cut before the rains, little damage will result.

The hop crop a short time ago looked discouraging, but since the rains the vines have made a wonderful growth, and while the crop in this immediate vicinity will be short, it will be larger than was first estimated. Late potatoes are coming up in fine shape and a very heavy yield is predicted.

WOMAN LIGHTKEEPER DIES

Mrs. Williams, 85, Who Kept Beacon Lit 40 Years, Dead From Fall.

SANTA BARBARA, Cal., July 3.—After six years of suffering, the result of injuries received while tending the light which nightly for 40 years she had set as a beacon for mariners, Mrs. Julia F. Williams is dead at a hospital here.

She was the first woman lighthouse-keeper appointed on the Pacific Coast and from the time she took charge of the lighthouse here in 1865 she was on duty continuously until six years ago, when she fell off the tower. Mrs. Williams was 85 years old.
